

**SAN RAFAEL CITY SCHOOLS
CLASSIFIED SENIORITY
2015-2016**

After July 1, 1971

For service commencing on or continuing after July 1, 1971, seniority is determined by length of service in the class plus higher class, "*length of service*" means hours of paid status. Hours of paid status is compiled using all hours in paid status, whether during the school year, a holiday, recess, or during any period that a school is in session or closed, but shall not include any hours compensated solely on an overtime basis. "*Hours of paid status*" shall not include any service performed prior to entering into a probationary or permanent status in the classified service of the District with exception of service in restricted positions. (California Ed Code 45308)

Effective July 1, 2010

On June 30, 2010, all employees' seniority hours are frozen. For service commencing on or after July 1, 2010, seniority is based solely on the date of hire in that position. If there should be a tie by date of hire, then seniority will be determined by lottery.
