## Board Policy

### Transportation

BP 3540

#### Business and Noninstructional Operations

The Governing Board desires to provide for the safe and efficient transportation of students to and from school as necessary to ensure student access to the educational program, promote regular attendance, and reduce tardiness. In determining the extent to which the district will provide transportation services, the Board shall weigh student and community needs against the cost of providing such services.

(cf. 3100 - Budget)

(cf. 3541 - Transportation Routes and Services)

(cf. 3541.1 - Transportation for School-Related Trips)

(cf. 3541.2 - Transportation for Students with Disabilities)

(cf. 5116.1- Intradistrict Open Enrollment)

(cf. 5117 - Interdistrict Attendance)

(cf. 6178.2 - Regional Occupational Center/Program)

The Superintendent or designee shall recommend to the Board economical, environmentally sustainable, and appropriate means of providing transportation services.

(cf. 3510 - Green School Operations)

The Board may purchase, rent, or lease vehicles; contract with a common carrier or municipally owned transit system; contract with responsible private parties including the parent/guardian of the student being transported; and/or contract with the County Superintendent of Schools. (Education Code 35330, 39800, 39801)

In contracting for transportation services, the district shall comply with all applicable laws related to bids and contracts. (Education Code 39802-39803)

(cf. 3311 - Bids)

(cf. 3312 - Contracts)

In lieu of providing transportation in whole or in part, the district may pay the student's parents/guardians either their actual and necessary expenses in transporting the student or the cost of the student's food and lodging at a place convenient to the school. In either case, the amount of the payment shall not exceed the cost that would be incurred by the district to provide for the transportation of the student to and from school. (Education Code 39806-39807)

The Board may charge a transportation fee to parents/guardians of transported students in accordance with Education Code 39807.5 and BP/AR 3250 - Transportation Fees.

¶  
5. Transport students who live outside walking radius except when safety factors prohibit buses from traveling the road, or the area is too remote for economical transportation in case an "in lieu of" allowance will be provided. An "in lieu of" payment may be made to the parent/guardian of a student in an amount not to exceed the district's transportation expenses. Such payment amount may be determined by the Transportation Supervisor.¶

(cf. 3250 - Transportation Fees)

No student shall be required to be transported for any reason without the written permission of the student's parent/guardian, except in emergency situations involving illness or injury to the student pursuant to Education Code 35350 or the evacuation of students as necessary for their safety.

(cf. 3516 - Emergencies and Disaster Preparedness Plan)

The Superintendent or designee shall develop procedures to promote safety for students traveling on school buses.

(cf. 3543 - Transportation Safety and Emergencies)

(cf. 5131.1 - Bus Conduct)

The district may install a global positioning system (GPS) on school buses and/or student activity buses in order to enhance student safety and provide real-time location data to district and school administrators and parents/guardians.

The Superintendent or designee shall ensure the qualifications of bus drivers and related staff employed by the district, provide for the maintenance and operation of district-owned school buses and other equipment, and ensure adequate facilities for equipment storage and maintenance.

(cf. 3542 - School Bus Drivers)
