## School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

 Principal, Belle Haven Elementary

### About Our School

Belle Haven is a school with the goal of offering a well-rounded educational program designed to enhance each student's character, motivation and self-discipline, and to ensure students master standards for all subjects. The students are supported by an incredible team of educators focused on supporting our students and families. We focus on the whole child, which is to say that we address the academic, emotional, social, and physical well-being of our students and families. We are a full inclusion school where, through the use of a variety of integrated best practices and a school-wide service model, we build expertise that ensures access and equity for all. We work in collaborative teams and use data to make decisions. We strive to work collaboratively with our families to have a maximum impact on the growth of our students. We seek to inspire, uplift, and empower our parents by providing regular parent education opportunities that address a variety of topics related to the academic, emotional, social, and physical well-being of their children and families. We are fortunate to have many partners that support our students and families. I am proud to be part of a community dedicated to the academic and social success of all students.

## School Facility Conditions and Planned Improvements

This remains a clean and well-maintained campus. The principal is new to the district. The school has fully transitioned to TK-5th grade school. Declining enrolment in the district is evident on this site as there are fewer students and many classrooms that are not being utilized. District needs to assist principal in managing of empty spaces. The District installed a new playground for the Kinder students. The Family Center Portable needs to be demolished by the end of this school year. The district staff is commended for great improvement on issues highlighted previous years such as securing bookcases and shelves. There is a new District Maintenance, Operations and Transportation Coordinator who participated in the walk through. She is new to the position, but not new to MOT, she nevertheless brings a new perspective and has thoughts about how the school site and the district can develop and/or reinforce best policies and practices.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students  
Grades Three through Eight and Grade Eleven  
Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 2017–18	School 2018–19	District 2017–18	District 2018–19	State 2017–18	State 2018–19
English Language Arts / Literacy (grades 3-8 and 11)	30.0%	20.0%	24.0%	18.0%	50.0%	50.0%
Mathematics (grades 3-8 and 11)	18.0%	12.0%	15.0%	12.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.
