Description	Model No.	Grade	Units	Cost Per Unit	Amount
				TOTAL	\$28,768.00

On-Site pickup and Custom packaging is included at no cost. Pick up date is within 21 business days of approval offer.

Devices are initially quoted Grade A condition. If units do not meet Grade A specifications upon device evaluation, the correct grade and price listed on the quote will apply to the final reconciliation summary. We must receive the devices prior to the quote expiration date, devices received after the expiration date will result in a reduction of value based on current markets.

With locked devices, Device Cycles will provide a list of affected devices by serial number. Devices must be unlocked within 15 days of notification to ensure quoted value. Devices still locked after 15 days will result in "D" grade condition..

To schedule your trade-in, please contact your dedicated account manager within 30-days of quote to accept this offer and schedule a pickup date.

Undersigning, your organization, the "Seller" has fully reviewed and understands the terms and conditions set forth in this mutually binding agreement. Upon signing below, your organization has accepted and agrees with the terms and conditions of our mutually binding partnership. This quote is valid until: 11/20/2019.

Thank you for your business!
