School Safety and Visitor Volunteer Management Software

### *Five New Color-Coded Labels*

**Quickly identify visitors, volunteers, and staff with our new color-coded badge labels.**

Add additional security to your facility with our easy-to-use, color-coded name badge labels. Use the variable colors to help you quickly identify approved visitors, volunteers, staff members, and their role.

Use Badge Colors to Symbolize...

- Days of the Week
- School Colors
- Individual Facility Identification
- Sign-in Type: Visitor, Volunteer, Staff, Student, or Vendor

Badge colors serve as a quick visual reference to ensure the right people are in the right location on the right day.

How you choose to mix and match your label colors is up to you—choose a box full of one color, a few rolls of one and several rolls of another, or a variety of all five.
