I. DATA AND ACCESS

SARC Data

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the new Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

Additional Information

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

II. ABOUT THIS SCHOOL

School Description and Mission Statement (Most Recent Year)

Venetia Valley School is a K-8 school located in northeast San Rafael near the Marin Civic Center. The campus is located in a beautiful setting, nestled in a valley, surrounded by coastal foothills. It serves the communities of Santa Venetia as well as students from other parts of San Rafael. Parents are active participants in the school's programs and the education of their children.

The instructional focus at Venetia Valley School evolves from a firm belief that every student can learn and a strong commitment to providing an educational program for each student. Venetia Valley offers many special programs including a dual language program that gives students an option to learn both English and Spanish.

In addition to academic achievement, Venetia Valley encourages students to develop self-discipline and maturity based on an understanding that they are individually responsible for their own attitudes and behavior.

Venetia Valley School's Pre K-8 I CAN University mission is to: build a professional student culture; strengthen student and community engagement; and offer a rigorous college, career, and community readiness academic program, celebrating bilingualism, the arts, and 21st century skills (communication, collaboration, creativity and critical thinking).

II. ABOUT THIS SCHOOL

Student Enrollment by Group (School Year 2015-2016)

This table displays the percent of students enrolled at the school who are identified as being in a particular group.

Group	Percent of Total Enrollment	Group	Percent of Total Enrollment
Black or African American	1.9%	Two or More Races	0%
American Indian or Alaska Native	0.1%	Other	0.1%
Asian	4.4%	Socioeconomically Disadvantaged	80.8%
Filipino	0.1%	English Learners	52.5%
Hispanic or Latino	84.8%	Students with Disabilities	10.4%
Native Hawaiian or Pacific Islander	0.3%	Foster Youth	0%
White	8.3%		

III. CONDITIONS OF LEARNING

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials (Three-Year Comparison)

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence.

Teachers	School			District
	2014-2015	2015-2016	2016-2017	2016-2017
With Full Credential	39	38	44	253
Without Full Credential	0	0	0	2
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	4

Teacher Misassignments and Vacant Teacher Positions (Three-Year Comparison)

A "teacher misassignment" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. A "vacant teacher position" is one in which a single designated teacher has not been assigned to teach an entire course at the beginning of the school year or semester. This table displays the number of teacher misassignments and vacant teacher positions for the most current three-year period. Note: *Total Teacher Misassignments* includes the number of *Misassignments of Teachers of English Learners*.

Indicator	2014-2015	2015-2016	2016-2017
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	2	0

III. CONDITIONS OF LEARNING

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2015-2016)

The Federal Elementary and Secondary Education Act (ESEA) of 2005-2006 requires that core academic subjects be taught by Highly Qualified Teachers (HQT), defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. This table displays the percent of classes in core academic subjects taught by and not taught by Highly Qualified Teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High-poverty schools are defined as those with student eligibility of approximately 40% or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39% or less in the free and reduced price meals program. For more information, see the *Improving Teacher and Principal Quality* Web page at <http://www.cde.ca.gov/nclb/sr/tq>.

Quality and Currency of Textbooks and Instructional Materials (Most Recent Year)

Curriculum development is a district-wide effort. Teachers and administrators from all subject areas form working committees to draft recommendations on courses of study, appropriate textbooks, and other instructional materials.

The California Department of Education has determined textbook selection and adoption schedules. The district follows the state schedule for these adoptions and has purchased textbooks from the most recent state-approved lists. All approved instructional materials are aligned with California content standards for core academic areas.

The Elementary School District Curriculum Advisory Council, composed of administrators, teachers, and parents representing each school in the district, reviews curriculum recommendations and revisions for all courses of study, appropriate textbooks, and other materials utilized in the support of the instructional program. The Curriculum Council recommendations are forwarded to the Board of Education for final approval. This is an ongoing process, assuring that all textbooks and instructional materials are systematically reviewed, updated, and supplemented.

This table shows some of the textbooks used with grade K-8 students. A comprehensive list of all textbooks is available at the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

At Venetia Valley School, the campus is orderly, and students feel safe at school. The school ensures that on-site supervision is provided for programs that take place before and after school. Before school, two supervisors watch students out on the yard. Middle school teachers are assigned to watch the locker area every morning and also in the afternoon. Staff members are also assigned to help supervise and organize after-school dismissal.

District and school policy require that during the school day all guests to the campus check in at the school office and obtain a "visitor pass" to identify them for security personnel and all staff and students.

The physical quality of the school campus influences teaching and learning. All students and faculty have a reasonable amount of classroom and open space.

Venetia Valley School was established in 1959. The school has a total of 39 classrooms, a library, computer lab, music room, gymnasium, stage, locker rooms and two playgrounds. The school underwent modernization in 2004-2005 and 2005-2006 using voter-approved school bond funds and state modernization funds. The modernization project included the addition of a new middle school campus at the back of the property with three new classroom buildings for new middle school students, a new modular student restroom building, modernization of the K-5 campus including library/ computer lab and gymnasium, extensive repaving and site work, and conversion and expansion of the old kindergarten building into a new student services area. Two classroom portables were added in the summer of 2013 to address growth.

The district strives to ensure that all schools are clean, safe, and functional. All bathrooms, classrooms, and offices are cleaned daily. Students are encouraged to help keep the campus clean by recycling. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An on-line maintenance order request process is used to ensure efficient service and that emergency repairs are given the highest priority.

III. CONDITIONS OF LEARNING

School Facility Conditions and Planned Improvements (Most Recent Year)

The state's School Deferred Maintenance Program, which provided state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components, became inoperative effective July 1, 2013. However, the district continues to make an annual contribution to support capital improvement projects, including deferred maintenance projects.

San Rafael voters approved Measure A in November 2015 to fund capital facilities projects to improve our school facilities. Measure A provides \$108 million to update: Bahia Vista Elementary School, Glenwood Elementary School, Laurel Dell Elementary School, San Pedro Elementary School, Venetia Valley School and Davidson Middle School.

Over the next eight years, SRCS' bond program will provide much needed capital improvements to our facilities to create safe, innovative learning environments and to provide instructional technology to support 21st century learning. Additional classrooms, labs and equipment will reduce overcrowding in our schools and will meet the growing demand for hands-on science, technology, engineering, arts and math (STEAM) classes.

IV. PUPIL OUTCOMES

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Statewide Student Assessments

The Standardized Testing and Reporting (STAR) Program was last administered during the 2012-2013 school year. California's new statewide student assessment system, the California Assessment of Student Performance and Progress (CAASPP), was established January 1, 2014 and first administered during the 2013-2014 school year. The CAASPP comprises the following assessments:

- Smarter Balanced Summative Assessments for students in the general education population for English language arts/literacy (ELA) and mathematics given in grades 3 through 8 and 11;
- California Alternate Assessments (CAAs) for ELA and mathematics given in grades 3 through 8 and 11. The CAAs have replaced the California Alternate Performance Assessment (CAPA) for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards (CCSS) for students with significant cognitive disabilities; and
- Science assessments including California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA), in grades 5, 8, and 10.

Note on ELA and Mathematics tests: results include both the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Note on Science tests: results include CST's, CMA, and CAPA. The "Percent Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note on all tests: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes appear (—) when the number of students tested is ten or less.

CAASPP Test Results in ELA and Mathematics for All Students (Two-Year Comparison)

IV. PUPIL OUTCOMES

State Priority: Other Pupil Outcome

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject area of physical education.

California Physical Fitness Test Results (School Year 2015-2016)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the cumulative percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE Physical Fitness testing Web page at <http://www.cde.ca.gov/ta/tg/pf>.

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes appear (—) when the number of students tested is ten or less.

Grade Level	Cumulative Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	42.5%	20%	8.8%
7	77.8%	50%	11.1%

V. ENGAGEMENT

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (Most Recent Year)

Parent involvement is a vital component of the educational program at Venetia Valley School. The San Rafael City Schools would not be what it is today without the contributions of countless parents and guardians who give their time and expertise as volunteers and who share their financial resources to support the goals and aspirations of San Rafael schools.

Parents and guardians have the opportunity to play an active role in their child's school experience through a number of activities, including Community Task Force, district and school English language advisory committees, parent teacher associations, district and school site committees, fundraising campaigns and special events.

At Venetia Valley School, specific opportunities for parent participation include the site leadership team, parent teacher association, school English language advisory council, and many subcommittees that address specific program needs. Recent activities that involve parents include an Ice Cream Social, a Fall Carnival, International Pot Luck, Family Game Nights and an International Story Night.

Parents are also connected to the school through various informational and community-building events, including back-to-school nights, teacher conferences, concerts, plays, musicals, and other artistic and athletic events.

Venetia Valley School houses a Family Center run by a Family Advocate and Mentor. The Center provides weekly opportunities for parents to come and work together in support of creating instructional materials for the classrooms. In addition, the Advocate and Mentor are bilingual and bi-literate and support our parents with accessing services that help meet their basic, and support them with gaining access to education opportunities that include English classes and parenting workshops. The Advocate and Mentor also participate in family enrichment opportunities including guided hikes with community partners at the National Park Service at the Presidio in San Francisco and at Muir Woods.

School Safety Plan (Most Recent Year)

Date Reviewed and Updated: August 10, 2016

Date Discussed with School Faculty: August 26, 2016

Venetia Valley School has a comprehensive school safety plan covering all aspects of planning for emergency response and student safety. This plan is based on and coordinated with the district and county emergency preparedness plans. The plan is reviewed with school staff at the start of the school year. The plan is updated annually to increase preparedness for any emergency, including storms, fire, earthquake, or intruders on campus. The school has staff members who are trained in cardiopulmonary resuscitation (CPR) and first aid. Fire drills are held once a month throughout the year. The school also participates in an annual county-wide disaster preparedness drill.

Key elements included in the school safety plan include: disaster parent contact plan, provisions for emergency supplies, staff member assignments in case of disaster, chain of command, and description of various drills.

Professional Development (Three-Year Comparison)

All teachers in the San Rafael Elementary District have the opportunity to participate in two formal professional development days scheduled as part of the district calendar.

In 2015-2016, training topics included: infusing the Common Core into systemic instructional practices with regard to language arts, science, and social studies. Venetia Valley staff members were also trained in implementing Sobrato Early Academic Language Model (SEAL). This is an ongoing effort and we will continue training all teachers. Staff members were also trained in components of balanced literacy model.

Teachers and other key school staff members have additional opportunities for participation in professional development activities through district, school, categorical, grant, foundation, and parent-teacher organization funds. Professional development is focused to support the mission and goals of the district and each school site plan and may include site and district training, county offerings, state and national conferences, and workshops as appropriate.
