

FEES AND CHARGES

The Board of Education recognizes its responsibility to ensure that books, materials, equipment, supplies, and other resources necessary for students' participation in the educational program are made available to them.

No student shall be required to pay any fees, deposits, or other charges for his/her their participation in an educational activity which constitutes an integral fundamental part of the district's educational program, including curricular and extracurricular activities. (Education Code 49010, 49011; 5 CCR 350)

As necessary, the Board may approve fees, deposits, and other charges which are specifically authorized by law. ~~For such authorized fees, deposits, and charges, the district shall consider the student and parent/guardian's ability to pay when establishing fee schedules and granting exceptions or waivers.~~ When approving such fees, deposits, or charges, establishing fee schedules, or determining whether waivers or exceptions should be granted, the Board shall consider relevant data, including the socioeconomic conditions of district students' families and their ability to pay.

The prohibition against student fees shall not restrict the district from soliciting for voluntary donations, participating in fundraising activities, and providing prizes or other recognition for participants in such activities and events. ~~However, the district shall not offer or award to a student any course credit or privileges related to educational activities in exchange for voluntary donations or participation in fundraising activities by or on behalf of the student and shall not remove, or threaten to remove, from a student any course credit or privileges related to educational activities, or otherwise discriminate against the student, due to a lack of voluntary donations or participation in fundraising activities by or on behalf of the student.~~ The Superintendent or designee shall emphasize that participation of students, parents/guardians, district employees, volunteers, or educational or civic organizations in such activities and events is voluntary. The district shall not offer or award to a student any course credit or privileges related to educational activities in exchange for voluntary donations or participation in fundraising activities by or on behalf of the student. It also shall not remove or threaten to remove from a student any course credit or privileges related to educational activities, or otherwise discriminate against the student, due to a lack of voluntary donations or participation in fundraising activities by or on behalf of the student.

Whenever district employees, volunteers, students, parents/guardians, or educational or civic organizations participate in such events or activities, the Superintendent or designee shall emphasize that participation in the event or activity is voluntary.

The Superintendent or designee may provide information or professional development opportunities to administrators, teachers, and other personnel regarding permissible fees.

~~Whenever a student or parent/guardian believes that an impermissible fee, deposit, or other charge is being required of the student for his/her participation in an educational activity, the~~
