

INSTRUCTION**SEXUAL HEALTH AND HIV/AIDS PREVENTION INSTRUCTION**

The Governing Board desires to provide a well-planned, integrated sequence of medically accurate and inclusive instruction on comprehensive sexual health and human immunodeficiency virus (HIV) prevention. The district's educational program shall provide students with the knowledge and skills necessary to protect them from sexually transmitted infections and unintended pregnancy and to have healthy, positive, and safe relationships and behaviors. The law permits the use of medically accurate statements that abstinence is the only way to prevent unintended pregnancy, as well as one means of preventing sexually transmitted infections. The district's educational program shall also promote understanding of sexuality as a normal part of human development and the development of healthy attitudes and behaviors concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family.

(cf. 5030 - Student Wellness)

(cf. 6142.8 - Comprehensive Health Education)

Comprehensive sexual health education and HIV prevention education shall be offered to all students in grades 7-12, including at least once in junior high or middle school and at least once in high school. (Education Code 51934)

The district's curriculum shall support the purposes of the California Healthy Youth Act as specified in Education Code 51930-51939, be unbiased and inclusive of all students in the classroom, and be aligned with the state's content standards. The district shall respect the rights of parents/guardians to supervise their children's education on these subjects and to impart values regarding human sexuality to their children.

(cf. 5141.22 - Infectious Diseases)

(cf. 5141.25 - Availability of Condoms)

(cf. 5146 - Married/Pregnant/Parenting Students)

(cf. 6143 - Courses of Study)

The Superintendent or designee may appoint a coordinator and/or an advisory committee regarding the district's comprehensive sexual health and HIV prevention curriculum. The advisory committee shall represent a divergence of viewpoints and may participate in planning, implementing, and evaluating the district's program.

(cf. 1220 - Citizen Advisory Committees)

The Board of Trustees recognizes that the primary responsibility for instruction on sexuality lies with the parent. The Board believes that a wholesome, well-planned sequence of instruction about family life and human sexuality is essential to the general education of all students. The Board accepts the responsibility to provide accurate and up to date information and opportunities for parent / student discussions about family life and human sexuality.

The Board recognizes that lack of information or misinformation may contribute to an increased risk for sexually transmitted diseases, unintended pregnancy, or sterility. Therefore, the District's curriculum shall help students understand the biological, psychological, social, moral, and ethical aspects of human sexuality and shall comply with the requirements of law and Administrative Regulation.

INSTRUCTION**SEXUAL HEALTH AND HIV/AIDS PREVENTION INSTRUCTION****Parent/Guardian Consent**

Annually, parents/guardians shall be notified, in the manner specified in the accompanying administrative regulation, that they may request in writing that their child be excused from participating in comprehensive sexual health and HIV prevention education. Students so excused by their parents/guardians shall be given an alternative educational activity. (Education Code 51240, 51938, 51939)

(cf. 5022 - Student and Family Privacy Rights)

A student shall not be subject to disciplinary action, academic penalty, or other sanction if the student's parent/guardian declines to permit the student to receive the instruction. (Education Code 51939)
