

## **School-Connected Organizations**

The Governing Board recognizes that parents/guardians and community members may wish to organize parent organizations, alumni associations, booster clubs, and/or community groups independent of the school or district for the purpose of supporting a school or district's educational and extracurricular programs through fundraising, volunteering, and strengthening school communities.

The Board appreciates the contributions made by such school-connected organizations toward the Board's vision for student learning and for providing all district students with high-quality educational opportunities.

Each school-connected organization is subject to its own bylaws and operational procedures or to the rules or bylaws of its affiliated state or national organization, as applicable.

The Superintendent or designee shall establish appropriate guidelines for the relationship between school-connected organizations and the district so that such partnerships follow Board policies, administrative regulations, and any rules of the sponsoring school.
