Escalon Unified School District  
1528 Yosemite Avenue  
Escalon, CA 95320

**Attn:** John Lial  
Director of Maintenance, Operations & Transportation

**Re:** Dent Elementary School  
Modernization & Expansion Project,  
"Phase 1"  
App.# 02-116870

Dear Mr. Lial:

United Inspection Inc. would like to thank the Escalon USD for the opportunity to quote Inspection Services on the project stated above.

The inspection fee for this project would be based on a flat rate of \$47,250.00 for the duration of the project. The project duration is scheduled for July 22, 2019 through April, 2020. Our proposal does not include materials and special testing as may be required and any overtime that might be related to this project. If overtime is required prior district approval would be required and all overtime billing would be separate.

If our quote is acceptable, please issue a purchase order at your earliest convenience.

Sincerely,

A handwritten signature in blue ink that reads "John Hill".

John Hill
