Hello Carol,

My apologies on the quote delay. We will not be able to offer "Off-Network" solutions through Verizon at this time for the distance needed. The GPS solution through Global Star will be the solution for an emergency situation.

There are 3 plans available with 2 different payment options, Monthly or Annually.

If you decide to choose the Orbit Unlimited or Galaxy Plan Unlimited, we can provide the Satellite Phone at no cost.

GPS-1600 Device \$499
