

Emery Unified School District

Presented by:
Dr. Karen Steele and Dr. Mila Kell

Date: 3/10/2021

Types of Summer School Offerings

- Extended School Year (ESY) for students with disabilities (in-person)
- Extended learning and academic intervention (in-person)
- Academic enrichment (in-person)
- High school credit recovery (in-person)

Extended School Year for Students with Disabilities

Purpose:

The purpose of ESY is to provide specialized support to students in order to maintain their current skills levels and prevent regression due to a break in the school calendar.

Outcome:

The anticipated outcome would be that the time required to recoup any lost skills would be minimal.

	Prep 2 half- day>start		6/17 & 6/18 + W	1 hr/day + 4.5 hrs/wk	\$4,464
	Materials				\$300
	OT	TBD	5 weeks	12 hrs/week	\$6,600
	Speech	TBD	5 weeks	16 hrs/week	\$8,800
	Inst Asst	TBD	20 days	3.5 hrs/day	\$1,400
	Behavior Aides (4)	TBD	20 days M,T, Th, F	3.5 hrs/day	\$12,600

Summer School Academic Intervention

Purpose:

The purpose of this program is to remediate the learning loss for students who were not engaged during distance learning or were struggling academically.

Outcome:

The anticipated outcome of the program will be to advance students' attainment of the grade level standards to facilitate success in the academic year 2021-2022.

Summer School Academic Intervention

Content and Structure:

- Program eligibility
- Mathematics and literacy
- Grades 1-8 and HS credit recovery
- 13-15 students per grade
- 6/28 - 7/23; M, T, Th, F from 8:30 - 12:00
- Two PD days - 6/24-6/25
- Targeted intervention programs

Budget:

- Personnel: \approx \$75,880
- Materials and supplies: \approx \$25,000
- Total: \$ 100,880

Academic Enrichment

- Enrichment program based on Verizon Innovation Grant
- MS students
- Summer school is the extension of the existing after-school enrichment program.

Entrepreneurial Mindset

Creativity & innovation, collaboration, adaptability, critical thinking & problem solving.

Design Thinking

Empathy, define, ideate, prototype, test and refine

Sustainability

Economic, environmental, societal pillars. SDG alignment

Technology

Immersive Media, Smart Solutions, Artificial Intelligence, Digital Product Innovation

Intervention and Credit Recovery at ESS

- Flexible digital student options for summer school
- Self-paced
- Helps students earn recovery credits to meet their academic goals and to graduate
