Naviance Activities: Naviance offers a variety of tools and resources to assist students with being ready for college and career. Please review the following list of suggested activities students should complete in each grade level.

7th: Log-in to Naviance, add email, and explore the platform

8th-12th: Confirm log-in access and email

8th: Complete Strengths Explorer. This assesses 10 talent themes for individuals and identifies each student's three strongest emerging talents, such as Confidence, Dependability, or Future Thinker. It provides explanations of these themes, strategies for capitalizing on each, and action items to help students gain insight into their greatest talents.

9th: Complete Career Interest Profiler and Resume Building Activity. The Career Interest Profiler assists students in determining what kinds of careers they might want to explore based on their interests. Through a resume building activity, students will receive support with understanding the components of a resume.

10th: Complete Career Cluster. This is a simple assessment that helps a student discover which career clusters may be a good match based on activities that interest him or her, personal qualities the student has and subjects the student enjoys in school.

10th, 11th, 12th: Attend College Representative visits and Update Resume. Students should sign-up to attend at least 2 college rep visits using Naviance (listed in Family Connections "colleges" tab).

11th, 12th: Complete a Scholarship search, the College SuperMatch, and save at least three to "Colleges I'm Thinking About" list. The College SuperMatch helps students find the right fit for college. Students select from a list of college decision factors and rank their importance. As the student makes selections, the best matched colleges appear with information about why the college(s) is a good match. Students can save their searches and add colleges to the "Colleges I'm Thinking About" list.

12th: Complete the SRCS College and Career Graduation Survey. In addition to the activities listed above, students can explore the Roadtrip Nation videos in Naviance. The archive includes more than 3,500 full length videos interviews chronicling the diverse personal stories of leaders who have turned their interests into their life's work.
