## **General Fund Revenues**

---

The projected revenues are lower than at 1<sup>st</sup> Interim primarily due to a decline in anticipated special education and Los Altos Educational Foundation funding, offset somewhat by an increase in expected property tax collections. Actual receipts through January 31 amount to \$38,285,247, which is 51% of what is anticipated. Receipts, except for some minor state funding deferrals, are coming in on schedule.

### Assumptions

- LCFF/Property Taxes – Under the Local Control Funding Formula (LCFF), property tax receipts will exceed the calculated guarantee from the state. Proposition 30 revenues are assumed to continue in future years. Current year attendance estimates are based on enrollment through January. Future enrollments are based on projections provided by a professional demographer modified slightly by district staff. We have used School Services of California’s estimates for future COLA’s. Property tax estimates reflect projections from the county.
- Federal Revenues – Federal revenue projections are approximately the same as the estimates at 1<sup>st</sup> Interim. Future revenues incorporate annual cost of living increases comparable to the state COLA.
- Lottery Revenues – Unrestricted lottery revenues are projected using \$150 per ADA times prior year ADA. The same amount per ADA is used for future year projections.
- Mandated Cost Revenues – The projection of \$112,000 reflects the \$33 per ADA funding guarantee enacted for the current and subsequent fiscal years.
- Categorical Program Revenues – Funding for categorical programs, except for special education, has been eliminated as part of the LCFF funding scheme. Instead the district will receive approximately the same revenue as it received in 2012/13 for categoricals, only as an unrestricted lump sum within the LCFF Sources category. Special Education funding, recorded under Other Local Revenue, reflects a 0% cost-of-living adjustment. We continue to receive less state funding as a result of the basic aid “fair share hit” of approximately \$2.6 million.
- Interest Earnings – Current year interest earnings reflect a slight increase in interest rates. For future years, we are assuming fairly flat rate trends and no significant changes to cash flow.
- Parcel Taxes – The district’s two parcel taxes are expected to generate \$10.3 million in revenue annually.
- Other Revenue Assumptions – The district plans to continue issuing tax revenue and anticipation notes (TRAN) in subsequent years in order to address cash flow issues.

## **General Fund Expenditures**

---

Expenditure projections have been adjusted to reflect any staffing changes since 1<sup>st</sup> Interim as well as a 2% across-the-board salary increase. Actual expenditures through January 31 amount to \$33,630,278, which is 49% of what is anticipated.

### Assumptions

- **Certificated and Classified Salaries** – As noted above salary projections include a 2% raise for all employees. Future salary projections assume continued step and column movement on salary schedules, a second 2% raise in the next fiscal year, but no across-the-board salary increases after that. Staffing varies as enrollment and revenues change from year to year. We project a slight increase in teaching staff over the next two years as enrollment is expected to grow.
- **Employee Benefits** – Employee benefit costs reflect the adjustments for actual staffing and appropriate rate changes, as well as the offset to the state’s contribution to the teacher’s pension system. Health care premiums increase on average by almost 8% starting January 2021. Future costs are projected assuming that rate increases in health benefit premiums are 7.5% per annum. Rates for statutory benefits are assumed to remain constant, except for the significant rate increases for the state pension systems.
- **Retirement Packages** – The district has no existing golden handshake programs. There are a handful of early retirees who receive \$5,000 a year for 20 or 25 days of service for up to five years. The projections show the cost for early retirees to be flat.

The district provides health benefits for life for employees hired prior to 1988. An updated actuarial study was done in July 2019 projecting the long-term liability of that obligation. The expenditure projections for health benefits incorporate the estimated annual cost increase of this obligation.

- **Other Expenditures** – The decrease in projected costs for books and supplies and capital outlay is the result of covering some COVID-related expenditures with COVID funding sources. An increase in services and other operating expenditures is primarily the result of an unexpected insurance premium increase and additional utility costs. Inflationary increases for the two future years are built into the other expenditure categories.

## **General Fund Transfers**

---

There are no General Fund Transfers in 2020–21, either into the fund or out of it.

## **General Fund Projected Ending Balance**

---

The projected unassigned and unappropriated ending balance is \$4,337,367. The ratio of ending balance to projected expenditures is 6.4%. When the Special Reserve Fund is added to this projected ending balance we see the reserve level increase to 11.6%.

## **Other Comments**

---

Estimates of attendance for state revenue purposes have been adjusted to reflect actual enrollment. Collective bargaining agreements with employee groups have been (or are shortly expected to be) settled for the current year. The district can anticipate a positive cash position as of June 30, 2021.

## **Other Funds**

---

### Deferred Maintenance Fund

The state no longer provides funding for deferred maintenance to basic aid districts. We have included a transfer of \$300,000 from our Bond Fund even though that is no longer required under the state budget flexibility provisions. The budgeted expenditures reflect estimated costs for repairs and upkeep of our facilities.

### Special Reserve Funds

The district maintains two special reserve funds.

- Special Reserve Fund for Other Than Capital Outlay Projects – This fund was initially established with a \$100,000 deposit of Measure A proceeds. Over the years one-time revenues (such as insurance rebates) have been deposited into this fund. Four years ago we transferred a significant amount from the General Fund into this fund for an additional reserve as a basic aid district. Interest earnings are the only source of revenue projected for this fund. No expenditures are planned, as the fund is used to maintain an adequate reserve level during times of fluctuating state funding.
- Special Reserve Fund for Postemployment Benefits – This fund was established in order to set aside monies to pay for future retiree health benefits, as actuarially determined under Governmental Accounting Standards Board (GASB) Statement # 45. The district transferred \$1.2 million from the General Fund in 2010/11 to begin funding our future liability. As noted in the latest actuarial report we no longer have a need to maintain monies in this fund, so we transferred most of the monies into the other special reserve fund two years ago.

### Building/Bond Funds

The Interim Financial Report combines these two funds into one.

- Building Fund – Revenue projections include Eastbrook School lease revenues as well as interest earnings. The fund is used to pay for minor or emergency repairs, as well as the rental of portable buildings for the Bullis Charter School.
- Bond Fund – This fund has been used to track the expenditure of general obligation bond proceeds from the 1998 bond measure and is currently used to track expenditures related to the district's 2014 bond measure. Revenue estimates reflect rental income from the newly acquired 10<sup>th</sup> site as well as donations from private sources. Expenditure estimates reflect the cost of master planning the new site, site inspections and testing, and costs associated with implementing the Transfer of Development Rights (TDR) program.

Capital Facilities (Developer Fees) Fund

The estimate of developer fee revenues remains roughly the same as at 1<sup>st</sup> Interim. The fees are used to pay for portable classroom buildings at all of our schools, as well as additional furniture and minor reconstruction of existing space to house more students.

Bond Interest and Redemption Fund

This fund is used to record the collection of taxes for the retirement of debt on the district's general obligation bonds. The county controller, not the district, has responsibility for setting the tax rates and developing and monitoring the fund's budget.

**S8. Status of Labor Agreements**

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

**If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:**

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
