

Math Textbook Adoptions

April 20, 2020

Mike Rich
Senior Director, CIPD

Every Student Matters, Every Moment Counts

Purpose

- Present math adoptions for TK-6 and 9-12
- Approval of TK-6 math adoption: Swun Math
- Approval of 9-12 math adoption for Algebra, Geometry, and Algebra II: Pearson enVision AGA

Every Student Matters, Every Moment Counts

SWUN TK-6

- Daily 90- minute math model for K-6
- Gradual release, academic language development, and daily math fact fluency
- Monthly coaching with curriculum experts
- Assessment platform the is identical to CAASPP

Every Student Matters, Every Moment Counts

SWUN TK-6 | Logistics

Majority of teachers at the following sites participated:

- Bret Harte
- Fairview
- Franklin
- Robertson Road
- Shackelford
- Tuolumne

SWUN TK-6 - Quotes

"I have enjoyed every aspect of teaching Swun math this year; from the first teacher trainings to the monthly coaching sessions to the lessons that I am teaching every day in my classroom. I appreciate the systematic approach of the daily lessons which embed the Common Core Standards for Mathematical Practices. My students are taught the steps they need to take in order to be successful problem solvers. I have students groaning when I say that math is over for the day. They genuinely look forward to Swun time and so do I."- Emily Mohrlang, 3rd Tuolumne

SWUN TK-6 - Quotes

"SWUN math is written and crafted to reflect how a child's mind works and learns, in order to meet the rigors of the standards."
- Joe Tornberg, 4th Shackelford

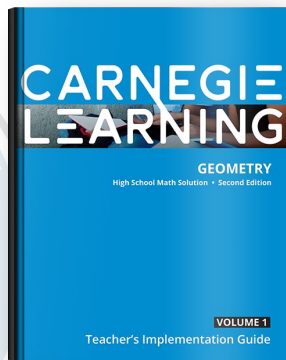

Every Student Matters, Every Moment Counts

SWUN TK-6 - Quotes

"SWUN Math is a well thought out program that includes standards-based lessons, fluency, meaningful data, and professional development that is ongoing and fluid. Students feel challenged, prepared, and can track their progress through daily problems, weekly and end of unit assessments. SWUN Math has made me approach math with a new energized outlook, and I look forward to year two!"- Luke Mohrlang, 5th Tuolumne

Math 9-12 | Quotes

“The Pearson curriculum was very flexible and easy for both teachers and students. It gives options for teachers to use their own teaching style and accommodate many different students.”
- Chad Nelsen

“I have a resource teacher in my room every day. She and I worked together during this process and she agrees that Pearson is the better fit for ALL our students.” - Jennifer Bass
