Dear Bob,

Thank you for being a *Reading Plus* customer. *Reading Plus*- the web delivered reading development solution for students in Grades 3 through 12 - is written to the objectives of the Common Core State Standards (CCSS) and offers each student instruction and practice closely aligned to the objectives of the 9 College & Career Readiness (CCR) Anchor Standards – see appendix.

The highlights of *Reading Plus* are:

- A Screener / Benchmarker that will identify which students will benefit from Reading Plus. The Screener can be used 3 times a year and is accessible for all the students in your school at no cost.
- *Reading Plus* provides an innovative and expertly researched approach to build and improve students' silent reading abilities, including fluency, comprehension based reading rate, vocabulary and visual skill development.
- Reading Plus is designed to address the 9 Anchor Standards identified for College and Career Readiness as outlined in the CCSS.
- A simple to use, focused management system provides teachers and administrators with student tracking and progress reporting.
- Available via browser, iPad and Android tablets for ease of implementation and the most widespread use - including at home.

On the next page is our quotation for implementation at your site. Please call me with any questions or comments at (530) 400-7651

Sincerely,
Tim Stewart

Reading Plus® Comprehension Skills Align to College Readiness Anchor Standards
CCR ANCHOR STANDARDS **READING PLUS COMPREHENSION SKILLS**

Key Ideas and Details

1. Read closely to determine what the text says explicitly and to make logical inferences from it; cite evidence when writing or speaking to support conclusions drawn from the text.
2. Determine central ideas or themes of a text and analyze their development; summarize the key supporting details and ideas.
3. Analyze how and why individuals, events, or ideas develop and interact over the course of a text.

Craft and Structure

4. Interpret words and phrases as they are used in a text, including determining technical, connotative, and figurative meanings, and analyze how specific word choices shape meaning.
5. Analyze the structure of texts, including how specific sentences, paragraphs, and larger portions of the text (e.g., a section, chapter, scene or stanza) relate to each other and the whole.
6. Assess how point of view or purpose shapes the content and style of a text.

Integration of Knowledge and Ideas

7. Integrate and evaluate content presented in diverse media and formats, including visually and quantitatively, as well as in words.
8. Delineate and evaluate the argument and specific claims in a text, including the validity of the reasoning as well as the relevance and sufficiency of the evidence.
9. Analyze how two or more texts address similar themes or topics in order to build knowledge or to compare the approaches the authors take.
