

STUDENTS
INTRADISTRICT OPEN ENROLLMENT

Note: Education Code 35160.5 mandates that governing boards establish an open enrollment policy within the district for residents of the district. This requirement does not apply to districts with only one school or with schools that do not serve any of the same grade levels.

The Board of Trustees desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also maximizing the efficient use of district facilities. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

(cf. 5117 - Interdistrict Attendance)

Note: Education Code 35160.5 mandates that the district's intradistrict open enrollment policy contain the following provision.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of their residence within the district. (Education Code 35160.5)

(cf. 5111.1 - District Residency)

(cf. 5111.12 - Residency Based on Parent/Guardian Employment)

(cf. 5111.13 - Residency for Homeless Children)

The Board shall annually review this policy. (Education Code 35160.5, 48980)

Enrollment Priorities

No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area. (Education Code 35160.5)

(cf. 5116 - School Attendance Boundaries)

Note: The following list of intradistrict enrollment priorities should be modified to reflect district practice. Districts must establish priority for circumstances under which the district is required by state or federal law to offer intradistrict enrollment opportunities (items #1-3 below). Anticipated need for these transfers should be considered in determining capacity of district schools for other intradistrict transfers allowed by the district pursuant to items #4-6 below.

Note: The Every Student Succeeds Act (ESSA) (P.L. 114-95) repealed 20 USC 6316 which had required districts to offer intradistrict transfers to all students in Title I schools identified for program improvement in the first year or beyond. The district may, but is not required to, offer such transfers beginning in the 2016-17 school year. Districts that choose to offer such transfers may expand the following list accordingly.

The Superintendent or designee shall grant priority to any district student to attend another district school, including a charter school, outside of his/her attendance area as follows:

***Note: Education Code 48350-48361 allow a student attending an "open enrollment" school, as identified by the Superintendent of Public Instruction, to transfer to another school that has a higher Academic Performance Index (API), either within the district or in another district. For details regarding such transfers, see BP/AR 5118 - Open Enrollment Act Transfers. However, the California Department of Education (CDE)

STUDENTS**INTRADISTRICT OPEN ENROLLMENT**

did not produce an Open Enrollment Act list for the 2016-17 school year due to the suspension of the API. The CDE has posted the 2015-16 Open Enrollment Act list on its web site for use in the 2016-17 school year, but cautions that the list is based on the results of 2013 state assessments developed under prior state content standards and that the assessment results of schools on that list may have improved.***

1. Any student enrolled in a district school that has been identified on the state's Open Enrollment Act list (Education Code 48354)

(cf. 5118 - Open Enrollment Act Transfers)

~~2. Any student enrolled in a district school receiving Title I funds that has been identified for program improvement (PI), corrective action, or restructuring. (20 USC 6316)~~

~~*(cf. 0420.4 - Charter Schools)*~~

~~*(cf. 0520.2 - Title I Program Improvement Schools)*~~

~~*(cf. 6171 - Title I Programs)*~~

2. Any student enrolled in a district school designated by the California Department of Education as "persistently dangerous" (20 USC 7912; 5 CCR 11992)

(cf. 0450 - Comprehensive Safety Plan)

3. Any student who is a victim of a violent crime while on school grounds (20 USC 7912)

Note: Education Code 35160.5 permits, but does not require, the district's policy to include any or all of the following priorities. Items #4-6 below are optional and should be deleted or modified to reflect enrollment priorities in the district.

Note: Education Code 35160.5 makes no provision related to the duration of any transfer granted pursuant to items #4-6. See the accompanying administrative regulation.

4. Upon a finding that special circumstances exist that might be harmful or dangerous to the student in the current attendance area. Special circumstances include, but are not limited to, threats of bodily harm or threats to the emotional stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers. To grant priority under these circumstances, the Superintendent or designee must have received either: (Education Code 35160.5)

a. A written statement from a representative of an appropriate state or local agency, including, but not necessarily limited to, a law enforcement official, social worker, or a properly licensed or registered professional such as a psychiatrist, psychologist, or marriage and family therapist.

b. A court order, including a temporary restraining order and injunction.

~~6.~~**5.** Any sibling of a student already in attendance in that school.

~~7.~~**6.** Any student whose parent/guardian is assigned to that school as his/her primary place of employment.

Application and Selection Process

***Note: Education Code 48354 requires the district to give priority for enrollment to students residing in the district before admitting students seeking to transfer from an open enrollment school outside of the

STUDENTS
INTRADISTRICT OPEN ENROLLMENT

district. In order to accurately determine the number of slots available for interdistrict transfers, the district should set an application window for parents/guardians to apply for intradistrict open enrollment that precedes the district's application window under the Open Enrollment Act. For language regarding the application window under the Open Enrollment Act, see BP/AR 5118 - Open Enrollment Act Transfers.***

Note: The district should specify the intradistrict open enrollment application window, if any, in the blank provided in the following paragraph.

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law, applications for intradistrict open enrollment shall be submitted between March and April of the school year preceding the school year for which the transfer is requested.

Note: Education Code 35160.5 mandates that the district's intradistrict open enrollment policy contain all the elements listed in the remainder of this section.

Note: Education Code 35160.5 requires districts to calculate capacity in a nonarbitrary manner using student enrollment and available space. The law does not provide a specific formula for the calculation, but the district may want to include unique factors specific to the school to calculate available space, such as class size reduction requirements and space needs for specialized programs. The district may modify the following paragraph to include the specific formula for calculating school capacity for schools within the district.

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space. (Education Code 35160.5)

Note: Pursuant to Education Code 35160.5, the district must use a random, unbiased process (e.g., a lottery) to select students for intradistrict open enrollment when requests for admission exceed the capacity of the school. The California Attorney General (85 Ops.Cal.Atty.Gen. 95 (2002)) has opined that a "first come, first served" selection policy does not constitute a random, unbiased process.

Note: An exception in Education Code 35160.5 gives districts the authority to maintain appropriate racial and ethnic balances across district schools. However, in *Crawford v. Huntington Beach Union High School District*, a California appellate court held that a district's intradistrict enrollment policy which contained a racial and ethnic balance component as authorized by Education Code 35160.5 was unconstitutional. According to the court, the constitutional provisions added by Proposition 209 prohibit a district from adopting a policy containing different admission criteria on the basis of race. Because of the legal uncertainty surrounding this issue, the following paragraph does not reflect the provisions of Education Code 35160.5 relative to racial and ethnic balance. The district should consult legal counsel regarding any policy or regulation dealing with maintenance of racial or ethnic balance.

Except for priorities listed above, the Superintendent or designee shall use a random, unbiased selection process to determine who shall be admitted whenever the school receives admission requests that are in excess of the school's capacity. (Education Code 35160.5)

Enrollment decisions shall not be based on a student's academic or athletic performance, except that existing entrance criteria for specialized schools or programs may be used provided that the criteria are uniformly

STUDENTS
INTRADISTRICT OPEN ENROLLMENT

applied to all applicants. Academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students. (Education Code 35160.5)

(cf. 6172 - Gifted and Talented Student Program)

Transportation

Except as required by 20 USC 6316 for transfers out of Title I PI schools, the district shall not be obligated to provide transportation for students who attend school outside their attendance area.

(cf. 3250 - Transportation Fees)

(cf. 3540 - Transportation)

Note: The following section is optional and may be revised to reflect district practice. Districts that do not provide transportation should delete this section.

Note: Pursuant to the CDE's Every Student Succeeds Act 2016-17 School Year Transition Plan (April 2016) and its Public School Choice FAQs, districts must continue to set aside Title I, Part A funds for transportation costs for students who transferred out of program improvement schools prior to the 2016-17 school year and for students who the district chooses to allow to transfer in the 2016-17 school year. In accordance with the CDE's transition plan and the U.S. Department of Education's Transitioning to the Every Student Succeeds Act (ESSA): Frequently Asked Questions (May 2016), any student who transferred under this option prior to the 2016-17 school year must be allowed to remain in the school of enrollment until he/she completes the highest grade offered in the school; see the accompanying administrative regulation.

Note: The district is not obligated to provide transportation for students who are transferring pursuant to the Open Enrollment Act. The district also is not obligated to provide transportation for students who are victims of violent criminal offenses or those who wish to transfer out of "persistently dangerous" schools pursuant to 20 USC 7912. If a district chooses to make transportation available to such students, it may use certain federal funds (e.g., Title IV, Part A, and Title V, Part A) to cover the costs. When a district chooses to provide transportation, U.S. Department of Education Guidance (Unsafe School Choice Option) clarifies that the district is not obligated to continue providing or paying for transportation after the school is no longer designated as "persistently dangerous."

~~Except as required for students who transferred out of a Title I program improvement school, the district shall not be obligated to provide transportation for students who attend school outside their attendance area.~~

~~*(cf. 3250 - Transportation Fees)*~~
