2014-2015 School Accountability Report Card

I. DATA AND ACCESS

SARC Data

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the new Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

Additional Information

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

II. ABOUT THIS SCHOOL

School Description and Mission Statement (Most Recent Year)

Bahia Vista Elementary School is a community-based elementary school in southeast San Rafael. It serves the communities east of Highway 101 and south of the San Rafael Canal, including Larkspur Landing and San Quentin. The students, parents, staff, and community members of Bahia Vista work toward the common goal of preparing the students to attend a university.

Bahia Vista serves a large number of English language learners, most of whom have Spanish or Vietnamese as their primary language. The educational program at Bahia Vista is both rigorous and tailored, designed to help all students develop to their fullest potential. The school draws on the strengths of its staff, students, parents and community members, collaborating to maximize its human resources. Programs and services are aligned to provide reinforcement of concepts and skills, consistency, and continuity. The school values biculturalism, diverse backgrounds, and global perspectives. At the same time, it provides strong, intensive, leveled instruction that prepares students for the rigors of higher education. Additional enrichment and remedial opportunities are available both throughout the school day and after school.

As a community-based school, Bahia Vista provides on-site services that include early childhood education, adult education, tutoring, counseling, and family support services. It is the mission of Bahia Vista School to empower a community of learners, ensuring that all stakeholders are involved and working toward the common goals of raising student achievement and establishing healthy foundations for learning.

III. CONDITIONS OF LEARNING

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence.

Teachers	School			District
	2013-2014	2014-2015	2015-2016	2015-2016
With Full Credential	24	24	27	242
Without Full Credential	0	0	0	0
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	3

Teacher Misassignments and Vacant Teacher Positions

A "teacher misassignment" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. A "vacant teacher position" is one in which a single designated teacher has not been assigned to teach an entire course at the beginning of the school year or semester. This table displays the number of teacher misassignments and vacant teacher positions for the most current three-year period. Note: *Total Teacher Misassignments* includes the number of *Misassignments of Teachers of English Learners*.

Indicator	2013-2014	2014-2015	2015-2016
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

III. CONDITIONS OF LEARNING

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2014-2015)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. This table displays the percent of classes in core academic subjects taught by and not taught by Highly Qualified Teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High-poverty schools are defined as those with student eligibility of approximately 40% or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39% or less in the free and reduced price meals program. For more information, see the *Improving Teacher and Principal Quality* Web page at <http://www.cde.ca.gov/nclb/sr/tg>.

Quality and Currency of Textbooks and Instructional Materials (Most Recent Year)

Curriculum development is a district-wide effort. Teachers and administrators from all subject areas form working committees to draft recommendations on courses of study, appropriate textbooks, and other instructional materials.

The California Department of Education has determined textbook selection and adoption schedules. The district follows the state schedule for these adoptions and has purchased textbooks from the most recent state-approved lists. All approved instructional materials are aligned with California content standards for core academic areas.

The Elementary School District Curriculum Advisory Council, composed of administrators, teachers, and parents representing each school in the district, reviews curriculum recommendations and revisions for all courses of study, appropriate textbooks, and other materials utilized in the support of the instructional program. The Curriculum Council recommendations are forwarded to the Board of Education for final approval. This is an ongoing process, assuring that all textbooks and instructional materials are systematically reviewed, updated, and supplemented.

This table shows some of the textbooks used with grade K-5 students. A comprehensive list of all textbooks is available at the district office.

III. CONDITIONS OF LEARNING

Availability of Textbooks and Instructional Materials (Most Recent Year)

With textbook funding assistance from the state and other sources, the district has been able to purchase sufficient materials to provide one textbook per student in all core subject areas. The Board of Education last approved the sufficiency of textbooks and instructional materials for the San Rafael City Schools Elementary District on September 21, 2015.

School Facility Conditions and Planned Improvements (Most Recent Year)

At Bahia Vista School, the campus is orderly, and students feel safe at school. The school ensures that on-site supervision is provided for programs that take place before and after school. The principal, teachers, and other staff serve as yard duty supervisors. In addition, students are trained as conflict managers and junior coaches. We also take further measures to ensure student safety after school. These measures include the Learning Enrichment After School Program (LEAP), Kids' Club, and home visits by family mentors as needed.

District and school policy require that during the school day all guests to the campus check in at the school office and obtain a "visitor pass" to identify them for security personnel and all staff and students.

The physical quality of the school campus influences teaching and learning. All students and faculty have a reasonable amount of classroom and open space.

Bahia Vista Elementary School was established in 1966, and completely rebuilt in 2005-2006 with voter-approved school bond funds, state modernization funds, and other capital facilities funds. The new facility is comprised of a two-story building and includes 21 classrooms, a multipurpose facility with a commercial kitchen, a library, technology center, space for educational support programs, and a student services (administration) building. The campus also includes three new playground areas for kindergarten, primary, and upper-level students, as well as a soccer field and new parking areas.

The district strives to ensure that all schools are clean, safe, and functional. All bathrooms, classrooms, and offices are cleaned daily. Students are encouraged to help keep the campus clean by recycling. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An online maintenance order request process is used to ensure efficient service and that emergency repairs are given the highest priority.

The state's School Deferred Maintenance Program, which provided state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components, became inoperative effective July 1, 2013. However, the district continues to make an annual contribution to support capital improvement projects, including deferred maintenance projects.

IV. PUPIL OUTCOMES

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Statewide Student Assessments

The Standardized Testing and Reporting (STAR) Program was last administered during the 2012-2013 school year. California's new statewide student assessment system, the California Assessment of Student Performance and Progress (CAASPP), was established January 1, 2014 and first administered during the 2013-2014 school year. The 2014-2015 CAASPP comprises the following required assessments:

- Smarter Balanced Summative Assessment, or computer adaptive test (CAT) and performance task (PT), for English-language arts and mathematics in grades 3 through 8 and grade 11.
- Early Assessment Program (EAP), which uses the Smarter Balanced Summative Assessments in grade 11.
- Alternate assessment field test for English-language arts and mathematics in grades 3 through 8 and grade 11.
- Science assessments including California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA), in grades 5, 8, and 10.

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes appear (—) when the number of students tested is ten or less.

California Assessment of Student Performance and Progress (CAASPP) Results for All Students (School Year 2014-2015)

This table displays the percent of students scoring at the Proficient or Advanced level (meeting or exceeding the state standards) on the CAASPP in the areas of English-language arts and mathematics for the 2014-2015 school year.

Parent involvement is a vital component of the educational program at Bahia Vista Elementary School. Bahia Vista would not be what it is today without the contributions of countless parents and guardians who give their time and expertise as volunteers and who share their financial resources to support the school's goals and aspirations.

Parents and guardians have the opportunity to play an active role in their child's school experience through a number of activities, including volunteering in the classroom or office, participating on the parent council, district and school English language advisory committees, parent-teacher associations, district and school site committees, fundraising campaigns, and helping with special events.

Bahia Vista parents feel welcome and encouraged to lend their support through various day-to-day contacts with staff as well as through informational and community-building events including family support team meetings, back-to-school night, family math nights, open house, the annual health and safety fair, and other special events. At an early stage parents are empowered to become full partners in the education of their children. Four of our site programs work toward this specific goal. These programs include the Latino Family Literacy program, our Pre-K Family Literacy program, our Head Start preschool services, and the Bahia Vista Family Center.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school, district, and state levels for the most recent three-year period.

School Safety Plan (Most Recent Year)

Date Reviewed and Updated: August 1, 2015

Date Discussed with School Faculty: August 18, 2015

Bahia Vista Elementary School has a comprehensive school safety plan covering all aspects of planning for emergency response and student safety. This plan is based on and coordinated with the district and county emergency preparedness plans. The plan is reviewed with school staff at the start of the school year. The plan is updated annually to increase preparedness for any emergency, including storms, fire, earthquake, or intruders on campus. All staff members have been trained in cardiopulmonary resuscitation (CPR) and first aid. Disaster drills are held once a semester throughout the year to prepare students in the event of such emergencies. In addition, the school participates in a county-wide disaster preparedness drill annually.

Key elements of the school safety plan include: procedures during emergencies, safety drills, emergency supplies, first aid, and updated phone numbers for city and emergency services.

VI. OTHER SARC INFORMATION

The information in this section is required to be in the SARC but it is not included in the state priorities for the LCFF.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics (due to a one-year waiver, this will not be reported for 2015)
- Attendance rates as an additional indicator (for elementary and middle grades only)
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ayl/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2014-2015)

This table displays an indication of whether the school, district, and state made AYP overall and whether the school, district, and state met each of the AYP criteria.

AYP Criteria	School	District	State
Made AYP Overall	Yes	Yes	Yes
Met Participation Rate – English-Language Arts	Yes	Yes	Yes

VI. OTHER SARC INFORMATION

Professional Development

All teachers in the San Rafael Elementary District have the opportunity to participate in four formal professional development days scheduled as part of the district calendar.

In 2014-2015, training topics included: California Common Core Standards, Everyday Math program, Fountas and Pinnell Benchmark Assessments, use of data for differentiated instruction, implementation of a Universal Access block, and instructional strategies to meet the needs of English language learners. These topics were selected based on CELDT scores, fluency scores, district benchmark data, and other student data.

Teachers and other key school staff members have opportunities for participation in professional development activities through district, school, categorical, grant, foundation, and parent-teacher organization funds. Professional development is focused to support the mission and goals of the district and each school site plan and may include site and district training, county offerings, state and national conferences, and workshops as appropriate.
