This proposal is based on the Progress Structural Design Drawings dated 07/09/2018 and NO construction schedule received. Materials Testing estimates are based on code minimum requirements per local jurisdiction of your project. The project proposal assumes that the workday is an eight hour day, normal conditions will prevail and our work will progress free of any disruptions or unforeseen obstacles. The contractor's construction methodology and manpower allotted will be the overall determining factor for inspection costs and hours for this project. Please note that the overtime, schedule changes or increases in inspection requirements are not included. These and other factors beyond our control may affect the projected total. Please see attached Schedule of Fees / Basis of Charges for additional terms and conditions.
