Approval of MFT Counseling Services

Recommendation: Approval of MFT Counseling Services

Summary

Miller Creek School District currently has students in need of counseling services from a licensed MFT. We have found someone with the correct license who will charge the district \$40.00 for MFT services. She will provide no more than 18 hours each week total to various students who have IEPs that call for MFT counseling. These services will be offered through June 30, 2020.
