

**Multiple Subject Teaching Internship Credential Program  
Memorandum of Understanding**

*Sylvan Union School District*

**EMPLOYING ORGANIZATION**

The California Commission on Teacher Credentialing (CCTC) University Internship Program is a partnership between Humphreys University and participating schools, districts, counties, and Charter Management Organizations which allows teacher candidates enrolled in the University's SB 2042 Credential Program to provide instructional services while they complete teacher preparation program requirements. Interns complete coursework for the Credential Program as well as complete their internship (a minimum of two university quarters) in lieu of the traditional student teaching experience. An intern must meet district employment criteria as well as University and Credential Program admission standards.

As part of this collaboration, the **employing organization agrees to**

1. ensure that a qualified administrator of the site with employed interns holds at least a preliminary administrative credential, demonstrates commitment to collaborative evidence-based practices and continuous program improvement, and is aware of the shared responsibilities set forth in this agreement.
2. provide a Master Teacher (Cooperating Teacher/District-Employed Supervisor/Mentor). This person should
  - a. not be the intern's site evaluator.
  - b. hold a clear multiple subject credential, an EL Authorization, and have a minimum of 3 years of successful K-8 teaching experience as well as experience or knowledge of effective coaching techniques.
  - c. provide a minimum of 5 hours per week of support and guidance in a variety of ways including but not limited to modeling, problem-solving, observation and coaching, and advising on curriculum, classroom management, etc.

4. provide sufficient resources for instruction at least equal to that of other non-intern teachers.
5. honor the confidentiality between Master Teacher and intern.
6. inform Humphreys University of its intent to hire an intern prior to issuing a contract in order to assure student eligibility for the credential program and/or teaching assignment and allow sufficient time to process the student's application for the Internship Program.

7. assign minimal outside responsibilities to the intern (coaching or other extracurricular activities). Interns assume the functions that are authorized by the Multiple Subject Preliminary credential (SB 2042 standards).
8. pay the intern a salary during the internship. No intern's salary may be reduced by more than 1/8 of its total to pay for supervision, and the salary of the intern shall not be less than the minimum base salary paid to a regularly certificated person.
9. base salary paid to a regularly certificated person. If the intern salary is reduced, no more than eight interns may be advised by one district support person. *Reference Code Section 44462.*
10. consult the local bargaining unit on matters pertinent to the Internship Program.
11. certify that interns do not displace certificated employees in the district and that qualified certificated persons holding the appropriate credential were not available. The exclusive representative of certificated employees in the credential area is invited to provide a written statement to the Committee on Accreditation to support justification of the internship placement in the respective district or county office of education.
12. terminate the agreement if it is found that continuation is detrimental to students or if, based on performance to-date, employing organization or University supervisors recommend dismissal from the Internship Program.

As part of this collaboration and pursuant to California Education Code 44321, the supervision and support of interns is the responsibility of both the employing site/district and Humphreys University.

**Jointly, these parties will provide**
