School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Welcome to Ravenswood Middle School where we are partners in the success of our students! At Ravenswood Middle School we believe that all students can develop the habits of success including perseverance, resourcefulness, responsibility, and empathy all qualities that will help them in their future. We ultimately desire for students to develop into quality people who create meaningful lives for themselves and make a difference in the lives of others. The RMS staff encourages and guides students to become critical thinkers who produce quality work. We have set the expectations of our student body very high and will continue to use mentoring as a method to support our students in every aspect of their lives. We honor and value the whole child, which is to say that we address the academic, emotional, social, and physical well-being of our students and families. We are fortunate to have many partners that support our middle school extended community. With their strong partnership we will reach our goal of preparing our students for high school and beyond. I am proud to be part of a community dedicated to the academic and social success of all students and the community of East Palo Alto.

Principal's Comment

Welcome to Ravenswood Middle School. We are partners in the success of our students!

At Ravenswood Middle School we believe that all students can develop the habits of success like: perseverance, resourcefulness, responsibility, and empathy all qualities that will help them in their future. We ultimately desire for students to develop into quality people who create meaningful lives for themselves and make a difference in the lives of others.

The RMS staff encourages and guides students to become critical thinkers who produce quality work. We have set the expectations of our student body very high and will continue to use mentoring as a method to support our students in every aspect of their lives.

We honor and value all of our students and their families; we will reach our goal in preparing our students for high school only through the support of the school community and the community of East Palo Alto.

It is a privilege for me, as the Ra

School Description and Mission Statement (School Year 2019—20)

Ravenswood Middle School is found in East Palo Alto. This is our first year housing all district 6th-8th grade students. This has given us the opportunity to provide more resources for all students. We proudly support the whole child through academic and mental counseling; a variety of elective choices including music, language, AVID, and design thinking; and academic support through mentoring and small group instruction. Our student voice is found in our student council and we are continuing to build opportunities for student leadership. In addition, we are fortunate to support experiential learning at each grade. Our sixth grade attends outdoor education, seventh grade is heading to Yosemite, and eighth grade will be exploring history in Washington DC. It is important to us to expand student horizons so they can see all options for their future.

Vision:

Ravenswood Middle School is a resilient community that develops independent, life-long learners who are empowered to invest in their education, pursue their sense of purpose, and cultivate empathy so all stakeholders feel safe, respected, and validated.

Mission:

The mission of Ravenswood Middle School is to educate all students to high levels of academic performance, while fostering positive growth in social and emotional behaviors and attitudes. The entire staff pledges to these student outcomes.

School Creed:

I will keep my thoughts positive because my thoughts become my words.
 I will keep my words positive because my words become my actions.
 I will keep my actions positive because my actions become my values.
 I will keep my values positive because my values become my destiny.

School Facility Conditions and Planned Improvements

Over the years, this facility has undergone numerous changes and incarnations. Most recently, this facility was home to Cesar Chavez and Green Oaks Academy. The beginning of this school year saw the District moving to a TK-5 model for elementary schools, while moving students in grades 6, 7 and 8 to this facility, which now operates under the name of Ravenswood Middle School. At the same time, a major bond-funded renovation and remodeling of the facility was started and is projected to last into next school year. Accordingly, as construction and renovations projects are still occurring, not all the classrooms are fully operational or being used by students. At the present time, new wiring for internet and AC is being installed and wires hanging from ceilings and walls are visible in most classrooms. The rooms and wings that have been renovated look very nice and represent state of the art learning spaces. These rooms and their interior and exterior walls have been painted and new windows and roofs have been installed. New sidewalks will be installed shortly. Very large and up to date science labs are included as part of the plan. (Wings 10-30). Some classes are still being held in portables and in the old Cesar Chavez wing (Wings 50-90). There is a new Principal, although she is not new to the District, and new co administrators. There is also a new person in charge of District-wide Maintenance, Operations and Transportation, replacing the person who recently retired. While new to this position, she is not new to the District, having served RSD as both a teacher and site administrator. The MOT Coordinator and a District Facilities employee walked with us during the evaluation and accordingly, are up to date on the issues we uncovered and the repairs that need to be made. Unsecured book cases which have been an issue in the past were not an issue this time. Light outs in rooms, insufficient water pressure, loose ceiling tiles, corroded bathroom stalls are all issues that can be easily remedied with ongoing communication and policies and procedures put in place to address and fix these issues on a daily basis as they occur, in order to reduce the need for work orders. It is a very large campus and we were told that janitorial support services during the day and evening are not sufficient. The District is encouraged to research to viability of added additional school site custodial resources in order to keep clean what has become a very large financial investment.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	4.0%	7.0%	15.0%	12.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019—20)

There are many opportunities for parent involvement at school through participation in a variety of parent activities and committees. We have an open door policy welcoming parents on campus and into classrooms as volunteers. Parents participate in the School Site Council and English Learner Advisory Committee. Throughout the year, we have family events such as a welcome bar-b-que and La Posada. Our other school community events include Back-to-School Night, Band/Orchestra Concerts, Visual and Performing Arts Evening, and parent teacher conferences. We have a major night of back-to-back workshops at the end of each trimester through our RMS Parent University format. Our parents have different interests, needs, and priorities. We seek to inspire, uplift, and empower our parents by providing regular workshop opportunities that address a variety of topics related to the academic, emotional, social, and physical well-being of their children and their families. After all, parents are the first and most important teachers! If you are interested in becoming involved please call the school directly at (650) 329-2828.

School Safety Plan (School Year 2019—20)

At RMS, school safety is a top priority. Our safety plan was created in August and reviewed by the safety committee and SSC/ELAC in October. The safety team meets monthly to review the plan and design monthly emergency drills such as Earthquake Drills, Fire Drills, Secure Campus, Lockdown/Barricade, and Campus Evacuation. The emergency plan contains responsibilities for certificated personnel, emergency procedures, emergency telephone numbers, and emergency communication signals that will alert students and staff in case of an emergency. Each classroom has an emergency kit and classroom evacuation map. All teachers have an emergency folder that includes emergency procedures, student rosters, signal cards and other important safety information. Safety information is shared with students during their life skills classes, and through the RMS Student News. Our school works closely with the East Palo Alto Police Department and Menlo Park Fire Department.

Types of Services Funded (Fiscal Year 2018—19)

All students at Ravenswood Middle School participate in the Positive Behavior Intervention System. Our PBIS store is open to all students every other Friday. Students earn Lions Loot when they are doing something positive or helpful on campus. Our PBIS store ranges from small items like pencils and erasers to big items like sports equipment and even drones. Ravenswood Middle School offers integrated services for students who qualify for special education. RMS provides safety services via three yard duties and campus relations coordinators. The campus relations coordinator also provides support in organizing sports tournaments during lunch. RMS provides CASSY Counseling services for students who are referred or request to see a counselor. BHAGAT (Behavioral Health Advisement Group Ambassador Team) supports our students by providing a safe environment where students can play board games, or ping pong and listen to music during their lunch hour. They also provide mental health services for our students who have been recommended by staff. Our Library Instructional Media Specialist provides grade level reading material to students and offers high interest books. Ravenswood Middle School offers its teaching staff professional support by having two teachers on special assignment, these TOSA's help with coaching any teacher that is interested in getting extra support. The Tosa's also work with small groups of students.
