

# Food Service Trailer Committee Report

# Food Service Trailer

South Valley High School and Summer School Programs

## Purpose of the Food Service Trailer Purchase:

The School Board approved the potential purchase of a Food Trailer for South Valley High School to be used in the interim until a permanent building is built at the school site which would include a Food Service area. Once a permanent building is completed, the Food Trailer can be relocated, with one option to relocate the trailer to Ukiah High School to expand service and accessibility for students. In addition, the Food Trailer will be mobile enough to support the the Seamless Summer Feeding Program.

Screening Committee Recommendation: Quality Concession Trailers.

## Screening Committee Comments for Quality Concession Trailers

- Competitive with their pricing.
- Responsive immediately for initial requests for information and follow-up requests, including when asked to rebid in response to change out in options.
- References were good and included a reference from a Northern California School District.
- Proximity closer and accessible in regards to warranty issues.
- Provided specific warranties.
