SCHOOL BOARD MEMBER PROVISIONAL APPOINTMENT APPLICATION
Additional Information

Application of: Cristina Mathers Date: 11/22/2021

1. Have you served on or do you currently serve on any community commission, committee or other type of board or in any other publicly elected office? If so, which of these and dates served?

No.

2. Do you hold any other public office or have any business relationship with the district that might constitute a potential conflict of interest with service on the Board? If so, please list the public office or business relationships so we can verify your eligibility for office, if you wish.

No.

3. Have you participated in any school, city, or community activities or committees recently? Please list and explain.

I serve in the children's and women's ministry at my church. When my children participated in theater and dance at Paso Robles Youth Arts Foundation, I was a frequent parent volunteer. I am also currently assisting in a Christmas theater production at First Baptist Church in Paso Robles.

4. Briefly explain your reason or interest in becoming a school board member.

In this time of political and social division I feel strongly led to step forward and be part of the solution. I would do so while representing families and the community but most importantly the students who have faced such adversity in the last few years. It is critical and possible to reach a solution and to do so with fairness, compassion, and common sense.

5. What do you see as the basic purpose of the public schools?

The purpose of public schools is to provide an academic education to all students while practicing transparency to keep citizens and taxpayers fully informed.

6. What is the role of the school board in the fulfillment of that purpose?

To fulfill this, I believe that trustees should be active listeners to parents, students, and staff as well as the community while working together to achieve common goals and uphold educational code.

7. What should be the relationship between the board members and the administration in the handling of school concerns?

The board should work in conjunction with administration to handle all school concerns in a confidential way that is in the best interest of the student and the school while upholding the local and educational codes.

8. What is the single most critical issue facing the District in the immediate future and how would your background and experiences help the District to meet this challenge?

A critical issue that I see is a lingering spirit of division as well as a declining enrollment. I would use my experience as a local business owner, a long time (former) school employee and even as a parent to promote unity and fairness among the district. I would also focus on the positive success stories of students to help build enrollment. I believe doing so would be the start of correcting those issues.

9. What do you see as the strengths of PRJUSD?

PRJUSD has many strengths. I appreciate the diverse campuses across our city that provide a variety of programs to our students and families. I find great strength in the CTE program and know many students who have benefited from enrollment in the program. Another strength is the variety of honors and dual enrollment classes which my own children benefit from greatly.

10. What do you see as the area(s) most needing improvement in PRJUSD?

I think that PRJUSD has had a challenging few years. Trust, transparency, and reduction in staff turnover is critical right now. As I mentioned, enrollment could also be improved upon. I believe that continuing to foster trust and unity among students, parents, staff, and the community will greatly help these issues.

11. Additional information or remarks you believe are relevant to this appointment:

My family has been in the north county for 20 years. We chose the north county to raise a family because the small-town feel, and the sense of community resonated with us. I feel confident my experiences as a parent, business owner, and as a woman with a complicated ethnic background have cultivated strong values and morals that I take pride in. I feel that first and foremost I am fair, an active listener and compassionate communicator and care deeply for the children of our community. Should I be appointed as a trustee I would do my absolute best to serve the students, parents, staff and community with such fairness, kindness and consideration to all.

12. Can you commit to attending the following meetings beginning at approximately 5:00 p.m.?
