

Superintendent Evaluation

Sylvan Union School District

The following evaluation tool and the Administrative Performance Review (solicited anonymously from the Leadership Team) form the basis of the superintendent's annual evaluation. Board members individually complete the evaluation and submit it to the Board President on or before the date specified by him/her. After the Board President or designee compiles the results, the Board discusses the evaluation in closed session. A Board subcommittee (composed of the Board President and Vice President) then discusses the results with the superintendent. A copy of the evaluation (including the Administrative Performance Review) is placed in the superintendent's personnel file.

There are 5 domains formulating the overall structure of the evaluation tool:

- I. Relationship with the Board of Trustees
- II. Goal Setting and Implementation
- III. Leadership and Oversight
- IV. Communication and Community Relations
- V. Professionalism

The above domains are further described by performance standards which are rated as a part of the evaluation of the superintendent. The rating scale is described as:

Little/No Progress.....	Value of 1
Below Expected Progress.....	Value of 2
Expected Progress.....	Value of 3
Exceeded Expected Progress.....	Value of 4
Outstanding Progress.....	Value of 5

The superintendent's contract states that an automatic extension will be granted upon receiving a "satisfactory" evaluation. A score of 3.0 or higher constitutes a satisfactory evaluation. The Administrative Performance Review does not impact the score of the evaluation.
