The parties will cooperate to evaluate the learning environment (which may include on-site visits) to identify positive and negative influences on the maintenance of professional standards, and to conduct and develop appropriate strategies to enhance the positive and mitigate the negative influences. DISTRICT shall require its faculty and staff who interact with students to adhere to the expectations set forth in Exhibit A, and communicate student violations to the COLLEGE. COLLEGE agrees to require its students to adhere to the expectations set forth in Exhibit A.

6. DISTRICT may immediately remove from the premises and retains the right to suspend or terminate any student's participation at the DISTRICT. The DISTRICT will immediately notify the appropriate office of the COLLEGE if such an action is required and the reasons for such action. The COLLEGE will notify the DISTRICT if such action is required.

III. "Practice teaching" as used herein and elsewhere in this agreement means active participation in the duties and functions of classroom teaching under the direct supervision and instruction of teachers of the DISTRICT holding valid life diplomas or credentials issued by the State Board of Education, other than emergency or provisional credentials, authorizing them to serve as classroom teachers in the schools or classes in which the practice teaching is provided.

IV. The COLLEGE will pay the DISTRICT for the performance by the DISTRICT of all services required to be performed by them under this agreement by issuing continuing education credit hours to the DISTRICT teachers who supervise the practice teaching at the rate of one Mills COLLEGE continuing education unit for each semester unit of practice teaching provided by the DISTRICT pursuant to this agreement. Mills COLLEGE will reimburse the DISTRICT for any and all costs actually incurred in paying any claims for workers' compensation injury or illness for any student practice teacher covered by this agreement.

The number of semester units of practice teaching to be provided for each student of the COLLEGE assigned to practice teaching under this agreement shall be determined by the COLLEGE.

V. An assignment of a student of the COLLEGE to practice teaching in schools or classes of the DISTRICT shall be at the discretion of the COLLEGE, either for approximately nine (9) weeks or for approximately eighteen (18) weeks, but a student may be given more than one assignment by the COLLEGE for practice teaching in such schools or classes.

The assignment of a student of the COLLEGE for practice teaching in the DISTRICT shall be deemed to be effective for the purposes of this agreement as of the date the student presents to the proper authorities of the DISTRICT the assignment card or other document given them by the COLLEGE effecting such assignment, but not earlier than the date of such assignment as shown on such card or other document.

In the event the assignment of a student of the COLLEGE to practice teaching is terminated by the COLLEGE for any reason, the DISTRICT shall receive payment on behalf of DISTRICT employees providing supervisory services in an amount of continuing education credit hours representing time actually devoted to individual instruction of the student practice teacher, except that if such assignment is terminated within one week of the last week of the term of the assignment, the DISTRICT shall receive payment for an assignment for nine (9) weeks or eighteen (18) weeks, whichever is appropriate.

Absences of a student from assigned practice teaching shall not be counted as absences in computing the semester units of practice teaching provided the student by the DISTRICT in order to avoid adjusting payment for the DISTRICT should absences occur. Payment to the DISTRICT is to be based on semester units and not on actual hours of attendance. Actual attendance for credit as semester units by student teachers is the obligation of the COLLEGE.

VI. At the end of each Mills semester, the College will issue certificates of continuing education credit to each Berkeley Unified School District teacher who has supervised a Mills student in the classroom for the purpose of providing practice teaching experience. The credits will be issued as follows:

§ One professional development unit (4 semester hours) per semester for a course entitled "Inquiry into the Profession of Teaching."

Mills will provide copies of these certificates to the DISTRICT as evidence of payment for services rendered by Berkeley Unified School District teachers.

VII. The term of this agreement shall commence on August 1, 2020, and terminate on July 31, 2023.

VIII. Notwithstanding anything herein contained to the contrary, this agreement may be terminated and the provisions of this agreement may be altered, changed, or amended, by mutual consent of the parties hereto.

EXHIBIT A: TEACHER-LEARNER EXPECTATIONS

The COLLEGE holds in high regard professional behaviors and attitudes, including altruism, integrity, respect for others and a commitment to excellence. Effective learning is best fostered in an environment of mutual respect between teachers and learners. In the context of teacher education the term “teacher” is used broadly to include peers, full-time and volunteer faculty members, support staff, as well as others from whom students learn.

GUIDING PRINCIPLES:

Duty: Educators have a duty to convey the knowledge and skills required for delivering the profession’s standard of teaching and also to instill the values and attitudes required for preserving the profession’s social contract with its students.

Integrity: Learning environments that are conducive to conveying professional values must be based on integrity. Students and residents learn professionalism by observing and emulating role models who epitomize authentic professional values and attitudes.

Respect: Respect for every individual is fundamental to the ethic of teaching. Mutual respect is essential for nurturing that ethic. Teachers have a special obligation to ensure that students are always treated respectfully.

RESPONSIBILITIES OF TEACHERS AND LEARNERS:

Teachers should:

- Treat students fairly and respectfully
- Maintain high professional standards in all interactions
- Be prepared and on time
- Provide relevant and timely information
- Provide explicit learning and behavioral expectations early in a course or practicum
- Provide timely, focused, accurate and constructive feedback on a regular basis and thoughtful and
- timely evaluations at the end of a course or practicum
- Display honesty, integrity and compassion
- Practice insightful (Socratic) questioning, which stimulates learning and self-discovery, and avoid
- overly aggressive questioning which may be perceived as hurtful, humiliating, degrading or punitive
- Solicit feedback from students regarding their perception of their educational experiences
- Encourage students who experience mistreatment or who witness unprofessional behavior to report the facts immediately

Students should:

- Be courteous of teachers and fellow students
- Be prepared and on time

- Be active, enthusiastic, curious learners
- Demonstrate professional behavior in all settings
- Recognize that not all learning stems from formal and structured activities
- Recognize their responsibility to establish learning objectives and to participate as an active learner
- Demonstrate a commitment to life-long learning, a practice that is essential to the teaching profession
- Recognize personal limitations and seek help as needed
- Display honesty, integrity and compassion
- Recognize the privileges and responsibilities coming from the opportunity to work with students in educational settings
- Recognize the duty to place student welfare above their own
- Recognize and respect student's rights to privacy
- Solicit feedback on their performance and recognize that criticism is not synonymous with "abuse"

Relationships between Teachers and Students

- Students and teachers should recognize the special nature of the teacher-learner relationship which is in part defined by professional role modeling, mentorship, and supervision.
- Because of the special nature of this relationship, students and teachers should strive to develop their relationship to one characterized by mutual trust, acceptance and confidence. They should both recognize the potential for conflict of interest and respect appropriate boundaries.
