Sole Sourcing

~~Specifications for contracts for construction, alteration, or repair of school facilities may not limit bidding, either directly or indirectly, to any one specific concern. Specifications designating a specific material, product, thing, or particular brand name shall follow the description with the words "or equal" so that bidders may furnish any equal material, product, thing, or service. (Public Contract Code 3400)~~

~~However, specifications for such contracts may designate a product by brand or trade name (sole sourcing) if the Board has made a finding, described in the invitation for bids or RFP, that a particular material, product, thing, or service is designated for any of the following purposes: (Public Contract Code 3400)~~

- ~~1. To conduct a field test or experiment to determine its suitability for future use~~
- ~~2. To match others in use on a particular public improvement that has been completed or is in the course of completion~~

- ~~4. To respond to the Board's declaration of an emergency, as long as the declaration has been approved by four fifths of the Board when issuing the invitation for bid or RFP~~

Prequalification Procedure

~~For any contract for which bids are legally required, the Board may require that each prospective bidder complete and submit a standardized questionnaire and financial statement. For this purpose, the Superintendent or designee shall supply a form which requires a complete statement of the bidder's financial ability and experience in performing public works. (Public Contract Code 20111.5)~~

~~Prospective bidders shall submit the questionnaire and financial statement at least five days before the date fixed for public opening of sealed bids. The information shall be verified under oath in the manner in which civil law pleadings are verified. The questionnaires and financial statements shall not be public records and shall not be open to public inspection. (Public Contract Code 20111.5)~~

~~The Superintendent or designee shall establish a uniform system for rating bidders on the basis of completed questionnaires and financial statements in order to determine the size of contracts on which each bidder is qualified to bid. Bidders must be deemed prequalified by district at least one day before the fixed bid opening date. (Public Contract Code 20111.5)~~

~~The Superintendent or designee shall furnish each qualified bidder with a standardized proposal form. Bids not presented on the standard form shall be disregarded. (Public Contract Code 20111.5)~~

Protests by Bidders

~~A bidder may protest a bid award if he/she believes that the award was inconsistent with Board policy, the bid's specifications, or was not in compliance with law. A protest must be filed in writing with the Superintendent or designee within three working days after receipt of notification of the contract award. The bidder shall submit all documents supporting or justifying the protest. A bidder's failure to file the protest documents in a timely manner shall constitute a waiver of his/her right to protest the award of the contract.~~

~~The Superintendent or designee shall review the documents submitted with the bidder's claims and render a decision in writing within 30 working days. The Superintendent or designee may also convene a meeting with the bidder in order to attempt to resolve the problem.~~

~~The bidder may appeal the Superintendent or designee's decision to the Board. The Superintendent or designee shall provide reasonable notice to the bidder of the time for Board consideration of the protest. The Board's decision shall be final.~~

Prequalification Procedure

When required by law or the Board, the Superintendent or designee shall establish a uniform system for rating bidders on the basis of completed questionnaires and financial statements in order to determine the size of contracts on which each bidder is qualified to bid. For this purpose, the Superintendent or designee shall furnish prospective bidders a standardized prequalification questionnaire and financial record which, when completed, shall indicate a bidder's statement of financial ability and experience in performing public works. The bidder's information shall be verified under oath in the manner in which civil law pleadings are verified. The questionnaires and financial statements shall not be public records and shall not be open to public inspection. (Code of Civil Procedure 446; Public Contract Code 20111.5, 20111.6)

When any public project involves an expenditure of \$1,000,000 or more and is funded or reimbursed wholly or partly by the School Facilities Program funds or other future state school bond, the district shall prequalify prospective bidders either quarterly or annually. The prequalification shall be valid for one year and the following requirements shall apply: (Public Contract Code 20111.6)

1. Prospective bidders, including, but not limited to, prime, general engineering, and general building contractors and electrical, mechanical, and plumbing subcontractors, as defined in Public Contract Code 4113 or Business and Professions Code 7056 or 7057, as applicable, shall submit a standardized questionnaire and financial statement 10 or more business days, as determined by the district, before the date fixed for the public opening of sealed bids.
2. Prospective bidders shall be prequalified by the district five or more business days, as determined by the district, before the date fixed for the public opening of sealed bids.

If the project includes electrical, mechanical, or plumbing components that will be performed by electrical, mechanical, or plumbing contractors, the Superintendent or designee shall make available to all bidders a list of prequalified general contractors and electrical, mechanical, and plumbing subcontractors five or more business days, as determined by the district, before the date fixed for the public opening of sealed bids.

For all other contracts requiring competitive bidding, the district may establish a procedure for prequalifying bidders on a quarterly basis and may authorize that prequalification be considered valid for up to one calendar year following the date of the initial prequalification. Prospective bidders for such contracts shall submit the questionnaire and financial statement at least five days before the date fixed for public opening of sealed bids and shall be prequalified by the district at least one day before the fixed bid-opening date. (Public Contract Code 20111.5)

Award of Contract

The district shall award each contract to the lowest responsible bidder, except in the following circumstances:

1. When the contract is for the procurement and/or maintenance of electronic data processing systems and supporting software, in which case the Board may contract with any one of the three lowest responsible bidders (Public Contract Code 20118.1)
2. When the contract is for any transportation service which involves an expenditure of more than \$10,000 and which will be made with any person or corporation other than a common carrier, municipally owned transit system, or a parent/guardian of a student who is to be transported, in which case the Board may contract with other than the lowest bidder (Education Code 39802)
3. When the contract is one for which the Board has established goals and requirements relating to participation of disabled veteran or small business enterprises in accordance with Public Contract Code 2000-2002, in which case the Board may contract with the lowest responsible bidder who submits a responsive bid and complies or makes a good faith effort to comply with the goals and requirements (Public Contract Code 2000-2002)
4. When procuring a lease-leaseback contract, in which case the Board shall award the contract based on objective criteria for determining the best combination of price and qualifications in accordance with Education Code 17400 and 17406

(cf. 3311.2 - Lease-Leaseback Contracts)

5. When procuring a design-build contract for a public works project in excess of \$1,000,000 in accordance with Education Code 17250.20, in which case the Board may award the contract to either the low bid or the best value to the district, taking into consideration, at a minimum, price, technical design and construction expertise, and life-cycle costs (Education Code 17250.20, 17250.25)

(cf. 3311.3 - Design-Build Contracts)

Protests by Bidders

A bidder may protest a bid award if he/she believes that the award is not in compliance with law, Board policy, or the bid specification. A protest must be filed in writing with the Superintendent or designee within five working days after receipt of notification of the contract award and shall include all documents supporting or justifying the protest. A bidder's failure to file the protest documents in a timely manner shall constitute a waiver of his/her right to protest the award of the contract.

The Superintendent or designee shall review the documents submitted with the bidder's claims and render a decision in writing within 30 working days. The Superintendent or designee may also convene a meeting with the bidder in order to attempt to resolve the problem.

The bidder may appeal the Superintendent or designee's decision to the Board. The Superintendent or designee shall provide notice to the bidder of the date and time for Board consideration of the protest at least three business days before the Board meeting. The Board's decision shall be final.

Limitation on Use of Sole Sourcing

In any contract for the construction, alteration, or repair of school facilities, the Superintendent or designee shall ensure that the bid specification: (Public Contract Code 3002, 3400)

1. Does not directly or indirectly limit bidding to any one specific concern
2. Does not call for a designated material, product, thing, or service by a specific brand or trade name, unless the specification is followed by the words "or equal," so that bidders may furnish any equal material, product, thing, or service

In any such case, the bid specification shall provide a time period, before and/or after the award of the contract, for the contractor to submit data substantiating the request for substituting the designated material, product, thing, or service. If no such time period is specified, the contractor may submit the data within 35 days after the award of the contract.

When the bid is for a roof project, a material, product, thing, or service is considered "equal" to that designated if it is equal in quality, durability, design, and appearance; will perform the intended function equally well; and conforms substantially to the detailed requirements in the bid specification.

However, the Superintendent or designee may designate a specific material, product, thing, or service by brand or trade name (sole sourcing) if the Board has made a finding, described in the invitation for bids or request for proposals (RFP), that a particular material, product, thing, or service is designated for any of the following purposes: (Public Contract Code 3400)

1. To conduct a field test or experiment to determine its suitability for future use
2. To match others in use on a particular public improvement that has been completed or is in the course of completion
3. To obtain a necessary item that is only available from one source
4. To respond to the Board's declaration of an emergency, as long as the declaration has been approved by four-fifths of the Board when issuing the invitation for bid or RFP
(cf. 9323.2 - Actions by the Board)

Alternatively, if the public corporation or agency has an existing contract with a vendor for the lease or purchase of personal property, the district may authorize the lease or purchase of personal property directly from the vendor and make payments under the same terms that are available to the public corporation or agency under the contract. (Public Contract Code 20118)

(cf. 3300 - Expenditures and Purchases)

(cf. 3511 - Energy and Water Management)

(cf. 9320 - Meetings and Notices)

or inviting bids or may authorize the use of day labor or force account for the emergency purpose. (Public Contract Code 1102, 20113)
