Michele Woodbury, Director of Student Support Services
San Rafael City Schools
310 Nova Albion Way,
San Rafael, CA 94903

SUBJECT: Continue using CoVitality to support student wellness

Congratulations on using CoVitality to enhance the wellbeing of your students. This past year you screened over 1,000 students across schools in your district using our primary and secondary screener to improve your student populations social emotional learning capacity, psychological wellness, and overall academic and life success.

We're writing to request time on your calendar in the next week to discuss how we can provide you with continued access to CoVitality, and help you achieve your social emotional learning and student wellbeing objectives in the coming year.

For your reference, and as per the existing agreement, continued access to CoVitality technology and services for the next 12 months can be renewed at \$4,401. This will provide you with:

- Project and software set up / technology configuration and setup for 1,656 students and unlimited survey administrations
- Software license / survey administrations; results collection and validity diagnostics
- Reports / survey results and analysis reporting

We are also offering a special, limited time discount for a 2 year renewal term (@7% annual discount) and a 3 year renewal term (@12% annual discount) for your consideration.

Please provide us with 2-3 dates with times that work for you and we will send out a calendar invite to connect on a call. Alternatively, you can communicate your decision to renew for 12, 24, or 36 months by signing and emailing/faxing this signed letter proposal, along with a purchase order (if applicable), to the attention of Austin Ramsdell at aramsdell@mosaic-network.com.

We'll also reach out to you via phone in the next few days to either discuss the renewal, or if you have already renewed, to discuss the plan for CoVitality administrations for the upcoming academic year.

Thank you for being a leader in the social emotional learning community and for continuing to use CoVitality to support the mission to improve the global mental health of our next generation.

Warm Regards,

Prashant Rajvaidya, CEO
& Founder
Mosaic Network Inc.
