EMERGENCY SCHEDULES

In order to provide for the safety of students and staff, the Governing Board authorizes the Superintendent or designee to close a school site, change the regular school day schedule, or take any necessary action when hazardous environmental or weather conditions or other emergencies warrant.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 4157/4257/4357 - Employee Safety)

(cf. 5142 - Safety)

(cf. 6112 - School Day)

When an emergency condition causes a school closure, reduction in attendance, or change in schedule pursuant to Education Code 41422 or 46392, thereby preventing the district from complying with the minimum number of instructional days or minutes required by law, the Superintendent or designee shall complete and submit to the Superintendent of Public Instruction the necessary forms for obtaining approval of the days of the closure, reduction in attendance, or change in schedule. The Superintendent or designee shall submit other relevant district records as may be required.

In the event that an emergency or extraordinary circumstance results in school closures, federally funded employees shall be treated the same for purposes of salaries, wages and fringe benefits as State funded and locally funded District employees. Specifically, consistent with 2 CFR § 200.403, 2 CFR § 200.404, 2 CFR § 200.405, U.S. Department of Education Guidance, and State of California guidance, when an emergency or extraordinary circumstance causes school closures, it is the District's policy to charge employee compensation, including, but not limited to the salaries, wages and fringe benefits, to currently active Federal awards, in a manner that is equitably allocated to all related activities and from all funding sources, both Federal and non-Federal.

The District will maintain the appropriate records and cost documentation in accordance with federal requirements.

(cf. 3580 - District Records)

(cf. 6111 - School Calendar)

The Superintendent or designee shall establish a system for informing students and parents/guardians when school buses are not operating as scheduled, the school day schedule is changed, or the school is closed. The district's notification system shall include, but is not limited to, notifying local television and radio stations, posting on district web site(s), sending email and text messages, and/or making telephone calls.

EMERGENCY SCHEDULES (continued)

(cf. 1112 - Media Relations)
(cf. 1113 - District and School Web Sites)
(cf. 3542 - School Bus Drivers)
(cf. 3543 - Transportation Safety and Emergencies)

Whenever the school day schedule changes after students have arrived at school, the Superintendent or designee shall ensure that students are supervised in accordance with the procedures specified in the district's emergency and disaster preparedness plan.

(cf. 3516 - Emergencies and Disaster Preparedness Plan)

The Superintendent or designee may provide a means to make up lost instructional time later during the year. Students and parents/guardians shall receive timely advanced notice of any resulting changes in the school calendar or school day schedule.
