Proposed Budget for 2020 - 21 and Multiyear Outlook

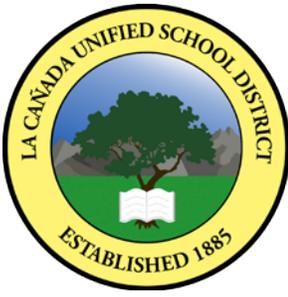

Adopted Budget Foundations

- Built off May Revise
- Aware of Legislature's Budget
- Used Assumptions between the two
 - Revenues for 20/21 were built off Governor's May Revise
 - Cuts to LCFF shown
 - Revenues for out years do reflect COLA
 - Counter to recommendations of the County Office of Education
- Signed budget does not yet have all the details, so no way to use those new numbers

Deferrals: Here We Go Again

- The proposed deferrals in the May Revision are illustrated as follows:

- Deeper deferrals will occur next year with the agreed upon budget

Deferral Impacts

- Cash Flow – Money that is moving in and out. Cash must be available in order to pay monthly expenses. Cash is king!
- Deferrals – Money that is anticipated (budgeted) but deferred or delayed to a later date. These funds are for budget purposes but **not** available to pay monthly expenses.
- Ending Fund Balance – Difference between revenues and expenditures; not cash on hand.
