BULLYING***NEW ADOPT***

Note: Education Code 234.4 mandates districts to adopt procedures for preventing acts of bullying, including cyberbullying. The following administrative regulation may be revised to reflect district practice.

Examples of Prohibited Conduct

Note: The following section reflects definitions and examples of bullying and cyberbullying contained in the California Department of Education's (CDE) Bullying Module and may be revised to reflect district practice.

Education Code 48900 defines "bullying," including bullying via an electronic act, for purposes of establishing grounds for suspension or expulsion. See AR 5144.1 - Suspension and Expulsion/Due Process. In addition, Penal Code 653.2 makes it a crime to distribute another person's personally identifiable information electronically with the intent to place that person in reasonable fear of the person's own or a family member's safety and for the purpose of imminently causing harassment or injury by a third party.

Bullying is an aggressive behavior that involves a real or perceived imbalance of power between individuals with the intent to cause emotional or physical harm. Bullying can be physical, verbal, or social/relational and may involve a single severe act or repetition or potential repetition of a deliberate act. Bullying includes, but is not limited to, any act described in Education Code 48900(r).

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images. Cyberbullying also includes breaking into another person's electronic account or assuming that person's online identity in order to damage that person's reputation.

(cf. 5145.2 - Freedom of Speech/Expression)
(cf. 6163.4 - Student Use of Technology)

Examples of the types of conduct that may constitute bullying and are prohibited by the district include, but are not limited to:

1. Physical bullying: An act that inflicts harm upon a person's body or possessions, such as hitting, kicking, pinching, spitting, tripping, pushing, taking or breaking someone's possessions, or making cruel or rude hand gestures
2. Verbal bullying: An act that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm
3. Social/relational bullying: An act that harms a person's reputation or relationships, such as leaving a person out of an activity on purpose, influencing others not to be friends with someone, spreading rumors, or embarrassing someone in public
4. Cyberbullying: An act such as sending demeaning or hateful text messages or emails, spreading rumors by email or by posting on social networking sites, or posting or sharing

embarrassing photos, videos, web site, or fake profiles

Measures to Prevent Bullying

The Superintendent or designee shall implement measures to prevent bullying in district schools, including, but not limited to, the following:

1. Ensuring that each school establishes clear rules for student conduct and implements strategies to promote a positive, collaborative school climate
(cf. 5131 - Conduct)
(cf. 5137 - Positive School Climate)
2. Providing information to students, through student handbooks, district and school web sites and social media, and other age-appropriate means, about district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying
3. Encouraging students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially and anonymously
4. Conducting an assessment of bullying incidents at each school and, if necessary, increasing supervision and security in areas where bullying most often occurs, such as playgrounds, hallways, restrooms, and cafeterias

Note: Pursuant to Education Code 234.1, the district must adopt a policy requiring school personnel who witness acts of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) against a to take immediate steps to intervene when it is safe to do so. It, it is recommended that districts apply this policy equally to all students. Also see AR 5145.3 - Nondiscrimination/Harassment.

5. Annually notifying district employees that, pursuant to Education Code 234.1, any school staff who witnesses an act of bullying against a student has a responsibility to immediately intervene to stop the incident when it is safe to do so

Staff Development

Note: Education Code 32283.5 requires districts to make available annually, to certificated staff and all other employees who have regular interaction with students, the CDE's online Bullying Module described below.

The Superintendent or designee shall annually make available to all certificated staff and to other employees who have regular interaction with students the California Department of Education (CDE) online training module on the dynamics of bullying and cyberbullying, include the

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

Note: Pursuant to Education Code 234.7, districts are mandated to adopt policy, equivalent to that developed by the Attorney General, which requires the provision of staff training with the components specified below.

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and bullying of district students. Such training shall be designed to provide staff with the skills to:

1. Discuss the diversity of the student body and school community, including their varying immigration experiences
2. Discuss bullying prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims
3. Identify the signs of bullying or harassing behavior
4. Take immediate corrective action when bullying is observed
5. Report incidents to the appropriate authorities, including law enforcement in instances of criminal behavior

Information and Resources

Note: Education Code 234.6, as added by AB 34 (Ch. 282, Statutes of 2019), requires districts to make specified information on bullying and harassment prevention readily accessible on their web sites beginning in the 2020-21 school year. The following list reflects, but does not reproduce in exact form, all the items specified in Education Code 234.6.

The Superintendent or designee shall post on the district's web site, in a prominent location and in a manner that is easily accessible to students and parents/guardians, information on bullying and harassment prevention which includes the following: (Education Code 234.6)

Note: Education Code 215 mandates that any district serving students in grades 7-12 adopt a policy on student suicide prevention, intervention, and postvention; see BP/AR 5141.52 - Suicide Prevention. As amended by AB 1767 (Ch. 694, Statutes of 2019), Education Code 215 mandates policy on suicide prevention, intervention, and postvention for grades K-6 by 2020-21 school year. Districts that do not maintain any of grades K-6 should modify item #1 accordingly.

Student Instruction

Note: California content standards related to student education about bullying and violence prevention (e.g., recognizing the characteristics of bullying, examining the effects of bullying on others, demonstrating what to say and do when witnessing bullying) are addressed within the health education content standards adopted by the State Board of Education.

47 USC 254 mandates districts that receive e-rate discounts to adopt a policy which addresses educating students about appropriate online behavior, including the interaction with other individuals on social networking web sites and in chat rooms, as well as providing information about cyberbullying awareness and response. See BP 6163.4 - Student Use of Technology for language implementing this mandate.

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character development, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

STUDENTS
BULLYING*(cf. 6142.8 - Comprehensive Health Education)**(cf. 6142.94 - History-Social Science Instruction)****NEW ADOPT***

Note: Education Code 234.7 requires districts to educate students about the negative impact of bullying based on actual or perceived immigration status or religious beliefs and customs. The following paragraph reflects the California Attorney General's model policy developed pursuant to Education Code 234.7, contained in the Office of the Attorney General's publication Promoting a Safe and Secure Learning Environment for All: Guidance and Model Policies to Assist California's K-12 Schools in Responding to Immigration Issues, and has been expanded to include education about the impact of bullying based on any other individual characteristic.

The district shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Note: The remainder of this section reflects recommendations in CDE's Bullying Module and may be revised to reflect district practice.

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff shall be expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.

Reporting and Filing of Complaints

Note: The following reporting process may be revised to reflect district practice.

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee.

When a report of bullying is submitted, the principal or a district compliance officer shall, **if the act is determined as discriminatory discriminating**, inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3 - Uniform Complaint Procedures. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

(cf. 1312.3 - Uniform Complaint Procedures)

Within one business day of receiving such a report, a staff member shall notify the principal of the report, whether or not a uniform complaint is filed. In addition, any school employee who

observes an incident of bullying involving a student shall, within one business day, report such observation to the principal or a district compliance officer, whether or not the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in AR 1312.3.

Note: Districts have the authority to monitor student use of the district's Internet system and to conduct individual searches of student accounts if there is reasonable suspicion that a user has violated district policy or the law; see BP/AR 5145.12 - Search and Seizure and BP/E 6163.4 - Student Use of Technology.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

Discipline/Corrective Actions

Note: Pursuant to Education Code 48900-48900.4, "bullying" is a ground for suspension or expulsion; see AR 5144.1 - Suspension and Expulsion/Due Process.

The courts have generally upheld discipline for off-campus student conduct that poses an identifiable threat to the safety of other students, staff, or school property or presents a risk of substantial disruption of school activities, provided that the district is able to document the impact or disruption that the conduct has, or could be expected to have, on school activities (e.g., *Wynar v. Douglas County School District*, *Lavine v. Blaine School District*). The court in *J.C. v. Beverly Hills Unified School District* found that the district would be able to discipline a student for a video recorded off campus and posted on YouTube, but that the discipline imposed on this particular student was not justified since the district did not present evidence of specific facts that led school officials to predict that the video would cause substantial disruption (e.g., the video was not violent or threatening nor did it lead to any confrontations between the students).

Consistent with these interpretations, Education Code 48900 defines bullying by means of an electronic act to include creation or transmission originating on or off the school site. Thus, for purposes of determining whether the conduct may be subject to suspension or expulsion, the act does not necessarily need to have been committed while at school, while coming to or from school, or during a school-sponsored activity. Nevertheless, the act needs to satisfy the criteria specified in the definition of "bullying" in Education Code 48900 (i.e., a severe or pervasive physical or verbal act or conduct that has or can be reasonably predicted to have the effect of placing a reasonable student in fear of harm to the student's person or property, causing a substantially detrimental effect on the student's physical or mental health, causing substantial interference with the student's academic performance, or causing substantial interference with the student's ability to participate in or benefit from school services, activities, or privileges).

STUDENTS
BULLYING***NEW ADOPT***

When the conduct does not rise to the level specified in Education Code 48900, the district may implement interventions other than suspension or expulsion to address the bullying. For further information, see CSBA's policy brief Cyberbullying: Policy Considerations for Boards. Also see BP 5131 - Conduct and BP 5145.2 - Freedom of Speech/Expression.

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with district policies and regulations.

(cf. 5116.2 - Involuntary Student Transfers)

(cf. 5138 - Conflict Resolution/Peer Mediation)

cf. 5144 - Discipline)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

(cf. 6159.4 - Behavioral Interventions for Special Education Students)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

Support Services

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9)

(cf. 6164.2 - Guidance/Counseling Services)

If any student involved in bullying exhibits warning signs of suicidal thought or intention or of intent to harm another person, the Superintendent or designee shall, as appropriate, implement district intervention protocols which may include, but are not limited to, referral to district or community mental health services, other health professionals, and/or law enforcement.
