School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

This School Accountability Report Card is designed to provide you with a general understanding of Foothills Middle School and Arcadia Unified School District. Keep in mind that this report card describes information for the 2018-2019 school year.

Middle school years are a time of transition. A supportive, nurturing, and positive environment is critical in a successful middle school. As you review our School Accountability Report Card, you will see that our core beliefs are evident. These beliefs serve as the foundation for everything we do at Foothills Middle School. We believe that everyone should be treated with dignity and respect. We believe that a partnership between parents and the school is essential in meeting the ever-changing needs of our young people. We believe everyone benefits from an environment that promotes student learning, accountability, collaboration, and innovation. We believe that all students need to be “connected” to our school. We believe that it is our responsibility to set high standards for achievement and to support our students in meeting and exceeding those standards.

Foothills Middle School is dedicated to academic excellence and to the personal, physical, and social development of students. All students are challenged to reach their full individual potential in a positive, student-centered, teacher-guided environment. Our staff believes that a school-wide emphasis on providing opportunities for students to develop sound decision-making skills will help prepare them in their transition from the elementary school level to high school and beyond. In recognition of our school’s focus on excellence, Foothills was honored with the 2013 California Distinguished School award.

In the Arcadia Unified School District, families and community are partners for student success. The policies, personnel, and resources of the District ensure that all students are provided engaging and meaningful learning opportunities. As a result, students are challenged to think and reason, to develop responsibility for lifelong learning, to respect diversity, and to be contributing members of society. It is the mission of the District and the obligation of each school to provide quality work that engages students, has meaningful content, and challenges every student to learn more.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

Teachers	School 2017-18	School 2018-19	School 2019-20	District 2019-20

School Facility Conditions and Planned Improvements (Most Recent Year)

Foothills Middle School was built in 1961 and provides a safe, clean environment for students and staff. All schools in the Arcadia Unified School District underwent complete renovation from 1995–1996.

Foothills Middle School campus currently has 35 classrooms, one staff room, a library/media center, a multipurpose room, two locker rooms, and two athletic fields. At the time of this publication, all of the school's restrooms were fully functioning. The front of Foothills Middle School was re-landscaped in 2002. In 2003–2004 the patio in the quad area was enlarged and trees and benches were added. In 2005–2006 the planters by the main building were re-landscaped. In 2006–2007 a curved brick wall was constructed along the driveway entrance to the school. In 2007–2008 a brick planter was constructed in the quad and was landscaped with flowers, ferns, and a tree.

Measure I was passed by the community in 2006. This general obligation bond resulted in major upgrades to all classrooms and facilities. Construction began at Foothills in April 2013 and was completed during the 2014-2015 school year.

In 2018, artificial turf was installed near the library, providing a beautiful and low-maintenance landscape, and new sheet vinyl flooring was installed in the the game room.

In 2019, the Restorative Circle Garden project was completed, providing classrooms and student groups with a place to hold community circles and class meetings outdoors in a tranquil setting. Facilities projects including a wellness center, a student leadership room, a digital communications studio, and an office quiet room--which support both the academic and social emotional needs of students--are currently in progress.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: August 2019

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	
Interior: Interior Surfaces	Poor	Small cosmetic patch and painting needed due to normal wear and tear. Work orders have been submitted and the work is scheduled to be completed by the end of April 2020.
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	
Electrical: Electrical	Good	
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Good	
Safety: Fire Safety, Hazardous Materials	Good	
Structural: Structural Damage, Roofs	Good	
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Good	
Overall Rating	Good	

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	80	80	76	78	50	50
Mathematics (grades 3-8 and 11)	83	81	75	76	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2018-19)

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parents and the community are very supportive of the educational, cultural, and enrichment programs at Foothills Middle School. Parents are a vital component in Foothills Middle School's school-to-home partnership. The school's dedicated Parent Teacher Student Association (PTSA) supports various activities, including theme days, grade-level field trips, the annual book fair, classroom projects, Red Ribbon Week, Open House, the national Reflections program, and Back-to-School Night.

The Parent Music Club supports the music program at Foothills by providing volunteers for special events and funding the school's participation in music festivals and parades. Parents also serve as active members on the School Site Council (SSC) and English Language Advisory Committee (ELAC). The Chinese Parent Club meets monthly to help newly-arrived families access school resources and partner with school personnel for student success.

Parents who wish to participate in Foothills Middle School's leadership teams, school committees, school activities, or who wish to volunteer, can contact the school at (626) 821-8363 or visit the school's website at fh.ausd.net.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (School Year 2019-20)

To safeguard the well-being of students and staff, a Comprehensive School Safety Plan has been developed by the Safety and Disaster Committee, which consists of classified staff, teachers, and the principal. The committee sets goals for the school to continually improve in 3 areas: School Climate (Students, Parents, and Programs), Emergency Preparedness (Disasters and Crisis), and School Environment (Facilities and Campus). The plan addresses various safety issues, including creating procedures that detect and prevent bullying, ensuring appropriate campus supervision, maintaining disaster kits, and monitoring emergency procedures. The Comprehensive School Safety Plan is updated each year and approved by the School Site Council and the Board of Education. The plan is reviewed with all staff members at the beginning of each school year. Safety drills are held on a regular basis; fire drills are held monthly, earthquake drills are held four times a year, and intruder/lockdown drills are held at least three times per year. Staff members also receive disaster training on a regular basis. Many staff avail themselves of CPR and First Aid training.

To ensure student safety, teachers, administrators, and school proctors supervise students on campus before and after school, and during breaks and lunch. Foothills Middle School has a closed campus, and permission is always required for students to leave school grounds. Any visitors to the campus are required to check in at the school's main office and must wear the proper identification badge at all times.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	4	4	4

Under the current Local Control Funding Formula, districts like Arcadia Unified School District, with low numbers of unduplicated students receive far less ongoing money to implement the California Academic Standards compared to neighboring districts with greater numbers of targeted or “unduplicated” students (low income, English Learners, or foster youth). These high unduplicated count districts received supplemental and concentration grant monies to purchase materials, hire consultants, and pay for hours of professional development for their instructional and student support staffs.

In the Fall of 2013, the Arcadia Unified School District negotiated an interest-based solution for California Academic Standards implementation with its bargaining units to add three days to the school calendar for two years starting in the 2014-15 school year. Negotiations produced an agreement to spread the three days of additional paid time over seven early release days with development time of 2.5 hours per day built into the schedule. Since 2015, AUSD leadership has negotiated annual agreements with its bargaining units to continue the additional three days for professional development.

In the Spring of 2014, a committee grew out of Arcadia's Education 21 Task Force called the Collaboration Time Advisory Council (C-TAC) with the task of putting legs to the plan. C-TAC is a representative group made up of bargaining unit members and management team members who were charged with serving as an advisory committee to the District in the implementation of the district-wide California Academic Standards Collaboration Time supporting TK-12 instructional programs both vertically and horizontally, as they made dramatic instructional and curricular shifts.

The commitment from both our bargaining units and management was to build research-based professional development around small collaborative working groups. Each group would be designed intentionally to have a vertical alignment of teachers from TK-12 engaged in the work together.

In late Spring of 2014, the C-TAC committee reached out to all certificated staff to assist with generating ideas for the content of the Collaboration Days. The committee, after reviewing and discussing the many ideas that were submitted and looking at survey data, generated a list of themes which became the foundation of the Collaboration Days and assisted in guiding the development of a Course Group Catalogue. The planning of the Collaboration Days was research based, focused on meaningful work, teacher choice, flexibility, and ongoing commitment. The Professional Development was designed around teacher interests that included creating autonomous choice for teachers and support providers in relation to where they felt they could best contribute their training, talents, interests, and education, by participating in Small Working Groups (SWaG) and engaging with other professionals to continue the real work of implementing the California Academic Standards. C-TAC continues to act as the advisory body for the Collaboration Days, reviewing survey data and requests for course offerings, and considering suggestions for improvements to the program.

Each SWaG is led by a self-selected Facilitator from among the various stakeholder groups and has been charged with collaborating both with colleagues at their own site and with fellow professionals from other district sites. Mentor-leaders support Facilitators by providing support throughout implementation of this professional development. The crystal-clear goals of the Collaboration Days include producing a comprehensive and fully articulated Arcadia California Academic Standards Core Curriculum in English-Language Arts and Mathematics; to research and make recommendations for curriculum and instructional shifts towards a more personalized approach to learning in the Social Sciences, Sciences, Foreign Languages, Physical Education, Electives, Visual and Performing Arts, Character Education, Technology implementation, English-Language Development, Next Generation Science Standards implementation, Project-Based Learning, Innovative Instruction, Google Classroom and various online and Open Educational Resources, and Special Education from a Transitional Kindergarten to Grade 12 perspective. Data continues to be collected from the SWaGs through group evaluations and is then disaggregated and shared through various modalities to each stakeholder group.

In recent years, additional professional development resources have been designated for Mathematics and English-Language curriculum development and 21st Century instructional skill development, including National Council of Teachers of Mathematics (NCTM) conferences, Thinking Maps, and Write From the Beginning, in support of California Academic Standards implementation, Illuminate data and assessment system, AVID, Advanced Placement, and Next Generation Science Standards. At the high school level, data indicated that a large segment of potentially college-bound students were not being provided access and opportunity to pursue honors and college-level courses, as their high-achieving classmates were. Leadership worked with teachers to engage in professional development around the themes of Advanced Placement (AP) open access and equity for all students over the past two years. Professional Development resources have been designated to send teachers, counselors and leadership to the local and regional College Board/A.P. Forums. Continued professional development will be pursued at the national level.

Full implementation of the Advancement Via Individual Determination (AVID) program continues to be a focus of professional development dollars over the past seven years.

Individual school sites have been tasked with working with the Instructional Coaches to conduct professional development around the themes of the California Academic Standards, including rigor, focus, coherence, instructional strategies, shifts in curriculum, pacing and instructional materials, writing instruction and problem-solving. Arcadia Instructional Coaches have become regional professional development leaders by presenting at conferences and through their instituting the San Gabriel Valley Instructional Coaches Consortium.

Staff development topics from 2012–2018 school years have included effective instruction and critical thinking, implementation of the electronic grade book, the California Academic Standards, identification, development and curation of online resources, pedagogical shifts, restorative practices, brain research and Universal Design for Learning (UDL) and Innovative Instruction.
