To: "info@pasoschools.org" <info@pasoschools.org>

Good Evening

My name is Lisa Law. I am writing in regards to open session item J.2. Measure M Project Priorities Aquatics Complex. As a third generation Bearcat graduate (Class of 1994) and the mother of a fourth generation Bearcat (Class of 2034), I really hope that the school board gives the SWIMPASO group the go-ahead to pursue any and all means of fundraising and grants that are available to finally get the aquatic complex built. Our Bearcat Aquatic student-athletes deserve to have quality and regulation facilities like their fellow Bearcat athletes have to practice and compete in. Its been well documented and debated that some of the complex equipment was bought prematurely, but that is not the fault of these student-athletes. It's time to move forward and get this project completed.

Thank You

Lisa Law

Dear Board Members,

Once again, we are having to fight for the Aquatic Complex that we voted for. As I understand it the funds raised for the complex are in jeopardy of being reallocated for something else. That seems like a "bait and switch" situation and should be illegal.

With all of the craziness going on in our world, please help us restore faith in our community leaders and the voting process by keeping promises. Our kids have had enough taken away from them. Let's show them they can actually count on us by making this complex happen!

We implore you to work with Swim Paso to build and complete the promised Aquatic Complex as promised and planned and in a timely fashion.

WE SWIM PASO!

Dr. PRJUSD School Board,

We reached out to each of you individually, and also sending this to your general mailbox regarding the aquatic complex. Our three daughters attended PRJUSD and in high school were three sport athletes. Those sports included swimming and water polo. The lack of a decent pool was definitely challenging. We did the best we could with what we had, but always felt our program would be so much stronger and more vibrant if we actually had an adequate facility. We supported the bond and were hopeful that our district would finally have an aquatic complex. We encourage you to support building the Paso Robles Aquatic Complex as designed, and work with Swim Paso Association (SPA) to make it happen in a timely fashion. We voted for Measure M in confidence that the Paso Robles Aquatic Center would be built as planned. Our community is a destination location, and adding an Aquatic Complex opens up many opportunities to bring swimmers and water polo players to Paso Robles for competition all the way up to CIF levels, even hosting Junior Olympic events! The pool can also provide the community with water safety and swim lessons and the proper supervision for a successful program. Thank you for your consideration.

Sincerely,

Lisa and Steve Pugh

To: info@pasoschools.org

To: Paso Robles Schools Board of Trustees

I am urging you to reaffirm this pool project so that SWIM PASO can work on applying for a \$3 million state matching grant. It is required that they have an MOU with the district to apply for the grant. The timing of the grant proposals is crucial and tonight you can move this long awaited project ahead.

Swim Paso is a dedicated group of citizens that have worked for years to bring a swim complex to reality. I believe the due diligence they have done on the possibility of a swim complex and the operation of a complex is extraordinary for a volunteer organization.

As a past school board member for 20 years I was asked to sign the ballot measure M. I did so reviewing the projects presented and then worked to get the measure passed. I would like to see the school board committee to those projects listed. The Pool Complex now has the opportunity to find funding from an outside source to be matched by our measure M funds. Now is the time for action. I urge you to move ahead tonight and commit to working with Swim Paso and authorize an MOU to apply for this grant.

Thank you for your time and consideration.

Regards

Dee Lacey, past school board member 1976-1996

Dear School Board Members,

I am writing to encourage you to build the Paso Robles Aquatic Complex as designed, and work with Swim Paso Association (SPA) to make it happen in a timely fashion. We voted for Measure M in confidence that the Paso Robles Aquatic Center would be built as planned. We also donated to Swim Paso personally, as parents of a water polo player and swimmer at Paso Robles High School. We had every faith that our son would have the opportunity to swim in a new pool during his high school career. Unfortunately, it is his junior year and that will not be his reality given the current circumstances of our district. However, we truly hope that future bearcats have this opportunity because it is well deserved and long past due for them to have a decent pool. Last year the men's water polo team were league champions, and the commitment of the current coaching staff is undeniable. With a regulation pool and the excitement of a new facility, the bearcat water polo and swim programs would flourish. It makes sense for Paso! We appreciate your support for our bearcats.

We Swim Paso!

Thank you,

Jason & Julie Domingos
