

DVES Principal's Presentation and Report to School Board Meeting on 12/10/19:

Present PowerPoint of Washoe Cultural Day

In December, we are excited to try something new which the student body and student leadership team suggested. Our traditional Winter Program in the evening, is being replaced by an afternoon Winter Carnival. The Winter Carnival will be held Wednesday, December 18th from 1:00-2:30. That day, the school day ends at 1:35, therefore for your student/s to participate beyond 1:35, they need to be registered in the afterschool program or an adult must be present who can drive them home.

We encourage and want families to attend and bring your children who are not yet school aged to our winter carnival. Each class is creating and running a game or activity booth. All students and children will receive a card which allows them to participate in each booth to win prizes and have fun!

A group of students in grades 6th-8th have been meeting weekly in preparation for the annual Math Counts competition in Bridgeport. We will be sending a team again this year to compete on January 10th.

School will be closed on 12/23/19-1/3/20 for Winter Break.
