BACKGROUND:

Consolidated Safety Services is a full service construction safety company, which includes DSA inspection services, including in-plant, glu-lam, and specialty inspection, among other specialized services. We have with experience in a wide range of public school construction projects.

As the owner-operator, I have seventeen years of experience in the field of DSA inspection management, working with over 45 school districts. Though years of experience working with school districts, architects, labs, and DSA inspectors, I have learned the importance of a team oriented approach to providing DSA inspection services. Our inspectors are highly qualified, trained in the latest DSA inspection requirements, and share this companies views of the team oriented services. Our goal is to aid the project(s) in running smoothly by implementing a proactive approach to inspection while providing the district the most value for their money.

Sincerely,

Dori Burnett
