## School Accountability Report Card

### Reported Using Data from the 2015-16 School Year

#### Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### School Description and Mission Statement (School Year 2016-17)

Situated in the foothills of the San Gabriel Mountains, La Cañada Elementary (LCE) is proud to be one of the four schools that comprise La Cañada Unified School District (LCUSD), identified in 2012 by the U.S. Department of Education as the top performing K- 12 school district in California. Honored in 2010 and in 2014 as a California Distinguished School, LCE's mission is to "provide a rich educational environment that challenges all students to think critically, solve complex problems, express themselves articulately in speaking, writing, and technology, and to work cooperatively and individually in a diverse and multicultural world." LCE was awarded the 2013 National Blue Ribbon Schools Award because of its consistent high performing status. Thanks to the generous and on-going support of the community, the school campus is beautifully landscaped and well maintained. The facility, which also includes an outdoor Science Center, is made available to the community for a variety of activities, including sports, scouts, campus child care, and enrichment classes.

At LCE, there is a school climate that promotes communication and collaboration. The staff is committed to knowing students from the time they enter kindergarten to the time they promote to seventh grade. Teachers do their utmost to stay connected with children, appreciating them as individuals; they mentor students, create special bonds through small group lunches, and use older students to tutor younger ones. As an integral source of guidance and support, LCE's school counselor provides the best of care in addressing student needs through individual counseling, small groups, and classroom lessons. The staff has developed and implemented a core, standards-based curriculum that integrates differentiated instruction, often project-oriented, and designed to engage and to motivate all students to reach their highest potential. Supplemented by a well-rounded education that includes music, art, drama, Spanish, physical education, and technology, the comprehensive program values the whole child. Teachers draw from a wide array of instructional strategies, resources, and materials. They monitor and update pacing guides to keep curriculum relevant and rigorous. Through analyzing data, teachers establish clear, measurable, and attainable goals for each student. Students who are struggling receive additional support through a tiered process of intervention programs, including reading intervention and online intervention support. The process also includes efforts of teachers to accommodate individual learning needs, and Student Study Teams, which seek answers and develop strategies that can be used in the classroom and at home. By using such resources, the struggling students, as well as those in Special Education and in English Language Development, make significant academic growth. The overall goal is to ensure that every child experiences success. The core belief at LCE is all students can achieve, and they are motivated to believe this, too.

#### Student Enrollment by Grade Level (School Year 2015-16)

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials

Teachers	School			District
	2014-15	2015-16	2016-17	2016-17

### Teacher Misassignments and Vacant Teacher Positions

Indicator	2014-15	2015-16	2016-17
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments *	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)

<b>Students with Disabilities</b>	<b>6</b>	14	12	85.7	75.0

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### CAASPP Test Results in Science by Student Group Grades Five, Eight, and Ten (School Year 2015-16)

Student Group	Total Enrollment	# of Students with Valid Scores	% of Students with Valid Scores	% of Students Proficient or Advanced
<b>All Students</b>	115	112	97.4	86.6
<b>Male</b>	65	64	98.5	84.4
<b>Female</b>	50	48	96.0	89.6

<b>Hispanic or Latino</b>	14	14	100.0	92.9
<b>White</b>	53	51	96.2	86.3

Note: Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of physical education.

### California Physical Fitness Test Results (School Year 2015-16)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
<b>5</b>	12.3	28.9	46.5

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2016-17)

LCE has implemented multiple strategies to engage school families and the community in support of student success and school improvement. The Parent Teacher Association (PTA), which boasts nearly 100% membership, is dedicated to student success by focusing on student enrichment and learning. World Fair Days are an annual signature program at which parents and volunteers staff booths representing cultures from around the world. The PTA funds school-wide assemblies on topics spanning from character education to the arts. Annually, over thirty volunteers provide a classical art docent program in every classroom. There are also opportunities for parent participation through our Science Docent program. Parent involvement is a key component to classroom support in the primary grade classrooms, and every class has an active team of room parents, a PTA program. Parents also participate in welcoming new families by hosting a social gathering to foster connections and to provide informational sessions for ongoing support. To engage and support LCE's significant Korean population, the PTA has expanded to include the LCE Korean Outreach group. The Korean school community also supports the school's large fundraising event, the Halloween Haunt, by hosting a very popular Korean BBQ booth. In the community, LCE partners with Kiwanis to recognize outstanding student citizenship and provide scholarships for field trips such as the 5th grade trip to Valley Forge. Partnering with the Sheriff Department brings the STAR anti-drug program into the classroom, as well as helps to train carline parent volunteers to oversee student safety. Another group that supports our school-wide safety and positive climate efforts is the Recess Rocks volunteer group that helps to monitor recesses and provide more adult visibility. Parents also have the opportunity to serve on the LCAP Council Committee. This committee is comprised of staff, parents and the administration. They convene monthly to work on school issues/needs. Finally, at the annual Community Read-In, LCE invites community members and parents to celebrate "Read Across America". By providing volunteer opportunities that are accessible to a wide range of parents, LCE is able to maintain a strong partnership with all stakeholders.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### Suspensions and Expulsions

Rate	School			District			State		
	2013-14	2014-15	2015-16	2013-14	2014-15	2015-16	2013-14	2014-15	2015-16
<b>Suspensions</b>	0.4	1.5	0.2	1.0	1.3	1.0	4.4	3.8	3.7
<b>Expulsions</b>	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.1	0.1

#### School Safety Plan (School Year 2016-17)

The school has a safety plan designed to prepare students and employees, as well as parents, to respond appropriately in case of disaster. The safety plan includes identification of appropriate strategies to maintain a high level of security and procedures for compliance with existing school safety laws. An assessment of the status of any school-related crime is also included. Fire/Lockdown drills are held each month to ensure that students and staff will respond safely in the event of an emergency. Disaster drills, such as earthquake drills, are held at least one time a year to ensure that there is appropriate response to a natural catastrophe. The frequency of lockdown drills has increased in response to recent tragedies in schools across America and abroad. The LCAP Council reviews and approves the Safety Plan each Fall.

**Types of Services Funded (Fiscal Year 2015-16)**

Through the support of the district administration and the cooperation and efforts of the special education and general education staff, children with exceptional and special needs are receiving appropriate educational services. All students with special needs are placed into an appropriate educational setting and receive special support either directly in the general education classroom or in a special education classroom. Students qualifying for special education services have their Individual Education Programs (IEP) monitored by IEP Teams comprised of the school psychologist, a special education staff member, the child's classroom teacher, parents and an administrator or designee. Parents of special education students are encouraged to participate fully in developing their child's individual educational plan.

Gifted and talented students are identified yearly in grades three and above. Programs for GATE students include pull-out weekly instruction and after school enrichment. Emphasis has been placed in areas of mathematics, science and critical thinking skills at the elementary sites.

The home language survey is used to determine the primary language for each student in the district. Students with a language other than English are assessed to determine their English language proficiency. If appropriate, students are provided instruction in English language development. Students with the greatest need also receive additional ELD support in the regular classroom and in small group settings. The district and school staff monitors students' ELD progress throughout the school year.

Through funding from the PTA and the District, a Reading Intervention Program is provided to elementary students who are in need of additional support in the area of reading. The program begins in September of each school year and ends in April. Students participate in the program before or after the school day. Phonics and comprehension skills are the target areas for instruction.

La Cañada Unified School District is fortunate to have active parents and community who contribute generously to the schools. The Education Foundation has contributed over \$2,000,000 annually to the district in the last three years. These funds are used to reduce class size, contribute to full-time counseling services, fund the district librarian and provide art, drama, and music instruction to all students in grades K-6 and optional Spanish classes in grades 3-6. These funds also contribute to district-wide technology and after school enrichment programs.

## Professional Development (Most Recent Three Years)

---

Teacher support is key to quality teaching and implementation of new initiatives at LCUSD.

During the past three years the primary areas of focus for staff development at LCUSD have been the implementation of Common Core State Standards (CCSS) in Math and English Language Arts, the implementation of Next Generation Science Standards, new teacher training and BTSA support through the San Gabriel Valley consortium, and training for special education teachers through the SELPA. The annual number of days have varied from 4-10 days depending on teacher needs. Newer teachers require more days of professional development to obtain knowledge and skills necessary to implement the new standards and the strategies that prepare students for college and career. Additionally, all teachers have been provided with the opportunity to attend trainings/conferences outside of the district.

The District has been working with a consulting group, Teachers Development Group, to provide training in math and to support the site administration with the implementation of the new strategies. The District has also been working with The K-12 Alliance @ WestEd to provide NGSS training to teachers and administrators. Due to a new math adoption in grades K-6 and 9, training has been provided to the teachers in those grade levels by the publisher to ensure smooth and effective implementation of the new textbooks/materials.

Eleven 1/2 days in grades 1-6 and five full days in Kindergarten have been provided to teachers for collaboration throughout the year. This time has been used to share best practices, design CCSS aligned lessons and projects, create quarterly benchmark assessments, etc.

Training sessions have been provided within the district by Teachers on Special Assignment (TOSAs) in the areas of instructional technology, CCSS aligned report cards and digital citizenship. Online workshops and trainings have also been provided to certificated and classified staff through Keenan and Associates and ASCIP.

Above and beyond regular trainings provided to all teachers, specialized training is provided to Special Education teachers to address the specific needs of students in Special Education. Several Crisis Prevention and Intervention workshops have been provided throughout the past three years to allow the teachers and paraprofessionals to work efficiently and effectively with students with severe emotional and social needs. Teachers and paraprofessionals who successfully complete the training are certified for two years. Special Education teachers and service providers also receive training on developing Individualized Educational Programs (IEPs) that provide educational benefit for students.

Trainings have also been provided to help teachers implement the Common Core Standards and new assessments. The District created extra duty extra pay positions (PLC leaders, TOSAs, grade level and team leaders) to provide support to all teachers.

The Peer Assistance and Review program provides mentors for teachers who need support in specific areas based on evaluations. Principals and colleagues provide support through staff meetings, teacher-principal meetings, peer observations, classroom walkthrough feedback and modeling of CCSS aligned lessons by teacher leaders and TOSAs.

LCUSD Administrative Team is allotted a stipend for professional growth activities and benefits from the opportunity to enroll in advanced level college courses and ACSA academies. The District provides sexual harassment training for all management level positions and conducts monthly Leadership Team meetings and principals' meetings to provide continued support and professional development.
