Dear Superintendent Hendricks,

Vision To Learn was founded to make sure every child has the glasses he or she needs to succeed in school and in life. To date, Vision to Learn has helped over 225,000 kids.

In the 2018-2019 school year, Vision To Learn provided 143 eye exams and 117 glasses free of charge to the students of Sylvan Union School District. This could not have been possible without support from you, the teachers, health staff, and parents throughout the district. I've attached a list of the schools we served in your District.

In the coming year, Vision To Learn hopes to help even more kids in need receive vision care at school, and Superintendents can help. We hope more districts will adopt a passive or opt-out consent process for our program. Nationwide, close to half of Vision To Learn consent forms sent home to parents are not returned, meaning tens of thousands of students without glasses cannot be helped. In Sylvan Union School District, this suggests some 72 students who need glasses, are still going without. If you are interested in hearing more about how an opt-out consent process can help Vision To Learn reach these kids, please contact me at [ann.hollister@visiontolearn.org](mailto:ann.hollister@visiontolearn.org).

We look forward to continuing our work with you to make certain each and every student in Sylvan Union School District who needs glasses is provided with them. If you have any questions, please contact me or program manager Shambria Williams at [shambria@visiontolearn.org](mailto:shambria@visiontolearn.org).

Sincerely,

Ann Hollister  
President, Vision To Learn
