- d. If electrical, mechanical, and plumbing subcontractors are used, they shall be subject to the same prequalification requirements for prospective bidders described in subdivisions (b) to (m), inclusive, of Public Contract Code section 20111.6, including the requirement for completion and submission of a standardized prequalification questionnaire and financial statement that is verified under oath and is not a public record.

2. Contents of Requests for Proposals

- a. The RFP shall identify all criteria that the District will consider in evaluating the proposals and qualifications of the proposers, by considering, relevant experience, safety record, price proposal, and other factors specified in the RFP.
- b. The price proposal shall include, at the District's discretion, either a lump-sum price for the Project or the proposer's proposed fee to

perform the services requested, including the proposer's proposed fee to perform preconstruction services or any other work related to the facilities to be constructed, as requested by the District.

- c. The RFP shall specify whether each criterion will be evaluated pass-fail, or will be scored as a best value score, and whether proposers must achieve any minimum qualification score for award of the contract.

3. **Methodology and Weighting System**

- a. The District's criteria and rating system is as follows:

CRITERIA ITEM	DESCRIPTION	MAXIMUM POINTS
Price Points	Price and Price Points Awarded	100 points
Technical Expertise	Technical Expertise and relevant experience with like-Projects	30 points
Modular Building System	Appropriateness & suitability of Modular Building System/Vendor partner for identified project	25 points
Subcontractors	Workforce and available skilled and qualified subcontractors	25 points
Safety	Safety record	20 points
Schedule	Project Schedule and Delivery Date	20 points
Staffing	Management and Staffing Approach	20 points
CHPS	Ability to meet/incorporate CHPS standards into project	10 points
<u>TOTAL: MAXIMUM 250 POINTS</u>		

- b. Based on these criteria and rating system, District staff assigns points to each proposer and calculates the percentage of points assigned for each criterion and for the total maximum points. The higher the percentage point, the higher the proposer is ranked, and the more it reflects the better combination of price and qualifications for the Project.

Once the evaluation is complete, all responsive proposals shall be ranked from the highest best value to the lowest best value to the District.

- c. The District's Board of Education ("Board") shall award the Project to the responsive proposer whose proposal is determined, in writing by the Board, to be the best value to the District.
- d. If the selected proposer refuses or fails to execute the tendered proposed contract, the Board may award the contract to the proposer with the second highest best value score if it deems it to be for the best interest of the District. If the second selected proposer refuses or fails to execute the tendered instrument, the Board of Trustees may award the instrument to the proposer with the third highest best value score if it deems it to be for the best interest of the District.
- e. Notwithstanding any other law, upon issuance of a contract award, the District shall publicly announce its award, identifying the entity to which the award is made, along with a statement regarding the basis of the award. The statement regarding the District's contract award and the contract file shall provide sufficient information to satisfy an external audit.
