## 2015-2016 School Accountability Report Card

### I. DATA AND ACCESS

#### SARC Data

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the new Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

#### Additional Information

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### II. ABOUT THIS SCHOOL

#### School Description and Mission Statement (Most Recent Year)

Bahia Vista Elementary is a community-based elementary school in southeast San Rafael. It is a neighborhood school that serves predominately the Canal community east of Highway 101 and south of the San Rafael Canal, including Larkspur Landing and San Quentin. The faculty, staff, parents and community members of Bahia Vista work collaboratively to ensure that all students have the foundation to become successful lifelong achievers through developmentally appropriate learning practices. Bahia Vista School is committed to making children confident and creative builders of their future. Our focus is on the whole child. Students are encouraged to meet academic challenges with openness, enthusiasm, and a willingness to solve problems. We strive to cultivate a culture of caring and academic excellence, with respect for individual differences and community values.

Bahia Vista serves a large number of English language learners, most of whom have Spanish or Vietnamese as their primary language. The educational program at Bahia Vista is both rigorous and tailored, designed to help all students develop to their fullest potential. The school draws on the strengths of its staff, students, parents and community members, collaborating to maximize its human resources. Programs and services are aligned to provide reinforcement of concepts and skills, consistency, and continuity. The school values biculturalism, diverse backgrounds, and global perspectives. At the same time, it provides strong, intensive, leveled instruction that prepares students for the rigors of higher education. Additional enrichment and remedial opportunities are available both throughout the school day and after school.

As a community-based school, Bahia Vista provides on-site services that include early childhood education, adult education, tutoring, counseling, and family support services. It is the mission of Bahia Vista School to empower a community of learners, ensuring that all stakeholders are involved and working toward the common goals of raising student achievement and establishing healthy foundations for learning.

#### Student Enrollment by Grade Level (School Year 2015-2016)

This table displays the number of students enrolled in each grade level at the school.

Grade Level	Number of Students	Grade Level	Number of Students
Kindergarten	96	Grade 4	82
Grade 1	96	Grade 5	111
Grade 2	93		
Grade 3	93	Total Enrollment	571

## II. ABOUT THIS SCHOOL

### Student Enrollment by Group (School Year 2015-2016)

This table displays the percent of students enrolled at the school who are identified as being in a particular group.

Group	Percent of Total Enrollment	Group	Percent of Total Enrollment
Black or African American	0.2%	Two or More Races	0%
American Indian or Alaska Native	0%	Other	0%
Asian	2.8%	Socioeconomically Disadvantaged	96.8%
Filipino	0%	English Learners	82.3%
Hispanic or Latino	96.5%	Students with Disabilities	7.5%
Native Hawaiian or Pacific Islander	0.4%	Foster Youth	0%
White	0.2%		

## III. CONDITIONS OF LEARNING

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials (Three-Year Comparison)

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence.

Teachers	School			District
	2014-2015	2015-2016	2016-2017	2016-2017
With Full Credential	24	27	29	253
Without Full Credential	0	0	0	2
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	4

### Teacher Misassignments and Vacant Teacher Positions (Three-Year Comparison)

A “teacher misassignment” refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. A “vacant teacher position” is one in which a single designated teacher has not been assigned to teach an entire course at the beginning of the school year or semester. This table displays the number of teacher misassignments and vacant teacher positions for the most current three-year period. Note: *Total Teacher Misassignments* includes the number of *Misassignments of Teachers of English Learners*.

Indicator	2014-2015	2015-2016	2016-2017
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

## III. CONDITIONS OF LEARNING

### Core Academic Classes Taught by Highly Qualified Teachers (School Year 2015-2016)

The Federal Elementary and Secondary Education Act (ESEA) of 2005-2006 requires that core academic subjects be taught by Highly Qualified Teachers (HQT), defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. This table displays the percent of classes in core academic subjects taught by and not taught by Highly Qualified Teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High-poverty schools are defined as those with student eligibility of approximately 40% or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39% or less in the free and reduced price meals program. For more information, see the *Improving Teacher and Principal Quality* Web page at <http://www.cde.ca.gov/nclb/sr/tq>.

Location of Classes	Percent of Classes in Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	100%	0%

High-Poverty Schools in District	100%	0%
Low-Poverty Schools in District	100%	0%

### Quality and Currency of Textbooks and Instructional Materials (Most Recent Year)

Curriculum development is a district-wide effort. Teachers and administrators from all subject areas form working committees to draft recommendations on courses of study, appropriate textbooks, and other instructional materials.

The California Department of Education has determined textbook selection and adoption schedules. The district follows the state schedule for these adoptions and has purchased textbooks from the most recent state-approved lists. All approved instructional materials are aligned with California content standards for core academic areas.

The Elementary School District Curriculum Advisory Council, composed of administrators, teachers, and parents representing each school in the district, reviews curriculum recommendations and revisions for all courses of study, appropriate textbooks, and other materials utilized in the support of the instructional program. The Curriculum Council recommendations are forwarded to the Board of Education for final approval. This is an ongoing process, assuring that all textbooks and instructional materials are systematically reviewed, updated, and supplemented.

This table shows some of the textbooks used with grade K-5 students. A comprehensive list of all textbooks is available at the district office.

Subject Area	Textbook Publisher and Title	Grade Level	Year of Adoption
English-Language Arts	Houghton Mifflin Harcourt– <i>California Journeys</i>	K-5	2016
English Language Development	Hampton Brow- <i>Into English</i>	K-5	1997
English Language Development	Pearson- <i>Language Central</i>	K-8	2011

## III. CONDITIONS OF LEARNING

### *Availability of Textbooks and Instructional Materials (Most Recent Year)*

With textbook funding assistance from the state and other sources, the district has been able to purchase sufficient materials to provide one textbook per student in all core subject areas. The Board of Education last approved the sufficiency of textbooks and instructional materials for the San Rafael City Schools Elementary District on October 10, 2016.

Curriculum Area	Percent of Pupils Who Lack Their Own Assigned Textbooks and/or Instructional Materials

Health	0%
Visual and Performing Arts	0%

### *School Facility Conditions and Planned Improvements (Most Recent Year)*

At Bahia Vista School, the campus is orderly, and students feel safe at school. The school ensures that on-site supervision is provided for programs that take place before and after school. The principal, teachers, and other staff serve as yard duty supervisors. In addition, students are trained as conflict managers and junior coaches. We also take further measures to ensure student safety after school. These measures include the Learning Enrichment After School Program (LEAP), Kids' Club, and home visits by family mentors as needed.

District and school policy require that during the school day all guests to the campus check in at the school office and obtain a "visitor pass" to identify them for security personnel and all staff and students.

The physical quality of the school campus influences teaching and learning. All students and faculty have a reasonable amount of classroom and open space.

Bahia Vista Elementary School was established in 1966, and completely rebuilt in 2005-2006 with voter-approved school bond funds, state modernization funds, and other capital facilities funds. The new facility is comprised of a two-story building and includes 21 classrooms, a multipurpose facility with a commercial kitchen, a library, technology center, space for educational support programs, and a student services (administration) building. The campus also includes three new playground areas for kindergarten, primary, and upper-level students, as well as a soccer field and new parking areas.

The district strives to ensure that all schools are clean, safe, and functional. All bathrooms, classrooms, and offices are cleaned daily. Students are encouraged to help keep the campus clean by recycling. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An online maintenance order request process is used to ensure efficient service and that emergency repairs are given the highest priority.

The state's School Deferred Maintenance Program, which provided state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components, became inoperative effective July 1, 2013. However, the district continues to make an annual contribution to support capital improvement projects, including deferred maintenance projects.

San Rafael voters approved Measure A in November 2015 to fund capital facilities projects to improve our school facilities. Measure A provides \$108 million to update: Bahia Vista Elementary School, Glenwood Elementary School, Laurel Dell Elementary School, San Pedro Elementary School, Venetia Valley School and Davidson Middle School.

Over the next eight years, SRCS' bond program will provide much needed capital improvements to our facilities to create safe, innovative learning environments and to provide instructional technology to support 21st century learning. Additional classrooms, labs and equipment will reduce overcrowding in our schools and will meet the growing demand for hands-on science, technology, engineering, arts and math (STEAM) classes.

**IV. PUPIL OUTCOMES**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**Statewide Student Assessments**

The Standardized Testing and Reporting (STAR) Program was last administered during the 2012-2013 school year. California’s new statewide student assessment system, the California Assessment of Student Performance and Progress (CAASPP), was established January 1, 2014 and first administered during the 2013-2014 school year. The CAASPP comprises the following assessments:

- Smarter Balanced Summative Assessments for students in the general education population for English language arts/literacy (ELA) and mathematics given in grades 3 through 8 and 11;
- California Alternate Assessments (CAAs) for ELA and mathematics given in grades 3 through 8 and 11. The CAAs have replaced the California Alternate Performance Assessment (CAPA) for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards (CCSS) for students with significant cognitive disabilities; and
- Science assessments including California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA), in grades 5, 8, and 10.

*Note on ELA and Mathematics tests: results include both the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.*

*Note on Science tests: results include CST’s, CMA, and CAPA. The “Percent Proficient or Advanced” is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.*

*Note on all tests: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes appear (—) when the number of students tested is ten or less.*

**CAASPP Test Results in ELA and Mathematics for All Students (Two-Year Comparison)**

## IV. PUPIL OUTCOMES

### State Priority: Other Pupil Outcome

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject area of physical education.

### California Physical Fitness Test Results (School Year 2015-2016)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the cumulative percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE Physical Fitness testing Web page at <http://www.cde.ca.gov/ta/tq/pf>.

*Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes appear (—) when the number of students tested is ten or less.*

## V. ENGAGEMENT

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (Most Recent Year)

**Contact Person Name:** Sarah Gaidano, Bahia Vista Family Center Director

**To Reach Contact Person:** 415-485-2415

Parent involvement is a vital component of the educational program at Bahia Vista Elementary School. Bahia Vista would not be what it is today without the contributions of countless parents and guardians who give their time and expertise as volunteers and who share their financial resources to support the school's goals and aspirations.

Parents and guardians have the opportunity to play an active role in their child's school experience through a number of activities, including volunteering in the classroom or office, participating on the parent council, district and school English language advisory committees, parent-teacher associations, district and school site committees, fundraising campaigns, and helping with special events.

Bahia Vista parents feel welcome and encouraged to lend their support through various day-to-day contacts with staff as well as through informational and community-building events including family support team meetings, back-to-school night, family math nights, open house, the annual health and safety fair, and other special events. At an early stage parents are empowered to become full partners in the education of their children. Four of our site programs work toward this specific goal. These programs include our Pre-K Family Literacy program, the Bahia Vista Child Development Center, our State and Head Start preschool classes and services, and the Bahia Vista Family Center.

## V. ENGAGEMENT

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### *Suspensions and Expulsions (Three-Year Comparison)*

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school, district, and state levels.

Rate	School			District			State

#### *School Safety Plan (Most Recent Year)*

**Date Reviewed and Updated:** August 18, 2016

**Date Discussed with School Faculty:** August 31, 2016

Bahia Vista Elementary School has a comprehensive school safety plan covering all aspects of planning for emergency response and student safety. This plan is based on and coordinated with the district and county emergency preparedness plans. The plan is reviewed with school staff at the start of the school year. The plan is updated annually to increase preparedness for any emergency, including storms, fire, earthquake, or intruders on campus. All staff members have been trained in cardiopulmonary resuscitation (CPR) and first aid. Disaster drills are held once a semester throughout the year to prepare students in the event of such emergencies. In addition, the school participates in a county-wide disaster preparedness drill annually.

Key elements of the school safety plan include: procedures during emergencies, safety drills, emergency supplies, first aid, and updated phone numbers for city and emergency services.

## VI. OTHER SARC INFORMATION

The information in this section is required to be in the SARC but it is not included in the state priorities for the LCFF.

#### *Federal Intervention Program (School Year 2016-2017)*

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years. After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE PI Status Determinations Web page at <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

### VI. OTHER SARC INFORMATION

#### *Professional Development (Three-Year Comparison)*

All teachers in the San Rafael Elementary District have the opportunity to participate in four formal professional development days scheduled as part of the district calendar.

In 2015-2016, training topics included: California Common Core Standards, Balanced Literacy and Guided Reading, Strategies and Curriculum Planning for ELD, Fountas and Pinnell Benchmark Assessments, use of data for differentiated instruction, implementation of a Universal Access block, and instructional strategies to meet the needs of English language learners. These topics were selected based on CELDT scores, fluency scores, district benchmark data, and other student data.

Teachers and other key school staff members have opportunities for participation in professional development activities through district, school, categorical, grant, foundation, and parent-teacher organization funds. Professional development is focused to support the mission and goals of the district and each school site plan and may include site and district training, county offerings, state and national conferences, and workshops as appropriate.

DataQuest is an online data tool that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners). The DataQuest Web page is located at <http://dq.cde.ca.gov/dataquest/>.

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
