Self-Reflection Tool (Priority 3) – Parent Engagement

This is the submission form for the local educational agency coordinator (school district, charter school, and county office) to complete on the local performance indicator for parent engagement (Priority 3).

Standard: The local educational agency (LEA) annually measures its progress in: (1) seeking input from parents in decision making; and (2) promoting parental participation in programs, and reports the results to its local governing board at a regularly scheduled meeting and to stakeholders and the public through the California School Dashboard (Dashboard).

Criteria: The LEA will assess its performance on a (Met, Not Met, or Not Met for Two or More Years) scale.

Evidence: The LEA measures its progress using the self-reflection tool included in the Dashboard, and reports these results to its local governing board at a regularly scheduled meeting and through the local data selection option in the Dashboard

Introduction: This self-reflection tool is organized into three sections. Each section includes promising practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-making

LEAs use this self-reflection tool to reflect on its progress, successes, needs and areas of growth in family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified.

The results of the process should be used to inform the LCAP and the development process, to assess prior year goals, actions and services as well as to plan or modify future goals, actions, and services in the LCAP.

For each statement in the table below:

1. Identify the diverse stakeholders that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage stakeholders in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of data, identify the number which best indicates the LEA's current stage of implementation for each practice using the following rating scale (lowest to highest):
 - 1 – Exploration and Research Phase
 - 2 – Beginning Development
 - 3 – Initial Implementation
 - 4 – Full Implementation
 - 5 – Full Implementation and Sustainability
4. Write a brief response to the prompts following each of the three sections.
5. Use the information from the self-reflection process to inform the LCAP and the LCAP development process, as well as the development of other school and district plans.
