## 2017-20 Plan Summary

### The Story

Describe the students and community and how the LEA serves them.

The Elk Grove Unified School District (EGUSD), located in one of the most diverse areas of California, is an award-winning district known for its commitment to academic excellence and learning for all students. The district is the fifth largest school district in California and the largest in Northern California, serving approximately 63,000 students with 88 different languages spoken. The district has 67 schools (42 elementary schools, 9 middle schools, 9 high schools, 4 alternative schools including one virtual online K-8 program, 1 charter school, 1 special education school, 1 adult education school, and offers preschool programs at 15 elementary sites). The district covers 320 square miles within the City of Elk Grove, the City of Sacramento, the City of Rancho Cordova, and the unincorporated area of Sacramento County. Offering a multitude of educational programs, including more than 70 career-themed academies and pathways within 15 industry sectors, we prepare our students for college, career and life, supporting them with the means to be creative problem solvers, self-aware, self-reliant, and self-disciplined; technically literate; effective communicators and collaborators; and engaged in the community as individuals with integrity. We integrate rigorous academics with career-based learning and real world workplace experiences and ensure that *Every Student is Learning, in Every Classroom, in Every Subject, Every Day to Prepare College, Career, and Life Ready Graduates.*

### LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

The key features of the EGUSD LCAP include:

The EGUSD Strategic Goals: The District's strategic goals maintain the focus of and coherence among the District's educational programs and services. All LCFF supplemental/concentration funds are utilized in alignment with the District's four strategic goals.

**Goal 1:** High Quality Classroom Instruction & Curriculum – All students will have access to standards aligned curriculum and receive high quality instruction to promote college, career, and life readiness and eliminate the achievement gap.

**Goal 2:** Assessment, Data Analysis & Action - All students will benefit from instruction guided by assessment results (formative, interim, and summative) and continuous programmatic evaluation.

**Goal 3:** Wellness - All students will have an equitable opportunity to learn in a culturally responsive, physically, and emotionally healthy and safe environment.

**Goal 4:** Family & Community Engagement - All students will benefit from programs and services designed to inform and involve family and community partners.

Needs Analysis Results: Thirteen priority themes emerged from the District's annual comprehensive needs analysis. The needs analysis results guided site and district level decision-making in determining program and related spending priorities.

1. Instructional Support: Common Core State Standards (CCSS), English Language Development (ELD), Special Education (materials, professional learning/coaching, technology, assessments)
2. Parent and Family Engagement: Education and communication
3. Expanded Learning: Before school/after school/intersession/summer school – includes tutoring and mentoring
4. English Learner Support: Student, staff, and parent support
5. Behavioral Support: School counseling, school psychologists, licensed clinical social workers, mental health therapists for all students and targeted subgroups, particularly Foster Youth and English Learners
6. Safe, Secure, and Well Maintained Facilities: Learning environments, school climate, buildings, equipment
7. College and Career Preparation: A-G, Gate/Honors/AP, course access, Linked Learning, AVID
8. Professional Learning: Certificated, classified, and leadership
9. Technology: Training to support teaching and learning for students, staff, and parents
10. Educational Equity: Efforts to reduce opportunity, access, and achievement gaps; promote diversity and cultural responsiveness
11. Student Engagement: Activities and recognition
12. Transportation: Services and support
13. Human Resources: Hiring, retention, and evaluating staff

# Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

## Greatest Progress

Districtwide improvements over the past three years in almost all district LCAP student outcome metrics are the trend.

High school graduation rates have improved overall and for many focus student groups. African American showed a 6.5 percentage point gain to nearly 86% by 2016. Hispanic, English Learner (EL), socioeconomically disadvantaged (SED), and students with disabilities (SWD) student groups improved from the previous year. The district's Dashboard color for the graduation rate indicator is "green."

The overall high school dropout rate improved from 4.9% to 4.2%, with large reductions for focus student groups: African American dropped from 9.7% to 6.5%, Hispanic from 6.0% to 5.4%, ELs from 7.1% to 5.9%, SED from 6.6% to 5.8%, and SWD from 10.8% to 8.6%. Foster youth and homeless dropout rates were 25.0% and 16.7% respectively.

The Class of 2017 A-G completion rate of 53.1% was an improvement from the Class of 2016 rate of 52.5%. Improvements were made for Hispanic, Homeless, and SED. African American, EL, foster, and SWD student groups showed declines.

Despite negative state trends in CAASPP ELA and Math, EGUSD (grades 3-8, 11) showed continued improvement. CAASPP English-language arts improved overall and for most focus student groups (African American, Hispanic, EL, SED, and SWD), though not for foster and homeless student groups. CAASPP mathematics also improved overall and for most focus student groups (African American, Hispanic, EL, foster, SED, and SWD), though not for homeless students. The district's Dashboard colors for the ELA and math academic indicators are both "yellow."

Increased access to middle school Honors courses is evident across all student groups. Increased access to high school Honors and AP/IB was evident overall including, Hispanic, SED, and SWD, though not for African American, EL, foster, and homeless.

The English learner redesignation rate was 20.7% in 2017-18 and was 15.7% in 2016-17, a large improvement from the 2015-16 rate of 8.1%. While there has been ongoing focus on instructional strategies beneficial to EL students, the increase is also due to an improved process of assessment

and review for redesignation consideration. The District's Dashboard color for the English language progress indicator is "green."

Districtwide, expulsion rates have decreased over the past three years, 0.06% in 2014-15, 0.05% in 2015-16, and 0.03% in 2016-17. Though disparities remain, reductions in the past year are evident in the following focus student groups: African American, Hispanic, EL, SED, and SWD.

Improved parent engagement is evident overall and by every ethnic group. Annual Parent Survey results showed increases in the percentage of parents reporting effective provision of opportunities for parent input in making decisions for schools/district, parent involvement, or parent education.

Another one of our successes is the work district leadership staff are involved in to create and sustain overall organizational processes that make program evaluation and its uses routine.

The district plans to build upon successes by deepening and improving the quality of implementation of our continuous improvement process. This includes conducting program evaluations of major efforts and formally reviewing programs with district leadership staff. This provides both formative and summative information, enabling staff to make timely programmatic adjustments as well as have outcome data to accurately make return on investment determinations.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

## **Greatest Needs**

In the Fall 2017 Dashboard, the District did not receive an overall "Red" performance level for any of the indicators, but did receive an overall "Orange" performance level for the Suspension Indicator. In addition, the district's local indicators are currently reported as "met." The District qualified for differentiated assistance due to two student groups being "red" in two or more Priority Areas:

Students with Disability (SWD) for ELA and math achievement (priority area 4) and suspension rate (priority area 6).

Foster Youth for graduation rate (priority area 5) and suspension rate (priority area 6).

After many years of decreasing suspension rates, the 2016-17 year showed an increase. The Dashboard shows the district status as "high" and change as "increased," rendering an "orange" for the district, but showing "red" for African American, Foster, and SWD student groups, and "orange" for American Indian, Hispanic, Pacific Islander, White, two or more ethnicities, EL, Homeless, and

SED. A review of the suspension infractions occurring at middle and high school for focus student groups showed a high proportion of physical aggression and substance possession, particularly for foster youth and homeless. In response, the district plans to provide additional training on trauma informed care and continued support to sites through case management of foster youth. At the elementary level a review of K violation and harassment, incidents prompted a need for training on preventative best practices. In addition, the district will provide training on calibrating discipline and utilizing progressive responses to discipline and restorative practices. These efforts should improve suspension rates overall and across all student groups, particularly those student groups for which suspension rates were “red” (African American, SWD, and foster youth).

Outside of the dashboard, an assessment of district performance on local LCAP metrics shows an area of need in student achievement, as CAASPP and Early Assessment Program (EAP) (grade 11) 2016-17 levels did not meet our local LCAP targets. While the district demonstrated growth in the percentage of students meeting standards in ELA and Math, and demonstrating college preparedness on the EAP ELA assessment, the improvement was not as significant as expected. Comprehensive professional learning and professional development specifically targeted to improving instruction and assessment of EL students is being implemented to address this gap area. The District’s instructional materials adoption plans are also expected to address this need. Instructional material adoptions for high school in Math, Science, and Social Sciences as well as recent ELA intervention material at the secondary level, and new Math curriculum and courses for students with significant gaps in their mathematical learning (particularly for SWD) is expected to improve student academic outcomes. Deeper implementation of the District’s learning standards will also impact academic outcomes. Teacher survey data on state standards showed improved implementation overall from 2015-16 to 2016-17, and in all subject areas except for Health which stayed constant, and PE and Library standards which decreased. Professional learning specific to the various types of student assessments (formative, interim, and summative) is expected to yield improved outcomes. The District will also continue to focus on instructional strategies beneficial to our EL population, as well as classroom walkthroughs to support and monitor frequency and quality of implementation. In addition, EL Program staff are investigating and improving support structures and operational systems behind EL processes to assure students are in appropriately leveled classes and all students are assessed and reviewed for redesignation consideration.

While improved academic achievement will likely impact graduation rates, a greater emphasis will also be placed on communications to student, parents, and site staff on the alternate graduation plan available to foster and homeless students, as well as the California High School Proficiency Exam (CHSPE) with fee waivers for foster youth and homeless student. These may provide additional pathways to success that might better fit the needs of students.

While our district-wide average student outcome goals were primarily favorable, disaggregation of data specific to student groups, particularly African American, Hispanic, students with disabilities, EL, and Foster Youth students showed a continued disparity. Across almost all measures, Foster Youth and Homeless students showed the greatest need for focused attention. The District has a number of initiatives that should positively affect these student groups in the near future. The District’s Equity Strategic Plan was developed and approved in the 2017-18 year, and will begin implementation in 2018-19. The District Wellness/PBIS initiative and trauma informed care professional development plans, paired with new culture/climate data feedback from student, staff, and parent perspectives, and

social emotional learning measures, will allow us to monitor progress and improve in these important intermediary or influencing areas.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

## **Performance Gaps**

In addition to the two student groups and priority areas for which the district was identified for differentiated assistance, the foster youth and homeless student groups were two performance levels below the “all student” performance level on the ELA achievement indicator. In 2017, these student groups were “very low” and they “significantly declined” and “declined,” respectively.

To address these performance gaps with foster youth and homeless students, the District will continue its focus on effective instructional strategies and continue to train and support certificated and classified staff. In addition, staff will continue to conduct comprehensive program reviews and an ongoing evaluation of our service delivery models.

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

## **Increased or Improved services**

Teacher quality is a significant influencer on student learning. A continued focus will be spent on professional learning (PL) and professional development (PD) with a specific emphasis on content standards implementation, utilization of newly acquired CCSS aligned instructional materials, formative assessment, instructional coaching, and early literacy instruction. A four-step evaluation methodology for PL/PD is utilized to ensure the adult learning reaches the desired levels of performance improvement:

1. Applicability to the adult learner
2. Knowledge/skill acquisition and/or adult development
3. Application of acquired knowledge, skill, and/or adult developmental characteristics
4. Improved performance of the practitioner and impact on student learning

Expanded and improved services for English Learners continues to be a major focus for the District. The District’s EL Strategic Plan guides the design, development, implementation, and evaluation of EL programs/services and includes ELD standards implementation, utilization of newly acquired instructional materials, EL instructional coaching, school master schedule structural supports, site EL coordination services, coordinated and calibrated EL walk-through practices qualitatively determines the impact of EL programmatic results on improved student learning. Utilization of the District’s continuous improvement methodology (Decision Making Model [DMM] – a derivative of Human

Performance Technology) ensures all EL programs/services are monitored for effectiveness and continuously improved.

Wellness programs and services will continue to be provided to all students with a particular emphasis on Foster Youth, Homeless, and Socio-economically Disadvantaged students. The Decision Making Model will be used to evaluate Foster Youth communication practices and Positive Behavior and Intervention Supports (PBIS) in all 67 schools, homeless educational services, attendance improvement efforts, and school climate and connectedness data gathering and analysis systems.

## Budget Summary

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION	AMOUNT
Total General Fund Budget Expenditures For LCAP Year	\$ 653,595,265 (17/18) (18/19-TBD)
Total Funds Budgeted for Planned Actions/Services to Meet The Goals in the LCAP for LCAP Year	\$ 521,728,122 (17/18) (18/19- TBD)

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

The Elk Grove Unified School District implements and evaluates comprehensive and integrated academic, wellness, and family and community services in order to realize the District’s learning vision – *Every student learning in Every classroom, in Every subject, Every day to prepare college, career, and life ready graduates.*

The District strives to implement its strategic vision toward improving student outcomes while maintaining fiscal solvency. Currently the District’s LCAP outlines approximately 80% of its expenditures, specifically identifying the initiatives and corresponding expenditures that demonstrate a direct correlation to the State’s eight priorities. Some of the District’s expenditures have an indirect impact to the learning environment such as those in the following areas: Instructional Administration (\$53M) which is staff and other resources that support instructional staff in planning, developing, and evaluating the learning process and experiences for students; Guidance and Counseling Services, Health Services, and Transportation (\$22M); General Administration (\$36M) which includes District oversight by the Superintendent and administration of business operations as well as items such as rents and facilities. The final expenditures are our federally funded Title I program (\$16M) and Prop 49 After School Programs (\$3M). Information specific to these and other programs can be found in the District’s Local Educational Plan.

DESCRIPTION	AMOUNT
Total Projected LCFF Revenues for LCAP Year	\$ 529,530,992 (17/18) (18/19-TBD)

# Annual Update

## LCAP Year Reviewed: 2017-18

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

### Goal 1

All students will have access to standards aligned curriculum and receive high quality classroom instruction to promote college, career, and life readiness and eliminate the achievement gap.

State and/or Local Priorities addressed by this goal:

State Priorities: Basic Services, Implementation of State Standards, Pupil Achievement, Course Access

Local Priorities: None

### Annual Measureable Outcomes

Expected

Actual

*Because the 2017-2018 school year has not yet ended and metrics for 2017-2018 are not yet available, EGUSD's 2016-17 actual results compared to 2016-17 goals or 2017-18 new/revised metrics are described below.*

98% of core courses have teachers who are appropriately assigned and fully credentialed/ certified in the subject areas in which they teach.

Data not yet available for 2016-17 or later. Data reporting parameters changed for CBEDS in 2016-17 and district staff must add information to make data comparable to previous years. In 2015-16, 96.7% of core courses had teachers who were appropriately assigned and fully credentialed/ certified in the subject areas in which they teach.

100% of students have access to standards-aligned instructional materials.

100% of students have access to standards-aligned instructional materials. 2016-17 goal of 100% met.

Increase in percentage of teachers surveyed reporting full implementation of state content standards in ELA, Mathematics,

65.2% of teachers surveyed reported full implementation of state content standards in ELA, Mathematics, English Language

Expected

Actual

*Because the 2017-2018 school year has not yet ended and metrics for 2017-2018 are not yet available, EGUSD's 2016-17 actual results compared to 2016-17 goals or 2017-18 new/revised metrics are described below.*

English Language Development, Science, History/Social Science, PE, Health, School Library, Career Technical Education, Visual and Performing Arts, and World Language.

Development, Science, History/Social Science, PE, Health, School Library, Career Technical Education, Visual and Performing Arts, and World Language. Goal of increasing implementation, associated with the new 2017-18 goal, has occurred as the percentage of teachers reporting full implementation increased from 62.5% in 2015-16 to 65.2% in 2016-17.

A broad course of study will be measured by:  
50% of middle school students will be enrolled in Honors courses.  
50% of high school students will be enrolled in Honors and AP/IB courses.  
60% of high school students will be enrolled in CTE courses.  
Reduce disparity among student groups by 10%.

Goals and metrics for broad course of study are new for 2017-18, and goal attainment will be assessed once 2017-18 data are available. 2016-17 data show:  
52% of middle school students were enrolled in Honors courses.  
47% of high school students were enrolled in Honors and AP/IB courses.  
52% of high school students were enrolled in CTE courses.  
Disparity among student groups was not formally measured in 2015-16 and 2016-17, but will be measured to report on 2017-18 goal. EGUSD's previous metric was not quantitatively measured as it was expected that CDE's Dashboard College and Career indicator would provide a measure and/or **guidance**. As the CDE's measure is still in development, EGUSD opted to return to representing broad course of study going forward.

59% of students will meet or exceed standards in ELA as measured by CAASPP; reduce disparity among student groups by 10%.

54% of students met or exceeded standards in ELA as measured by CAASPP. Disparity decreased 9% for African American, decreased 8% for Hispanic, and decreased 9% for SED.

Expected

Actual

*Because the 2017-2018 school year has not yet ended and metrics for 2017-2018 are not yet available, EGUSD's 2016-17 actual results compared to 2016-17 goals or 2017-18 new/revised metrics are described below.*

<p>50% of students will meet or exceed standards in mathematics as measured by CAASPP; reduce disparity among student groups by 10%.</p>	<p>44% of students met or exceeded standards in mathematics as measured by CAASPP. Disparity decreased 10% for African American, decreased 3% for Hispanic, and decreased 8% for SED.</p>
<p>Participate in Science CAASPP field test.</p>	<p>97.5% of students participated in Science CAASPP field test.</p>
<p>64% of students will demonstrate college preparedness (conditional and unconditional) as measured by the EAP in ELA.</p>	<p>65% of students demonstrated college preparedness (conditional and unconditional) as measured by the EAP in ELA.</p>
<p>41% of students will demonstrate college preparedness (conditional and unconditional) as measured by the EAP in Math.</p>	<p>39% of students demonstrated college preparedness (conditional and unconditional) as measured by the EAP in Math.</p>
<p>65% of EL students will demonstrate progress toward English proficiency as measured by CELDT and ELPAC (if equated), or  Establish baseline English Proficiency status as measured by first administration of ELPAC.</p>	<p>62.0% of EL students increased one level of English proficiency as measured by CELDT (fall 2015 to fall 2016).</p>
<p>11% redesignation rate for English Learners.</p>	<p>16% redesignation rate for English Learners.</p>
<p>55% of students will complete A-G requirements upon graduation.</p>	<p>53% of students met A-G requirements upon graduation (Class of 2016).</p>
<p>24% of students will complete CTE sequence upon graduation.</p>	<p>Goal and metric for CTE completion changed for 2017-18, and goal attainment will be assessed once 2017-18 data are available. Previous trend data show 13% completion in 2015-16 and 19% completion in 2016-17.</p>
<p>28% of students will pass an AP/IB exam upon graduation.</p>	<p>Goal and metric for AP/IB changed for 2017-18, and goal attainment will be assessed once 2017-18 data are available. Previous trend data show 27% passage in 2015-16 and 29% passage in 2016-17.</p>

## Actions / Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

### Action 1

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Review and monitor authorizations and/or certifications of teachers, assure appropriate assignment to courses taught, and monitor changes to state policies/procedures as new ESSA laws and regulations are implemented.</p>	<p>Actions fully implemented - Human Resources reviewed 2016-17 and 2017-18 teacher and course data and determined additional documentation and data maintenance is necessary, above and beyond required state reporting, in order to maintain existing levels of progress monitoring to assure appropriate assignment of teachers to courses. In addition, the implementation of the district's new Student Information System (SIS) required review and clarification of data parameters.</p>	<p>\$36,194 LCFF-Base Resource:0000 Object: 2000/3000</p>	<p>\$41,134 LCFF-Base Resource:0000 Object: 2000/3000</p>

### Action 2

## Analysis

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

As is evidenced from the planned-actual comparisons noted above, EGUSD had both high levels of implementation and high levels of fidelity with planned actions/services. All planned actions/services (20 of 20) were fully implemented.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

EGUSD continues to actively develop data feedback loops to support formative evaluation of the quality of implementation of various efforts, as well as to accurately evaluate educational programs/services in a summative fashion. The level of priority this has is evidenced in the fact that it is part of one of the District’s four strategic goals (Strategic Goal 2).

A summary of the effectiveness of several of the District’s major Strategic Goal 1 programs/services is noted below:

- English Learner Services – Program implementation measures are captured each year and show improvements over time. In addition, there is a positive correlation between the quality of implementation of instructional strategies, well structured instructional programs, teacher perception of knowledge/skill, and active participation in the evaluation process with improved attendance and student achievement.

- Expanded Learning – There is a positive correlation between increased academic intervention and enrichment opportunities and increases in targeted student sub-group participation in GATE, Honors, AP, and IB courses. Graduation rates remain high across the District and have increased in part due to expanded learning and credit recovery opportunities. Though graduation rates of foster youth, homeless, and students with disabilities have increased, the overall level is relatively low.
- Foster Youth Services – The expansion of support services has broadened the overall service network provided to Foster Youth students. A program evaluation is under development which will tie programs/services to student achievement, attendance and behavioral outcomes.
- Professional Learning – EGUSD utilizes four levels of evaluation for professional learning: applicability to the learner, knowledge/skill acquisition, knowledge/skill utilization, and improved performance. Extensive efforts are undertaken during and after training sessions to gather feedback and assessment information for levels 1-3. The data reveals high levels of participant satisfaction, high levels of learning and moderate-high levels of implementation. The acquisition of CA Learning Standards aligned instructional materials and related professional learning has significantly enhanced the District’s ability to support high quality instruction. Work is underway to develop a framework, centered on lesson design and supported by key components of effective instruction. This will enable the District to move more deeply into level four of professional learning evaluation.
- Wellness/Positive Behavioral Interventions and Supports/Multi-Tiered Systems of Support – A program evaluation is in place to comprehensively measure PBIS implementation, to track progress over time and assess its relationship with student outcomes. Current program data shows a positive relationship between targeted student services delivered under PBIS/MTSS and decreases in problematic student behaviors.
- College and Career – Longitudinal data has indicated a strong and positive correlation between students participating in CA Partnership Academy programs and student achievement.
- K-3 Literacy/On Grade Level Reading – Professional learning evaluation data is extremely positive with teachers overwhelmingly reporting favorable learning experiences. Teacher knowledge of early literacy has increased over time, given results from our teacher test. Preliminary analysis of teacher knowledge and student outcomes showed a small positive correlation, while future analysis will focus on student outcome growth.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There were no material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Component of Existing Action:

Existing planned PL on new curriculum will continue to focus on ELA and Math intervention materials for students with significant gaps in their learning (particularly for SWD).

Changes to Outcomes and Metrics:

- A comprehensive review and assessment of CTE pathways and associated courses identified a number of CTE courses with content coverage not fully aligned to CTE Model Standards. Courses were recategorized as not-CTE thereby reducing the percentage of students enrolled in CTE courses across the district. Given this correction, new baselines will need to be determined and new goals set for CTE course enrollment and CTE sequence completion. Changes can be found in Goals, Actions, and Services, Goal 1, EAMOs #4 and #13.
- Statewide CAASPP ELA and Math gains were not as high as expected, with many districts maintaining or declining in student achievement. EGUSD continued with improvements, though gains were not as high as expected, so improvement goals were adjusted. Changes can be found in Goals, Actions, and Services, Goal 1, EAMOs #5 and #6.

## Goal 2

All students will benefit from instruction guided by assessment results (formative, interim, and summative) and continuous programmatic evaluation.

State and/or Local Priorities addressed by this goal:

State Priorities: Basic Services, Implementation of State Standards

Local Priorities: None

## Annual Measureable Outcomes

Expected

Actual

*Because the 2017-2018 school year has not yet ended and metrics for 2017-2018 are not yet available, EGUSD's 2016-17 actual results compared to 2016-17 goals or 2017-18 new/revised metrics are described below.*

<p>100% of the following programs are evaluated: EL, Wellness, Expanded Learning, Attendance Improvement Initiative, Instructional Coach Model, Tobacco Use Prevention Education, Improve Your Tomorrow, Security and Safety, On Grade Level Reading (OGLR), Foster Youth, Homeless, and Family and Community Engagement.</p>	<p>Annual program evaluations are in place for all of the 12 programs listed.</p>
<p>50% of the district's student assessment system will be implemented.</p>	<p>Currently, the student assessment system is in the planning phase. A committee of teachers will make recommendations on an assessment system by spring, implementation and preparation for release is expected to occur during the 2018-19 year, and release to the field and districtwide use will occur in 2019-20.</p>
<p>80% of employees will express satisfaction with implementation of new student information system.</p>	<p>The Technology Services Department will administer a survey at the end of the 2017-18 school year to assess employee satisfaction with implementation of new student information system.</p>

## Actions / Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

## Action 1

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Research and Evaluation Department manages and evaluates student and programmatic data to support and guide continuous improvement planning and decision making.</p>	<p>Action fully implemented - Data synthesis and analysis was conducted for all state mandated student metrics. Detailed District and school level reports are available to all stakeholders. Program evaluations are being designed, and implemented for all major District programs/services including but not limited to, English Learner Program, Wellness, Expanded Learning, Attendance Improvement Initiative, Instructional Coach Model, Tobacco Use Prevention Education, Improve Your Tomorrow, On Grade Level Reading (OGLR), Foster Youth, Homeless, Family and Community Engagement, and Equity Efforts.</p>	<p>\$978,215 LCFF Base (\$733,661) LCFF Supp/Conc (\$244,554) Resource: 0000 Object: 2000/3000</p>	<p>\$839,973 LCFF Base (\$595,419) LCFF Supp/Conc (\$244,554) Resource: 0000 Object: 2000/3000</p>

## Action 2

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Continue the development of the district's Comprehensive Student Assessment System with an initial focus on K-12 math, grades 2 and 3 interim assessments, expanding to include interim and summative assessments integrated with the new</p>	<p>Action fully implemented – The Collaborative Assessment Planning Team (CAPT) and District subject matter steering committees continued work in teacher and administrator assessment literacy. A K-12 Assessment Steering Committee was</p>	<p>See Goal 1, Item #4</p>

student information system (Synergy), and a focus on teacher/administrator assessment literacy.	formed and reviewed assessment systems and provided input and recommendations on systems that would support teaching and learning, as well as integrate with Synergy. It is expected that planning and preparation for implementation would take place during 2018-19 and full implementation would occur in 2019-20.		

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

As is evidenced from the planned-actual comparisons noted above, EGUSD had both high levels of implementation and high levels of fidelity with planned actions/services.

The two actions/services had 100% implementation levels. Actions/Services 1 has become established practice over the years. Actions/Service 2 is a multi-year effort and all 2017-18 actions were completed setting the stage for 2018-19 work.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

- Strategic Goal 2, while directly related to supporting students, is not measured by student data. The development of a comprehensive program and student assessment system is paramount to the District's ability to continuously improve the quality of its educational programs.

- Both student and program assessment systems are being viewed through the lenses of design/development, implementation, and evaluation. Key performance indicators have been identified, evidence of progress is tracked and progress reported to key stakeholders. A brief analysis of each is noted below
- .Program Evaluation: High impact educational programs have been identified and evaluation strategies are in place or in development; the development of Program Implementation Ratings for the major educational program efforts will assist school leaders in monitoring program components and quality expectations for their site programs; ongoing formative and summative program evaluation support is in place for efforts in all goal areas, with differing types of support as program leads institute formative and summative feedback loops as established practice over the years.
- Student Assessment System: Professional development around formative, interim, and summative assessment continued through steering committees and related messaging through various other venues is building knowledge and awareness of the beneficial uses of a district assessment system; the K-12 Assessment Steering Committee provided thoughtful input to the District's future districtwide assessment system, providing increasing confidence of system us.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There were no material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Changes to Actions:

- Assessment System goals were adjusted to provide more time for planning and preparation for implementation, with full implementation in the field occurring in 2019-20 rather than 2018-19. 2018-19 actions will focus on integration with the District's new Student Information System (SIS), identifying and/or developing assessments, loading assessments into the system, and developing training materials. Changes can be found in Goals, Actions, & Services, Goal 2, Action #2.

## Goal 3

All students will have an equitable opportunity to learn in a culturally responsive, physically, and emotionally healthy and safe environment.

State and/or Local Priorities addressed by this goal:

State Priorities: Basic Services, Pupil Engagement, School Climate

Local Priorities: None

## Annual Measureable Outcomes

Expected

Actual

*Because the 2017-2018 school year has not yet ended and metrics for 2017-2018 are not yet available, EGUSD's 2016-17 actual results compared to 2016-17 goals or 2017-18 new/revised metrics are described below.*

Increase attendance rate to 96.1%.	Attendance rate was 95.8%.
Decrease chronic absenteeism to 10.6%	Decreased chronic absenteeism to 10.8%.
Decrease middle school dropout rate to 0.20%.	Decreased middle school dropout rate to 0.16%.
Decrease high school cohort dropout rate to 4.1%.	Decreased high school cohort dropout rate to 4.2% (Class of 2016).
91.5% of students will graduate high school on time.	91.0% of students graduated high school on time (Class of 2016).
Decrease suspension rate to 6.8%, and reduce disparity among student groups by 10%.	Increased suspension rate from 7.5% to 7.9%. Disparity decreased 3% for African American, increased 5% for Hispanic, and increased 1% for SED.
Decrease expulsion rate to 0.03%, and reduce disparity among student groups by 10%.	Decreased expulsion rate to 0.03%. Disparity decreased 72% for African American, decreased 142% for Hispanic, and increased 29% for SED.
Improvement in school climate as reported by students, school staff, and parents.	New measures and baselines established for school climate. Students reported 71%, school staff reported 84%, and parents reported 88% average favorable response in 2016-17. By 2017-18 to date, students reported decreases to 66%, and school staff

Expected

Actual

*Because the 2017-2018 school year has not yet ended and metrics for 2017-2018 are not yet available, EGUSD's 2016-17 actual results compared to 2016-17 goals or 2017-18 new/revised metrics are described below.*

	reported increases to 85% favorable response. Parent reports of school climate will be available in late summer.
100% of students will have clean, safe, and well-maintained facilities as measured by the FIT Healthy School Survey and Williams Reviews.	100% of students had clean, safe, and well-maintained facilities as measured by the FIT Healthy School Survey and Williams Reviews.

**Actions / Services**

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

**Action 1**

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Continue to provide transportation services to identified SED students to improve attendance.	Action fully implemented – Continued transportation services to identified SED students to improve attendance.	\$3,625,942 LCFF Supp/Conc Resource: 0000 Object: 2000/3000/4000	\$3,526,743 LCFF Supp/Conc Resource: 0000 Object: 2000/3000/4000

**Action 2**

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Maintain the Attendance Improvement Office staffing and services.	Action fully implemented – Maintained Attendance Improvement Office staffing and services.	\$380,072 LCFF Supp/Conc Resource: 0000	\$340,160 LCFF Supp/Conc Resource: 0000

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
		Object: 1000/2000/3000/5000	Object: 1000/2000/3000/5000

### Action 3

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Provide services and resources for full implementation of multi-tiered systems of supports at all schools, including PBIS programs.	Action fully implemented – All EGUSD schools are implementing PBIS programs and current efforts are focused on deepening and improving implementation.	\$3,672,178 Special Ed Mental Health Funds Resource: 6512 Object: 1000/2000/3000/4000 /5000	\$3,672,178 Special Ed Mental Health Funds Resource: 6512 Object: 1000/2000/3000/4000 /5000

### Action 4

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Supplemental PBIS support principally directed to targeted students. (LEA-Wide): <ul style="list-style-type: none"> <li>\$1,000 per school allocated to support PBIS program implementation. (LEA-Wide).</li> </ul>	Action fully implemented – A multi-divisional team is in place planning, implementing and evaluating all aspects of the Multi-Tiered Systems of Support (MTSS) being implemented in all schools. This includes PBIS programs, Restorative Practices, Elementary Development Guidance programs at select elementary schools, bully prevention, systematic mental health services, and trauma-informed care.	\$65,000 LCFF Supp/Conc Resource: 0000 Object: 1000/3000/4000/5000	\$45,989 LCFF Supp/Conc Resource: 0000 Object: 1000/3000/4000/5000

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<ul style="list-style-type: none"> <li>Secondary PBIS Coordinator staffing (2.3 FTE for MS, 3.3 FTE for HS) to support management of PBIS implementation. (All Secondary Schools).</li> <li>Mental Health and Social Emotional Learning support: Mental Health Therapists (+3.0 FTE) and Behavior Support Specialists (+3.0 FTE). (LEA-Wide).</li> <li>Middle School Conference to support social emotional learning and student wellness. ## Action 5

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Continue augmentation of student activities funds for secondary Title I schools to increase student engagement and connections to school.	Action fully implemented – Augmentation funds continued at secondary Title schools for student activities to expand student engagement and school connectedness programs.	<p>\$30,000 LCFF Supp/Conc Resource: 0000 Object: 4000</p>	<p>\$30,000 LCFF Supp/Conc Resource: 0000 Object: 4000</p>

## Action 6

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Provide supervision to promote student health, safety, and discipline (breakfast program supervision).	Action fully implemented – Supervision support was provided to promote student health, safety, and discipline.	\$224,692 LCFF Supp/Conc Resource: 0000 Object: 2000/3000	\$225,322 LCFF Supp/Conc Resource: 0000 Object: 2000/3000

## Action 7

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Provide Food and Nutrition support for our largest, high density SED schools.	Action fully implemented – Provided breakfast, lunch and after-school food programs.	\$600,000 LCFF Supp/Conc Resource: 0000 as a transfer to Fund 13 Child Nutrition Fund Object: 7619	\$600,000 LCFF Supp/Conc Resource: 0000 as a transfer to Fund 13 Child Nutrition Fund Object: 7619

## Action 8

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Continue to provide increased services and personnel to Title and non-Title elementary schools with high concentrations of SED students, to allow for expanded learning opportunities and to ensure a clean and safe learning environment.	Action fully implemented – Continued additional custodial FTE to ensure a safe, clean learning environment is maintained under extended daily hours to accommodate expanded learning opportunities. Cost of personnel was less than anticipated.	\$343,767 LCFF Supp/Conc Resource: 0000 Object: 2000/3000	\$312,139 LCFF Supp/Conc Resource: 0000 Object: 2000/3000

## Action 9

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Continue to provide services, equipment and personnel to ensure student and staff have access to clean, safe and well-maintained facilities.	Action fully implemented – Provided comprehensive maintenance and facilities services.	\$30,958,477 LCFF Base (\$19,732,352) RRM (\$11,226,125) Resource: 0000/8150 Object: 2000/3000/4000/5000	\$30,408,980 LCFF Base (\$19,729,540) RRM (\$10,679,440) Resource: 0000/8150 Object: 2000/3000/4000/5000

## Analysis

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

As evidenced from the planned-actual comparisons noted above, EGUSD had both high levels of implementation and high levels of fidelity with planned actions/services. 100% of planned action/services were fully implemented.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

A summary of the effectiveness of the District’s major Strategic Goal 3 programs/services is noted below:

- Special Education/SED transportation – The provision of transportation services to SED Special Education students supports high levels of attendance which correlates to academic success.
- Attendance Improvement Office (AIO) - The overall implementation of the Attendance Improvement office resulted in consistent and improved attendance procedures across the district. Student Action Review Team was established and students who were identified as chronically absent met with the attendance team. A new attendance manual was completed and office staff were trained. Several PACT meetings were held. The Attendance Improvement Office developed a public service announcement on importance of attendance and it was shown at Elk Grove movie theaters.

- Positive Behavioral Intervention & Supports (PBIS) – Success indicators were numerous including the provision of targeted professional learning for staff, students, families, and community members. District leadership teams have provided guidance and oversight of the comprehensive Wellness Implementation plan that includes; creating online Wellness resources, i.e., training materials, videos, testimonials, information brochures on PBIS, Suicide Awareness, Bully Prevention, etc. Collaboration with various departments and community stakeholders has provided a more far reaching level of implementation and deeper understanding of culturally responsive, physically, and emotionally safe environments. All school sites have been provided PBIS Tier 1 training. Based on fidelity implementation measures several sites have also been provided PBIS Tier 2 training and implementation supports.
- Student Activities funding augmentation – Funds were applied directly to secondary schools with high density SED populations. These monies provided enhanced leadership, student unity, and community outreach opportunities and activities.
- Enhanced cafeteria supervision – These resources, targeted to high density SED population schools, directly and positively impacted the breakfast programs that serve thousands of the District SED elementary students. Maintaining an orderly, respectful, safe and nurturing cafeteria environment promotes student health and nutrition which has a significant correlation to student academic and behavioral performance.
- Food and Nutritional Services – The provision of high quality food and nutritional services to students in high density SED schools promotes positive health and nutrition which has a significant correlation to student academic and behavioral performance.
- Custodial Services – The augmentation of custodial services at schools with high density SED populations ensures a clean and well maintained learning environment as well as expands the hours the schools provides educational services. The quality and condition of the schools annually meets or exceeds State standard requirements as confirmed through the CA Facilities Inspection Tool.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There were no material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Component of Existing Action:

Existing planned MTSS/PBIS implementation efforts will continue but with an increased focus on trauma informed care, calibration of discipline, utilization of progressive responses to discipline, and state guidelines and best practices.

Changes to Outcomes and Metrics:

Suspension rate in 2016-17 was not as expected so goals were modified to align to improvement trendline of past few years. Changes can be found in Goals, Actions & Services, Goal 3, EAMO#6.

## Goal 4

All students will benefit from programs and services designed to inform and involve family and community partners.

State and/or Local Priorities addressed by this goal:

State Priorities: Parental Involvement

Local Priorities: None

### Annual Measureable Outcomes

Expected

Actual

*Because the 2017-2018 school year has not yet ended and metrics for 2017-2018 are not yet available, EGUSD's 2016-17 actual results compared to 2016-17 goals or 2017-18 new/revised metrics are described below.*

78% of parents will indicate effective provision of opportunities for parent input in making decisions for schools or the district.

76% of parents indicated effective provision of opportunities for parent input in making decision for schools or the district.

84% of parents will indicate effective provision of opportunities for parent involvement or parent education, particularly for unduplicated pupils and individuals with exceptional needs.

85% of parents indicated effective provision of opportunities for parent involvement or parent education, particularly for unduplicated pupils and individuals with exceptions needs.

### Actions / Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

## Action 1

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Maintain Bilingual Teaching Associates and provide them with professional development specific to effective communication strategies to in order to facilitate strong partnerships with parents, and collaborate with EGUSD's Office of Family and Community Engagement.</p>	<p>Action fully implemented – Maintained BTA staffing and provision of professional development. Actual expenditures did not match estimated expenditures.</p>	<p>\$1,330,543 LCFF Supp/Conc Resource: 0000 Object: 2000/3000</p>	<p>\$971,256 LCFF Supp/Conc Resource: 0000 Object: 2000/3000</p>

## Action 2

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Implement the EGUSD Family and Community Engagement Strategic Plan.</p>	<p>Action partially implemented – Implemented Year 2 of the District's Strategic Plan. Direct support to schools has been provided with continued emphasis on the Home Visitation Program and communications with EGUSD families. Due to the implementation of a new site funding model, site allocations were given later than usual thus allowing less time to fully utilize the funds. Funds will be carried over and fully utilized in 2018-19.</p>	<p>\$482,460 LCFF Supp/ConcResource: 0000 Object: 1000/2000/3000/4000 /5000</p>	<p>\$425,592 LCFF Supp/ConcResource: 0000 Object: 1000/2000/3000/4000 /5000</p>

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

As is evidenced from the planned-actual comparisons noted above, EGUSD had both high levels of implementation and high levels of fidelity with planned actions/services. 100% of planned actions/services were fully implemented.

- The Family and Community Engagement Office (FACE) implemented all of its proposed actions. FACE worked with stakeholders to implement the Strategic Plan and will work with them ongoing. Training continued to be provided in the areas of creating a welcoming school and family engagement for teachers. Collaboration continued with site staff on events such as Family Writing Nights, Screenagers, and Active Parenting Teen Class. A family wellness series of trainings was developed and implemented. Expenditures were shifted from site allocations to centralized services to hire a resource teacher to coordinate home visit activities with schools. Home Visit trainings expanded to additional schools sites throughout the district. FACE continued collaboration with the Research and Evaluation Department and began development of a program implementation rating in order to evaluate the effectiveness of the Family and Community Engagement programs and services.
- Bilingual Teaching Associates (BTAs) provided supplemental services at high density school sites by providing family outreach and student support services including: phone calls home and bilingual "front counter service" during school hours, before and after school informal greeting/information sharing/support, primary language support for students, and support and outreach for newcomer/immigrant families. In addition the District employs two BTAs that work out of the district office who are deployed to other sites as well as district departments for parent support on a request basis.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

A summary of the effectiveness of the District's major Strategic Goal 4 programs/services is noted below:

- A comprehensive program evaluation of the FACE Home Visit Program was developed and results show that 63% of visited students experienced an increase in their attendance rates for the rest of the school year. The average change in attendance rate for visited students was +1.1%. As data become available, the relationship between the Home Visit Program and student achievement and parent engagement will be investigated.
- Sites with Bilingual Teaching Associates (BTAs) report increased parent participation at school events as well as increased access to real time information and support. Bilingual Teaching Associates are receiving monthly training through the District's Office of Family and Community Engagement on ways to increase parent engagement activities. Work is underway to improve upon the

methodology to assess the BTA influence at schools and a series of trainings and "homework" set up for implementation to continue to develop their family outreach mind and skill sets.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There were no material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Component of Existing Action:

Existing Home Visitation Program implementation efforts will continue to focus on training additional teaching staff, particularly at Title I schools, to increase the numbers of homes visited and thereby families and students supported. Feedback from teachers on their home visit experiences to date (facilitating factors, as well as challenges) will allow for targeted training and support to teachers and schools in this next year.

# Stakeholder Engagement

LCAP Year: 2018-19

## Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

Stakeholder involvement occurred throughout the entire LCAP development process beginning in the fall and concluding in the spring as the Board of Education adopted the LCAP. The process ensured active and meaningful participation in both consultation and feedback roles. Stakeholders were involved in needs analysis processes examining data sets that included key performance indicators aligned to the 8 state priorities. The Department of Research and Evaluation developed common data sets that all stakeholder groups analyzed. These data sets were then customized with data that were unique to each specific student sub-group. This was done for all District LCAP groups and committees. Each school site received a comprehensive site specific data set which was used for the needs analysis portion of the site LCAP development process.

All stakeholder feedback was recorded and collected including information obtained from each of the District's 65 schools. Thirteen common themes emerged as a result of the District's needs analysis process:

1. Instructional support: Common Core State Standards (CCSS), English Language Development (ELD), Special Education (materials, professional learning/coaching, technology, assessments)
2. Parent and family engagement: Education and communication
3. Expanded learning: Before/after/intersession/summer (includes tutoring and mentoring)
4. English Learner support: Student, staff, and parent support
5. Behavioral support: Counseling, psych, licensed clinical social workers, mental health therapists for all students and targeted subgroups, particularly Foster Youth and English Learners
6. Safe, secure and well maintained facilities: Learning environments, school climate, buildings, equipment
7. College and career preparation: A-G, Gate/Honors/AP, course access, Linked Learning, AVID
8. Professional learning: Certificated, classified, and leadership

9. Technology: Training to support teaching and learning for students, staff, and parents
10. Educational equity: Efforts to reduce opportunity, access and achievement gaps; promote diversity and cultural responsiveness
11. Student engagement: Activities and recognition
12. Transportation: Services and support
13. Human Resources: Hiring, retention, and evaluating staff

The results of the needs analysis reflect a refinement from 2017-2018. This refinement typifies the use of a consistent continuous improvement methodology. This results in targeted incremental improvements and an ability to nimbly adjust to changing needs vs. random and more dramatic shifts in focus.

The most notable needs analysis refinements include the underlined noted below:

- Educational Equity – continued focus on student achievement, educational opportunity, and promote diversity and cultural responsiveness
- Transportation support for students/families
- Specifying school/family continued communications
- Student engagement activities, recognition, communication

The draft LCAP was presented to state-required advisory groups (District English Learners Advisory Committee and District Advisory Committee) on May 10, 2018. The LCAP public hearing was held on June 12, 2018 culminating in the board approval of the plan and budget on June 26, 2018.

The District's LCAP reflects the interests expressed by the broad base of stakeholders engaged in the LCAP development process. The plan was also posted online and the Superintendent notified the public to submit written comments. Stakeholder groups, meeting dates and meeting outcome summaries are noted below.

## Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

Collaboration with a broad base of district stakeholders resulted in a detailed examination of the District's overall educational program and budget realities and projections. This programmatic and budgetary analysis resulted in an accurate determination of the District's needs and priorities aligned to the four Strategic Goals.

There was a strong consensus that the approach to the 2017-2018 LCAP was an increase in quality vs. quantity of programs/services. The District's focus will be on deepening the evaluation of existing programs/services and assuring they meet defined programmatic outcome measures.

The District's extensive stakeholder engagement including LCAP education outreach efforts resulted in:

- Improved assurance of accurate prioritization of interests. The broad base of authentic stakeholder engagement enabled the District to accurately identify educational interests and priorities.
- Increased level of stakeholder involvement in and commitment to the LCAP process.
- Greater buy in for and support of the proposed actions and services.
- Deepened level of understanding of district operations and decision making processes among stakeholders.
- Strengthened systems of communication within the District and with stakeholder constituencies.
- Acquired valuable continuous improvement feedback on the District's LCAP process.
- Stakeholder engagement reaffirmed the need for the District's four Strategic Goals. There was strong consensus that these goals should remain and continue to guide planning and decision making.

**The Elk Grove Unified School District's four Strategic Goals:**

1. All students will have access to standards aligned curriculum and receive high quality classroom instruction to promote college, career, and life readiness and eliminate the achievement gap.
2. All students will benefit from instruction guided by assessment results (formative, interim, and summative) and continuous programmatic evaluation.
3. All students will have an equitable opportunity to learn in a culturally responsive, physically/and emotionally healthy and safe environment.
4. All students will benefit from programs and services designed to inform and involve family and community partners.

# Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

UNCHANGED GOAL

## Goal 1

All students will have access to standards aligned curriculum and receive high quality classroom instruction to promote college, career, and life readiness, and eliminate the achievement gap.

### State and/or Local Priorities addressed by this goal:

State Priorities: Basic Services, Implementation of State Standards, Pupil Achievement, Course Access, Pupil Outcomes

Local Priorities: None

### Identified Need:

- The district provides nearly 100% appropriate teacher assignment and 100% access to instructional materials and courses required for graduation. While nearly all district-wide student outcome measures are favorable and improving over time, disaggregation to student groups, particularly African American, Hispanic, students with disabilities, foster youth and homeless students show disparity. Foster youth students show the greatest need for focused attention.
- To ensure all students demonstrate proficiency/mastery of the CCSS, ongoing professional development is needed for both certificated and classified staff. Staff professional learning survey data indicates training is needed in the areas of CCSS lesson design, formative assessment practices, research based ELD instructional strategies, K-3 literacy, 4-12 grade reading intervention, and integrating social emotional learning into instructional practices.
- To ensure all students demonstrate proficiency/mastery of the State Content Standards up to date, standards aligned materials and resources must be available to all students. The EGUSD comprehensive curriculum acquisition plan, which is aligned to the District's CCSS strategic plan, targets and prioritizes curriculum needs. Numerous areas of need exist including but not limited to, K-

12 English Language Arts, 9-12 integrated math, Visual and Performing Arts, Next Generation Science Standards aligned materials, and Advanced Placement (science and social science).

- Targeted programs are needed to increase achievement of all students while reducing disproportionality among student groups, particularly foster youth students.

## Expected Annual Measureable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
1. Teacher Assignment (Cond of Learning, Basic Services, State Priority #1)	<p>2015-16 Actual: 96.7% of core courses had teachers who were appropriately assigned and fully credentialed/certified in the subject areas in which they teach.</p> <p>2016-17 Goal: 98% of core courses have teachers who are appropriately assigned and fully credentialed/certified in the subject areas in which they teach.</p>	<p>98% of core courses have teachers who are appropriately assigned and fully credentialed/certified in the subject areas in which they teach.</p>	<p>100% of core courses have teachers who are appropriately assigned and fully credentialed/certified in the subject areas in which they teach.</p>	<p>100% of core courses have teachers who are appropriately assigned and fully credentialed/certified in the subject areas in which they teach.</p>
2. Instructional Materials (Cond of Learning, Basic Services, State Priority #1)	<p>2015-16 Actual: 100% of students had access to standards-aligned instructional materials.</p> <p>2016-17 Goal: 100% of students have access to standards-aligned instructional materials.</p>	<p>100% of students have access to standards-aligned instructional materials.</p>	<p>100% of students have access to standards-aligned instructional materials.</p>	<p>100% of students have access to standards-aligned instructional materials.</p>

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
<p>3. Content Standards Implementation (Cond of Learning, Implem. of State Standards, State Priority #2)</p>	<p>2015-16 Actual: 62.5% of teachers reported full implementation of state content standards in ELA, Mathematics, English Language Development, Science, History/Social Science, PE, Health, School Library, Career Technical Education, Visual and Performing Arts, and World Language.</p> <p>2016-17 Goal: 90% of teachers surveyed report full implementation of state content standards in ELA, Mathematics, English Language Development, Science, History/Social Science, PE, Health, School Library, Career Technical Education, Visual and Performing Arts, and World Language.</p>	<p>Increase in percentage of teachers surveyed reporting full implementation of state content standards in ELA, Mathematics, English Language Development, Science, History/Social Science, PE, Health, School Library, Career Technical Education, Visual and Performing Arts, and World Language.</p>	<p>Increase in percentage of teachers surveyed reporting full implementation of state content standards in ELA, Mathematics, English Language Development, Science, History/Social Science, PE, Health, School Library, Career Technical Education, Visual and Performing Arts, and World Language.</p>	<p>Increase in percentage of teachers surveyed reporting full implementation of state content standards in ELA, Mathematics, English Language Development, Science, History/Social Science, PE, Health, School Library, Career Technical Education, Visual and Performing Arts, and World Language.</p>
<p>4. Access to Courses (Pupil Outcomes, Student Achievement, State Priority #7)</p>	<p>2015-16 Actual: Students are provided access to and are enrolled in a broad course of study.</p>	<p>A broad course of study will be measured by: 50% of middle school students will be enrolled in Honors courses.</p>	<p>A broad course of study will be measured by: 51% of middle school students will be enrolled in Honors courses.</p>	<p>A broad course of study will be measured by: 52% of middle school students will be enrolled in Honors courses.</p>

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
	2016-17 Goal: 100% of students have access to and are enrolled in a broad course of study.	50% of high school students will be enrolled in Honors and AP/IB courses. 60% of high school students will be enrolled in CTE courses. Reduce disparity among student groups by 10%.	51% of high school students will be enrolled in Honors and AP/IB courses. 61% of high school students will be enrolled in CTE courses. Reduce disparity among student groups by 10%.	52% of high school students will be enrolled in Honors and AP/IB courses. 62% of high school students will be enrolled in CTE courses. Reduce disparity among student groups by 10%.
5. CAASPP ELA (Pupil Outcomes, Student Achievement, State Priority #4)	2015-16 Actual: 52.6% of students met or exceeded standards in ELA as measured by CAASPP. Disparity increased 5% for African American, decreased 4% for Hispanic, and decreased 5% for SED.  2016-17 Goal: 56% of students will meet or exceed standards in ELA as measured by CAASPP; reduce disparity among student groups by 10%.	59% of students will meet or exceed standards in ELA as measured by CAASPP; reduce disparity among student groups by 10%.	62% of students will meet or exceed standards in ELA as measured by CAASPP; reduce disparity among student groups by 10%.	65% of students will meet or exceed standards in ELA as measured by CAASPP; reduce disparity among student groups by 10%.
6. CAASPP Math (Pupil Outcomes, Student Achievement, State Priority #4)	2015-16 Actual: 42.6% of students met or exceeded standards in mathematics as measured by CAASPP. Disparity increased 17% for African American, decreased 1% for	50% of students will meet or exceed standards in mathematics as measured by CAASPP; reduce disparity among student groups by 10%.	53% of students will meet or exceed standards in mathematics as measured by CAASPP; reduce disparity among student groups by 10%.	56% of students will meet or exceed standards in mathematics as measured by CAASPP; reduce disparity among student groups by 10%.

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
	<p>Hispanic, and remained about the same for SED.</p> <p>2016-17 Goal: 47% of students will meet or exceed standards in mathematics as measured by CAASPP; reduce disparity among student groups by 10%.</p>			
<p>7. CAASPP Science (Other Pupil Outcomes, Student Achievement, State Priority #8)</p>	<p>2015-16 Actual: 100% participation in Science CAASPP pilot expected in Spring 2017.</p> <p>2016-17 Goal: 100% Participation in Science CAASPP pilot.</p>	<p>Participate in Science CAASPP field test.</p>	<p>Establish student performance baseline in Science using 2019 CAASPP scores.</p>	<p>5% increase in students meeting or exceeding standards in Science as measured by CAASPP.</p>
<p>8. EAP in ELA (Pupil Outcomes, Student Achievement, State Priority #4)</p>	<p>2015-16 Actual: 62.3% of students demonstrated college preparedness (conditional and unconditional) as measured by the EAP in ELA.</p> <p>2016-17 Goal: 66% of students will demonstrate college preparedness (conditional and unconditional) as measured by the EAP in ELA.</p>	<p>64% of students will demonstrate college preparedness (conditional and unconditional) as measured by the EAP in ELA.</p>	<p>65% of students will demonstrate college preparedness (conditional and unconditional) as measured by the EAP in ELA.</p>	<p>66% of students will demonstrate college preparedness (conditional and unconditional) as measured by the EAP in ELA.</p>

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
9. EAP in Math (Pupil Outcomes, Student Achievement, State Priority #4)	<p>2015-16 Actual: 39.1% of students demonstrated college preparedness (conditional and unconditional) as measured by the EAP in Math.</p> <p>2016-17 Goal: 45% of students will demonstrate college preparedness (conditional and unconditional) as measured by the EAP in Math.</p>	41% of students will demonstrate college preparedness (conditional and unconditional) as measured by the EAP in Math.	42% of students will demonstrate college preparedness (conditional and unconditional) as measured by the EAP in Math.	43% of students will demonstrate college preparedness (conditional and unconditional) as measured by the EAP in Math.
10. Progress toward English Proficiency (Pupil Outcomes, Student Achievement, State Priority #4)	<p>2015-16 Actual: 61.5% of EL students increased one level of English proficiency as measured by CELDT.</p> <p>2016-17 Goal: 63.5% of EL students will increase one level of English proficiency as measured by CELDT.</p>	<p>• 65% of EL students will demonstrate progress toward English proficiency as measured by CELDT and ELPAC (if equated), or</p> <p>Establish baseline English Proficiency status as measured by first administration of ELPAC.</p>	Establish baseline progress toward English proficiency as measured by ELPAC.	Increase in progress toward English proficiency as measured by ELPAC.
11. Redesignation (Pupil Outcomes, Student Achievement, State Priority #4)	2015-16 Actual: 8.1% redesignation rate for English Learners (reflective of 2014-15)	11% redesignation rate for English Learners.	12% redesignation rate for English Learners.	13% redesignation rate for English Learners.

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
	2016-17 Goal: 10% redesignation rate for English Learners.			
12. A-G (Pupil Outcomes, Student Achievement, State Priority #4)	2015-16 Actual: 54.4% of students met A-G requirements upon graduation (Class of 2015). 2016-17 Goal: 56% of students will meet A-G requirements upon graduation.	55% of students will complete A-G requirements upon graduation.	57% of students will complete A-G requirements upon graduation.	59% of students will complete A-G requirements upon graduation.
13. CTE (Pupil Outcomes, Other Student Outcomes, State Priority #4)	2015-16 Actual: 28.4% CTE completion. 2016-17 Goal: 10% increase in CTE completion.	24% of students will complete CTE sequence upon graduation.	26% of students will complete CTE sequence upon graduation.	28% of students will complete CTE sequence upon graduation.
14. AP/IB Exams (Pupil Outcomes, Student Achievement, State Priority #4)	2015-16 Actual: 16.6% of all grade 11 and 12 students passed an AP/IB exam with 3+. 2016-17 Goal: 18% of all grade 11 and 12 students will pass an AP exam with 3+.	28% of students will pass an AP/IB exam upon graduation.	29% of students will pass an AP/IB exam upon graduation.	30% of students will pass an AP/IB exam upon graduation.

## Planned Actions / Services

Complete a copy of the following table for each of the LEA's Actions/Services. Duplicate the table, including Budgeted Expenditures, as needed.

UNCHANGED GOAL

## Goal 2

All students will benefit from instruction guided by assessment results (formative, interim, and summative) and continuous programmatic evaluation.

### State and/or Local Priorities addressed by this goal:

State Priorities: Basic Services, Implementation of State Standards

Local Priorities: None

### Identified Need:

- Improved data feedback systems are needed for accurate and timely programmatic evaluation of actions and services.
- An improved student assessment system is needed that includes formative, interim and summative assessments practices and resources for both academic and wellness functions.
- An improved student information system is needed that supports more frequent and improved reporting of student academic, social and emotional, and cultural climate data.

### Expected Annual Measureable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
1. Data and Program Evaluation (Conditions of Learning, Other)	2016-17 to date: Currently, program evaluations are scheduled for EL, Wellness, Expanded Learning, Attendance Improvement Initiative, Instructional Coach Model, Tobacco Use Prevention Education, Improve Your	100% of the following programs are evaluated: EL, Wellness, Expanded Learning, Attendance Improvement Initiative, Instructional Coach Model, Tobacco Use Prevention Education, Improve Your Tomorrow, Security and Safety, On Grade Level Reading (OGLR), Foster Youth,	100% of the following programs are evaluated: EL, Wellness, Expanded Learning, Attendance Improvement Initiative, Instructional Coach Model, Tobacco Use Prevention Education, Improve Your Tomorrow, On Grade Level Reading (OGLR), Foster Youth, Homeless, and Family	100% of the following programs are evaluated: EL, Wellness, Expanded Learning, Attendance Improvement Initiative, Instructional Coach Model, Tobacco Use Prevention Education, Improve Your Tomorrow, Security and Safety, On Grade Level Reading (OGLR), Foster Youth,

### Goal 3

All students will have an equitable opportunity to learn in a culturally responsive, physically, and emotionally healthy and safe environment.

#### State and/or Local Priorities addressed by this goal:

State Priorities: Basic Services, Pupil Engagement, School Climate

Local Priorities: None

#### Identified Need:

District data trends indicate increases in overall student attendance, promotion/graduation, and decreases in suspensions/expulsions. Disparities among specific student groups exists (Foster Youth, Homeless, Low Income, English Learner, Special Education, African American, Hispanic, and Native American/Alaskan Native). Specific areas of need include:

- Continued and expanded Positive Behavioral Interventions and Supports (PBIS) and continued development of multi-tiered systems of support processes and programs
- Expanding Foster Youth Services
- Continued and expanded facilities maintenance

(Select from New Goal, Modified Goal, or Unchanged Goal)

UNCHANGED GOAL

## Goal 4

All students will benefit from programs and services designed to inform and involve family and community partners.

### State and/or Local Priorities addressed by this goal:

State Priorities: Parental Involvement

Local Priorities: None

### Identified Need:

- Feedback from parents and community members indicates a need to focus on strategies to increase opportunities for parents to be actively and meaningfully engaged in planning and decision making. Feedback also indicates the need to make the complexities of schools and a large school district simpler to understand.
- A clearly defined model of effective parent, family and community partnerships is in place and will be implemented. The model will be accompanied by a short/long range strategic plan that includes evaluative strategies and identified metrics.

### Expected Annual Measureable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
1. Family and Community Engagement (Engagement, Parent	2015-16 Actual: 73.1% of parents indicated effective provision of opportunities for parent input in making	78% of parents will indicate effective provision of opportunities for parent input in making	80% of parents will indicate effective provision of opportunities for parent input in making	82% of parents will indicate effective provision of opportunities for parent input in making

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
Involvement, State Priority #3)	<p>decisions for schools or the district.</p> <p>2016-17 Goal: 85% of parents will indicate effective provision of opportunities for parent input in making decisions for schools or the district.</p>	decisions for schools or the district.	decisions for schools or the district.	decisions for schools or the district.
2. Family and Community Engagement Subgroup (Engagement, Parent Involvement, State Priority #3)	<p>2015-16 Actual: 80.7% of parents indicated effective provision of opportunities for parent involvement or parent education, particularly for unduplicated pupils and individuals with exceptional needs.</p> <p>2016-17 Goal: 85% of parents will indicate effective provision of opportunities for parent involvement or parent education, particularly for unduplicated pupils and individuals with exceptional needs</p>	84% of parents will indicate effective provision of opportunities for parent involvement or parent education, particularly for unduplicated pupils and individuals with exceptional needs.	86% of parents will indicate effective provision of opportunities for parent involvement or parent education, particularly for unduplicated pupils and individuals with exceptional needs.	88% of parents will indicate effective provision of opportunities for parent involvement or parent education, particularly for unduplicated pupils and individuals with exceptional needs.

## Planned Actions / Services

Complete a copy of the following table for each of the LEA's Actions/Services. Duplicate the table, including Budgeted Expenditures, as needed.

# Action 1

# Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year

2017–18  2018–19  2019–20

Estimated Supplemental and Concentration Grant Funds:

\$ 58,793,575

Percentage to Increase or Improve Services:

12.57 %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

The information noted below details the district's use of supplemental/concentration funds. The table includes a brief program/service description, specification if the program/service is school specific or district-wide, the funding amount to support the program/service and responses to essential questions justifying the use of supplemental/concentration funds.

Priority student subgroups include:

- English Learner (EL)
- Foster Youth (FY)
- Homeless Student (HS)
- Socio-Economically Disadvantaged (SED)

**Note:** EGUSD utilizes the Decision Making Model; a continuous improvement methodology adapted from Human Performance Technology (International Society for Performance Improvement), as the means by which it designs, develops, implements, and evaluates its educational programs and services.

Program/ Service Description	Action/ Service Type (School-wide or District-wide)	Supp. & Conc. **STRATEGIC GOAL 1: High Quality Classroom Instruction & Curriculum**  
*All students will have access to standards aligned curriculum and receive high quality instruction to promote college, career, and life readiness and eliminate the achievement gap.*

Results Staffing (27 FTE for grades 7-12)	Districtwide	\$3,015,195  <b>Goal 1 Action 3 Page 54</b>	Provide students at secondary schools with increased access to programs and intervention courses; a target focus is to support EL, FY, HS, and SED students/families.	Expanded learning opportunities, reduced class size and increased levels of personalized support for students has a positive influence on student academic and behavioral performance.	Expanded course offerings will be maintained with a focus on both intervention and college prep offerings.  Extensive professional learning opportunities for administrators, teachers, and classified staff continuously improve technical and affective educational practices.	Data from master schedules demonstrate increased course options and access at designated sites.

K-3 Literacy - On Grade Level Reading (OGLR) 4 Instructional Coaches and literacy educational materials	Districtwide	\$1,250,000  <b>Goal 1 Action 6 Page 57</b>	Literacy services with a particular focus on EL, FY, HS, and SED students/families.	Research shows that long term, systemic professional development for teachers improves student outcomes.	Ongoing professional learning and professional development as well as stakeholder feedback on the coaching service delivery model result in improved systems and services. Also – increased familiarity with instructional materials and support resources will improve direct services to students.	Feedback systems are in place to assess the effectiveness of coaching services. Administrator and teacher feedback is gathered. Administrator and teacher knowledge of math content is being captured for a baseline measure.  Baseline results from 2015-16 are positive with EGUSD teacher knowledge of Early Literacy higher than that of the teacher population on which the instrument was developed (67% compared to 61% correct, respectively).

Program/ Service Description	Action/ Service Type (School-wide or District-wide)	Supp. & Conc. # Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2018-19

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$ TBD

TBD %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

The information noted below details the district's use of supplemental/concentration funds. The table includes a brief program/service description, specification if the program/service is school specific or district-wide, the funding amount to support the program/service and responses to essential questions justifying the use of supplemental/concentration funds.

Priority student subgroups include:

- English Learner (EL)
- Foster Youth (FY)
- Homeless Student (HS)
- Socio-Economically Disadvantaged (SED)

**Note:** EGUSD utilizes the Decision Making Model; a continuous improvement methodology adapted from Human Performance Technology (International Society for Performance Improvement), as the means by which it designs, develops, implements, and evaluates its educational programs and services.

Programs/ Services Descriptions	Action/ Service Type (School-wide or District- wide)	Supp. & Conc.
