## Self-Reflection Tool (Priority 6) – School Climate

This is the submission form for the local educational agency coordinator (school district, charter school, and county office) to complete on the local performance indicator for school climate (Priority 6).

**Standard:** The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K–5, 6–8, 9–12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the California School Dashboard.

**Evidence:** The LEA administers a survey, as specified, and reports the results to its local governing board and through the local data selection option in the Dashboard.

Local educational agencies (LEAs) will provide a narrative summary of the local administration and analysis of a local climate survey that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6–8, 9–12) in a text box provided in the California School Dashboard. LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate. The following are suggested guiding questions to help frame the narrative summary:

1. **DATA:** Reflect on the key learnings from the survey results and share what the LEA learned.
2. **MEANING:** What do the disaggregated results (if applicable) of the survey and other data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?
3. **USE:** What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?

Text is limited to 3000 characters

- 40% report experiencing any harassment or bullying
- 50% report having mean rumors spread about them
- 50% report having been in a physical fight at school

## Criteria:

**Optional: Provide any additional information that the local educational agency believes is relevant to understanding its progress on school climate.**

Text is limited to 1500 characters

Possible action to enhance school climate may focus on enhanced implementation of PBIS, with particular focus on student engagement, input and leadership. Students' strengths around belief in themselves and

**Date taken to local governing board:**
