2015-2016 School Accountability Report Card

I. DATA AND ACCESS

SARC Data

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the new Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

Additional Information

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

II. ABOUT THIS SCHOOL

School Description and Mission Statement (Most Recent Year)

Terra Linda is a comprehensive high school serving students in grades 9-12 in the San Rafael City Schools High School District. The campus occupies 29 acres in a serene, residential area off Manual Freitas Parkway in northern San Rafael. Students who typically attend Terra Linda High School include graduates from Miller Creek Middle School (part of the neighboring Dixie Elementary District), Venetia Valley K-8, and Davidson Middle School, although students from other areas in San Rafael also attend. This is due to an open enrollment policy in the San Rafael High School District that allows students from anywhere in San Rafael to choose either of the two high schools in the District.

At Terra Linda High School, a well-trained and highly qualified group of professionals are committed to ensuring all students achieve at high levels. Terra Linda High School last completed its accreditation process through the Western Association of Schools and Colleges (WASC) during March 2013 and received a six-year accreditation through March 2019.

The Terra Linda community has a tradition of innovation and excellence, and it has continued this tradition through a strong focus on preparing all students for success in postsecondary opportunities in college and careers directed by the school leadership team that strongly supports this new vision. All students have access to the core curriculum, which includes English, math, social sciences, and science. Students are encouraged to develop a six-year plan for their high school education when they are in the eighth grade in middle school. Students follow a modified block schedule allowing students to take six or seven classes a year. Students wishing a greater challenge are encouraged to enroll in the Honors and Advanced Placement courses.

II. ABOUT THIS SCHOOL

Student Enrollment by Group (School Year 2015-2016)

This table displays the percent of students enrolled at the school who are identified as being in a particular group.

Group	Percent of Total Enrollment	Group	Percent of Total Enrollment
Black or African American	2.4%	Two or More Races	1.3%
American Indian or Alaska Native	1.4%	Other	0.8%
Asian	6.8%	Socioeconomically Disadvantaged	35.6%
Filipino	1.4%	English Learners	13%
Hispanic or Latino	40.3%	Students with Disabilities	10.2%
Native Hawaiian or Pacific Islander	0.4%	Foster Youth	0.6%
White	45.2%		

III. CONDITIONS OF LEARNING

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials (Three-Year Comparison)

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence.

Teachers	School			District
	2014-2015	2015-2016	2016-2017	2016-2017
With Full Credential	51	56	62	142
Without Full Credential	0	0	0	0
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	0

Teacher Misassignments and Vacant Teacher Positions (Three-Year Comparison)

A "teacher misassignment" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. A "vacant teacher position" is one in which a single designated teacher has not been assigned to teach an entire course at the beginning of the school year or semester. This table displays the number of teacher misassignments and vacant teacher positions for the most current three-year period. Note: *Total Teacher Misassignments* includes the number of *Misassignments of Teachers of English Learners*.

Indicator	2014-2015	2015-2016	2016-2017
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

III. CONDITIONS OF LEARNING

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2015-2016)

The Federal Elementary and Secondary Education Act (ESEA) of 2005-2006 requires that core academic subjects be taught by Highly Qualified Teachers (HQT), defined as having at least a bachelor’s degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. This table displays the percent of classes in core academic subjects taught by and not taught by Highly Qualified Teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High-poverty schools are defined as those with student eligibility of approximately 40% or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39% or less in the free and reduced price meals program. For more information, see the *Improving Teacher and Principal Quality* Web page at <http://www.cde.ca.gov/nclb/sr/tq>.

Quality and Currency of Textbooks and Instructional Materials (Most Recent Year)

Curriculum development is a district-wide effort. Teachers and administrators from all subject areas form working committees to draft recommendations on courses of study, appropriate textbooks, and other instructional materials.

The California Department of Education has determined textbook selection and adoption schedules. The district follows the state schedule for these adoptions and has purchased textbooks from the most recent state-approved lists. All approved instructional materials are aligned with California content standards for core academic areas.

The High School District Curriculum Advisory Council, composed of administrators, teachers, counselors, students, and parents representing each school in the district, reviews curriculum recommendations and revisions for all courses of study, appropriate textbooks, and other materials utilized in the support of the instructional program.

The Curriculum Council recommendations are forwarded to the Board of Education for final approval. This is an ongoing process, assuring that all textbooks and instructional materials are systematically reviewed, updated, and supplemented.

Due to the nature of high school, with different subjects being taught at different grade levels, the list of textbooks and resources is too numerous to include here. **A comprehensive list of textbooks and instructional materials for each grade level is available for review in the San Rafael City Schools District Office and on the district website at www.srcs.org/hscourses.**

III. CONDITIONS OF LEARNING

Availability of Textbooks and Instructional Materials (Most Recent Year)

With textbook funding assistance from the state and other sources, the district has been able to purchase sufficient materials to provide one textbook per student in all core subject areas. The Board of Education last approved the sufficiency of textbooks and instructional materials for the San Rafael City Schools High School District on October 10, 2016.

School Facility Conditions and Planned Improvements (Most Recent Year)

At Terra Linda High School, the campus is orderly, and students feel safe on campus before, during, and after school. District and school staff work as partners with the San Rafael police and fire departments to maintain a safe community environment. Two campus supervisors patrol the campus before, during, and after school, providing guidance to students and making sure no unauthorized persons are on campus. A School Resource Officer works collaboratively with the administrative, counseling, and school security teams to provide students additional support and resources.

District and school policy require that during the school day all guests to the campus check in at the school office and obtain a visitor pass to identify them for security personnel and all staff and students. Students from other schools are not allowed on campus during the school day, unless participating in an eighth grade shadow program on select dates. Surveillance cameras are set up in hallways, and in other key areas both inside and outside of the school. In addition, selected school staff wears name tags for easy identification.

The physical quality of the school campus influences teaching and learning. The Campus Beatification Committee has received support from local landscapers and parent volunteers for years. The campus beatification team brings together students, parents, and community businesses in improving the school facility and meets monthly with district maintenance personnel and the Chief Business Officer.

Terra Linda High School was established in 1960. The school has a total of 76 classrooms (74 permanent and two portable). With monies from voter-approved school bond measures and state modernization funds, Terra Linda High School underwent multiple phases of modernization that began in 2002 and were completed in 2008. Improvements have included modernization of all classroom wings, vocational arts buildings, student services areas, cafeteria/quadrangle area and outdoor amphitheater, locker rooms and showers, library/media center, construction of a new performing arts center, improvements to the athletic fields, and ADA access site improvements.

The district strives to ensure that all schools are clean, safe, and functional. All bathrooms, classrooms, and offices are cleaned daily. Students are encouraged to help keep the campus clean by recycling. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An on-line maintenance order request process ensures efficient service and that emergency repairs are given the highest priority.

The state's School Deferred Maintenance Program, which provided state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components, became inoperative effective July 1, 2013. However, the district continues to make an annual contribution to support capital improvement projects, including deferred maintenance projects.

San Rafael voters approved Measure B in November 2015 to fund capital facilities projects to improve our school facilities. Measure B provides \$161 million to update: San Rafael High School, Terra Linda High School and Madrone High School.

III. CONDITIONS OF LEARNING

School Facility Conditions and Planned Improvements (Most Recent Year)

Over the next eight years, SRCS' bond program will provide much needed capital improvements to our facilities to create safe, innovative learning environments and to provide instructional technology to support 21st century learning. Additional classrooms, labs and equipment will reduce over-crowding in our schools and will meet the growing demand for hands-on science, technology, engineering, arts and math (STEAM) classes.

School Facility Good Repair Status (Most Recent Year)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

IV. PUPIL OUTCOMES

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Statewide Student Assessments

The Standardized Testing and Reporting (STAR) Program was last administered during the 2012-2013 school year. California’s new statewide student assessment system, the California Assessment of Student Performance and Progress (CAASPP), was established January 1, 2014 and first administered during the 2013-2014 school year. The CAASPP comprises the following assessments:

- Smarter Balanced Summative Assessments for students in the general education population for English language arts/literacy (ELA) and mathematics given in grades 3 through 8 and 11;
- California Alternate Assessments (CAAs) for ELA and mathematics given in grades 3 through 8 and 11. The CAAs have replaced the California Alternate Performance Assessment (CAPA) for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards (CCSS) for students with significant cognitive disabilities; and
- Science assessments including California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA), in grades 5, 8, and 10.

Note on ELA and Mathematics tests: results include both the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Note on Science tests: results include CST’s, CMA, and CAPA. The “Percent Proficient or Advanced” is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note on all tests: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes appear (—) when the number of students tested is ten or less.

CAASPP Test Results in ELA and Mathematics for All Students (Two-Year Comparison)

This table displays the percent of students meeting or exceeding the state standards on the CAASPP in the areas of English language arts/literacy and mathematics.

IV. PUPIL OUTCOMES

Career Technical Education Programs (School Year 2015-2016)

Terra Linda High School offers several programs that directly prepare students for work. The applied arts program teaches industrial and architectural design through computer-aided drawing (CAD). It also offers students the ability to build their designs in the wood shop. The music and drama programs prepare students for careers or further education in these areas. A Medical Assistant course at Terra Linda, which involves a partnership with Kaiser Permanente Medical Center, includes a year of study and a summer internship resulting in certification as a medical assistant. The school's auto shop program instructs students in auto repair and maintenance. A Careers Pathway Coach is supported through a Marin County grant, providing 0.4 FTE in release time to a certificated teacher. Career-based classes are open to all students and adaptations are made for students with disabilities. The school counselors, as well as the college and career center, are available to all students for college and career information. Students are counseled in career identification according to personal preferences and talents, colleges and technical schools that offer specific skills, and opportunities for internships in areas of student interest.

Career Technical Education Participation (School Year 2015-2016)

This table displays information about participation in the school's CTE programs.

Measure	CTE Program Participation
Number of Students Participating in CTE	275
Percent of Students Completing a CTE Program and Earning a High School Diploma	97%
Percent of CTE Courses Sequenced or Articulated between the School and Institutions of Postsecondary Education	50%

Courses for University of California and/or California State University Admission (School Years 2014-2015 and 2015-2016)

This table displays, for the most recent year available, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in, and completion of, courses required for UC/CSU admission can be found at <http://dq.cde.ca.gov/dataquest/>.

UC/CSU Course Measure	Percent
2015-2016 Students Enrolled in Courses Required for UC/CSU Admission	98%
2014-2015 Graduates Who Completed All Courses Required for UC/CSU Admission	35%

IV. PUPIL OUTCOMES

State Priority: Other Pupil Outcome

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject area of physical education.

California Physical Fitness Test Results (School Year 2015-2016)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the cumulative percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE Physical Fitness testing Web page at <http://www.cde.ca.gov/ta/tq/pf>.

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes appear (—) when the number of students tested is ten or less.

Grade Level	Cumulative Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

V. ENGAGEMENT

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (Most Recent Year)

The San Rafael City Schools would not be what it is today without the contributions of countless parents and guardians who give their time and expertise as volunteers and who share their financial resources to support the goals and aspirations of San Rafael schools.

Parents and guardians have the opportunity to play an active role in their child's school experience through a number of activities, including parent council, district and school English language advisory committees, parent teacher associations, district and school site committees, fundraising campaigns and special events.

At Terra Linda High School, opportunities for parent participation abound. One TL is the umbrella organization for our booster groups, including: Athletic Boosters, Academic Excellence, Music Boosters, Drama Boosters, Art Boosters, Site English Learner Advisory Committee, Scholarship Foundation, and Safe and Sober Grad Night. These active groups raise money and help run many of the school programs. Parents also have opportunities to serve on the Site Leadership Team, modernization committee, and curriculum advisory council, volunteering in the classroom, office, college and career center, library and other ways.

Parents are also made to feel welcome through various informational and community-building events, including back-to-school nights, ninth-grade orientation night, college information nights, financial aid night, eighth-grade parent nights, sophomore counseling night, winter concerts, and all of the plays, musicals, and other artistic and athletic performances.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

This table displays the school's dropout rates and graduation rates for the most recent three-year period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

Completion of High School Graduation Requirements– Graduating Class of 2015

Students in California public schools must pass both the English-language arts and mathematics portions of the CAHSEE to receive a high school diploma. This table displays, by student group, the percent of students who began the 2014-2015 school year in grade twelve and were part of the school's graduating class, meeting all state and local graduation requirements for grade twelve completion, including having passed both the English-language arts and mathematics portions of the CAHSEE or received a local waiver or state exemption. *Note: "n/a" means that the student group is not numerically significant. Until statewide student-level longitudinal data are available, data reported at the state level represent estimates.*

School Safety Plan (Most Recent Year)

Date Reviewed and Updated: August 30, 2016

Date Discussed with School Faculty: September 7, 2016

Terra Linda High School has a comprehensive school safety plan covering all aspects of planning for emergency response and student safety. This plan is based on and coordinated with the district and county emergency preparedness plans. The plan is reviewed with school staff at the start of the school year. The plan is updated annually to increase preparedness for any emergency, including storms, fire, earthquake, or intruders on campus. The school has staff members who are trained in cardiopulmonary resuscitation (CPR) and first aid. Additionally, the school has a defibrillator in the office. The entire staff has attended a demonstration on working the defibrillator. Disaster drills are held once a semester throughout the year. The school also participates in an annual county-wide disaster preparedness drill.

Key elements of the school safety plan include: school crisis team (assignments, responsibilities, supplies, and chain of command); emergency evacuation and lockdown procedures; forms; and telephone tree.

VI. OTHER SARC INFORMATION

The information in this section is required to be in the SARC but it is not included in the state priorities for the LCFF.

Federal Intervention Program (School Year 2016-2017)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years. After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE PI Status Determinations Web page at <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

VI. OTHER SARC INFORMATION

Professional Development (Three-Year Comparison)

Terra Linda High School teachers and other school personnel choose staff development opportunities that assist in the implementation of the school improvement plan. Release time is provided for teachers to participate in staff development. In addition, weekly collaborative time is built into the school's schedule. Conferences and staff development opportunities relate to goal objectives outlined in the Single Plan for Student Achievement and the Western Association of Schools and Colleges (WASC) Focus on Learning Self-Study Action Plan. Teachers are supported through flexible scheduling for collaboration and collegial support.

Professional development is an ongoing process based on the results and analysis of demographic and disaggregated testing data, new legislation, state frameworks and advisories, and Terra Linda's annual goals. All professional development practices are grounded in research and utilize content specific research of best teaching and learning instructional practices. Staff development for the current 2016-2017 school year will be primarily focused on increasing school-wide literacy, English Language Development, transitioning to the Common Core State Standards, and improving Algebra I instruction. Our weekly collaborative time will be focused on department-level staff development to support implementation of literacy strategies, to improve instruction in content areas, and to develop CCSS aligned unit plans and common assessments that help teachers determine the success of their efforts. Select teachers have been trained to assist in the WASC Accreditation process.

DataQuest is an online data tool that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners). The DataQuest Web page is located at <http://dq.cde.ca.gov/dataquest/>.

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
