

While progress is being made, leukemia causes more deaths than any other cancer among children, adolescents and young adults under 20 years old.

The Leukemia & Lymphoma Society (LLS) is the largest nonprofit health organization dedicated to finding cures for blood cancers. And though more than 20,000 schools across the country have helped LLS raise money to fund research, we still need your school to register for the LLS Student Series “Bring The Change” program to help save the lives of blood cancer patients.

BRING THE CHANGE

It’s a fun and interactive spirit week and coin drive with each day focusing on a different spirit wear item and coin.

- MONDAY**students wear pajamas and bring in pennies
- TUESDAY**students dress in bright colors for neon nickles day
- WEDNESDAY**students wear their shiniest bling and bring in dimes
- THURSDAY**students wear crazy hats and socks for quarters
- FRIDAY**students wear their favorite jersey or school colors and bring in all coins and dollars

Everyone loves spirit weeks especially when they’re combined with helping save the lives of blood cancer patients.

PATIENTS NEED YOUR HELP TODAY

LLS is funding cutting-edge research projects, some in the most promising new areas of immunotherapy and personalized medicine. Many of the treatments that LLS has helped fund are now having an impact on other cancers and chronic diseases. Allow your students to be a part of these incredible advances.

YOUR STUDENTS WILL LEARN

service to others ■ character building ■ leadership ■ philanthropy

EVERY 3 MINUTES,
someone in the U.S. is diagnosed
with a blood cancer.

EVERY 9 MINUTES,
someone dies from blood cancer.

**YOU CAN
CHANGE
THAT**

**STUDENTS CAN SEE HOW THEIR INVOLVEMENT HAS ACTUALLY
HELPED SAVE LIVES**

In March 2011, just before his 2nd birthday, Roel was diagnosed with acute lymphoblastic leukemia. After more than three years of chemotherapy, Roel remains in remission. That’s a great thing because his busy schedule of bike riding and spending time with his family at the beach does not allow any more time for cancer.
