

additional service

March 20, 2019
San Mateo-Foster City School District
1170 Chess Drive
Foster City, CA 94404

Attention: Robert Price
Project: Parkside Elementary School, New Portable Bathroom Project
Date of Additional Service: March 20, 2019

dsk Project Number: 18000.00
dsk Add Service Number: 18000.03

Dear Robert:

Per your direction, we are pleased to present our proposal for Additional Services for providing documents necessary to assist San Mateo-Foster City School District in submitting to DSA a CCD describing construction on-site that differed from the DSA-approved drawings. As the construction that did not follow the DSA-approved drawings was made with SMFCSD direction, these documents will require additional Architectural services to obtain the necessary DSA approval. This effort also includes showing new fencing layout and additional play area.

- **Scope of Services:**

- Site Visit and Documentation of As-Built Conditions
- Verification that As-Built conditions satisfy Code Requirements
- Coordination with SMFCSD of any revisions that need to be made on-site
- Submittal of CCD to DSA and responding to DSA comments until approval of project is received

- **Compensation:**

Architectural	\$5,400
Total:	\$5,400

Compensation shall be on a lump sum basis of five thousand four hundred dollars (\$5,400.00).

This would be an Additional Service and subject to all of the conditions of the referenced Contract. Please sign and return one original of this Agreement as your acceptance of the Additional Services and your approval of the cost. Receipt of this signed original shall be confirmation of our authorization to proceed/continue with the service.

District Representative

Date
