PLEDGE OF ALLEGIANCE Continued

Rasika led the audience in the Pledge of Allegiance.

Ms. Hulin then shared that Rasika was selected to be recognized because tonight she truly is an outstanding Superstar! Mrs. Hulin shared that her first memory of Rasika was one of her first days at Stockard Coffee. The office manager at the time taught her how to pronounce Rasika's last name. She also told Mrs. Hulin she would need to know how to pronounce it because she would be saying it a lot at the Superstar assemblies. Mrs. Hulin continued to tell the Board and audience that it is evident that Rasika is going to do amazing things when she gets older because she already does so much at Stockard Coffee. She is known as a fantastic student that wants to follow in her mother's footsteps by becoming a doctor. Rasika is highly involved at school as a Safety Patrol member, five student leadership groups, Leadership Academy, Assembly Leader, and a VIP on the primary playground. Rasika also helps her first grade reading buddy learn to read. In addition to all of this she still manages to find time to play the saxophone. Former teachers describe Rasika as wonderful, smart, artistic, helpful, loves to learn, takes pride in her successes, excellent work ethic, great role model for peers, responsible, motivated, confident, sought out by students, and kind hearted. Rasika is an exceptional Superstar and a name we will all want to know.

Mrs. Lindsey presented Rasika with a certificate for her accomplishment.

Recognition Presentation:

The school selected to be recognized at tonight's Board Meeting was Stockard Coffee Elementary School. Mrs. Laurie Hulin shared lots of wonderful and amazing things happening at Stockard Coffee. Mrs. Hulin shared how staff members at Stockard Coffee Elementary have embraced changes and continues to celebrate successes. Recently, their embedded coach challenged them with a quote, "If nothing changes, nothing changes." Since then, staff has reflected on their practices and made changes where necessary by evaluating through a different lens and refining their work. Mrs. Hulin shared that when they are satisfied with student progress, they celebrate. When they are dissatisfied with student progress, they evaluate and make changes until they see student growth and increase their collective efficacy.

RECOGNITION PRESENTATION Continued:

Stockard Coffee educators have very high standards for themselves and students. Mrs. Hulin stated that this group of educators won't give up until they are proud of every learning outcome, enrichment opportunity, and leadership possibility. They continue to work hard to fully embrace "Learning by Doing". Staff meetings have been reconstructed to begin with grade level sharing about something they have learned, a success or failure that led to more learning. They also share about students reaching individual, classroom or site goals. Mrs. Hulin also shared about their intervention practice and their goals for the upcoming school year. Stockard Coffee has also been focusing on Collective Responsibility for staff and students. Currently, 5th grade students have been working with 1st grade reading buddies. 4th grade students are working with Kindergarteners on class projects. The primary playground has VIPs who work with students teaching them the rules of the games and assisting them with problem solving. The student leadership program currently has 245 roles on campus. Staff coordinators include the LMA, Miss V, head custodian Miss Donna, and office manager Miss Denise. Students run Superstar assemblies, morning announcements, advertising of upcoming events, keeping the library organized and making decisions for the student body. Stockard Coffee Elementary offers many student enrichment opportunities such as robotics club for 4th and 5th graders and music performances. Mrs. Hulin concluded with Stockard Coffee's goal that all students will understand what it takes to be successful in academics, leadership and enrichment opportunities and want every student to experience that success. All of these opportunities are possible because of the amazing group, the Professional Learning Community that is Stockard Coffee.

Supt's Update:

a. Superintendent's Update – Focus Groups and Safety Update:

Mrs. Hendricks shared that everyone, even Board members are required to use the Keepntrack system at our school sites. Technology staff has confirmed that all Keepntrack devices are working at each of our sites. Mrs. Hendricks stated that use of the system is mandatory by all. Mrs. Hendricks shared the concerns and suggestions provided by parents at the most recent parent focus group meeting. One suggestion was to have sites lock gates during drop off and pick up and only allow one entrance on campus with staff monitoring the entrance. They also suggested placing cameras at sites and evaluating physical education practices when students run near the school on sidewalks. Mrs. Hendricks shared that parents have been extremely supportive of the safety measures implemented thus far. Mrs. Hendricks also had the opportunity to meet with classified and certificated focus groups to review any safety issues or concerns by staff. Dawn Mori, Director of Student Services, has contacted an individual at surrounding district to be our site secret shopper for the 2018-19 school year. Mrs. Hendricks shared she continues to meet and communicate with local first responders to review our safety, ideas, and emergency plans. Their feedback is fundamental to our safety plan and procedures. The first responders continue to emphasize that our plan is well organized and they highly recommend and support the district's plan for the use of radios and higher levels of security measures being put into place. Mrs. Hendricks also stated that staff will continue to keep a safety update as a standing agenda item. After discussion, the Board shared their support with staff to only allow one access point when entering a school site and using the scan in process for all.

According to our CASE score, the district is currently at 1071 which is at the top for being proficient. We are above the State of California at 1059 and Stanislaus County at 1067. Our contributing factors are our commitment to increased access to technology, expectations that students are using technology for learning, technology department increasing wifi points on campuses, and our District Instructional Coaches being Google Certified Level 1 or 2.
