Subject: Re: Bus route coverage at Bonsall USD

Hi David,

The cost per day to cover both of your routes (AM#308 / PM#308) is **\$736.00**. Please reply to this email if you would like me to schedule the bus and driver. At anytime you can add or remove days depending on my driver availability. Just please try to give me 24 hours or more notice. I can guarantee you coverage August 15th - 26th. Our school year begins August 29th, and I am trying to hire more drivers but as of today, I have three vacant positions myself. We are currently training three new drivers though so I am hopeful they will pass their CHP testing and stay with SMUSD. If this is the case, I will still be available to continue to help cover this route until you find your driver.

AM Route #308: 46mi x \$8.00 per mi = \$368.00

PM Route #308: 46mi x \$8.00 per mi = \$368.00

Thanks,

-Mike

Mike, thanks for the quick reply. My lead driver/scheduler is on vacation but here is the information for the route. Route information attached.

I have a meeting with the superintendent at 10 a.m. so if you're available could you call at 9 a.m. or after 11 a.m.?
