**5.1. Budget Workshop**

Dr. Rosas opened the Study Session by saying that this has been the most unusual year-end budget that she has experienced and that Legislators provided substantial changes to the May Revise.

Patrick Gaffney, Chief Business Official, started his presentation by saying that there are still changes to be made to the budget at the State level and that there is some volatility in the assumptions. He reviewed the timeline for the 2020-2021 budget, including the anticipated cuts:

- Status for the State Budget
- Revenue and Expenditure Adjustments since the 2nd Interim
- Recap of LCFF Calculator
- List of Possible Adjustments (in alphabet order) to be considered if necessary

Mr. Gaffney concluded his presentation by sharing a list of possible reductions. The Board then engaged in discussion and asked clarifying questions.

The Board thanked Mr. Gaffney for the presentation. They found the information to be useful and had clarifying questions around the budget and about the list of potential reductions for year 2021-2022. They asked staff to list other types of reductions that are outside the recommended list. They also requested to review the SRO contract as well as the list of online subscriptions district wide. They expressed interest in reviewing the PIP program and looking at a solar power system.
