

Reopening Update

March 25, 2021

Elementary Reopening

TK-5 have both started in the Hybrid Model

Speech and Resource Services continue to be provided through Distance Learning at this time

CDC and CDPH have changed their distancing guidelines and San Mateo County Public Health is expected to change their distancing guidelines next week

Based on the probable change to SMPH distancing guidelines, the District is beginning the necessary steps to increase in-person time for students in the Elementary Hybrid Model

District response to new distancing guidelines is a process and takes planning, collaboration, Board action, negotiation and County approval.

Middle School Reopening

Due to enrollment - Able to do 4 days on campus, rather than the A/B Paired Day

Phased approach can be faster than previously expected

Stakeholder Advisory Team

Stakeholder Advisory Team begins in April

Task: Provide input and feedback to the LCAP/AB 86 Plan/ Fall Reopening

Composition includes: parent and staff members representing each school site

Meetings begin following Spring Break

Fall Planning

The goal is to return as normal in the Fall of 2021-2022.

The usual Fall Plans Survey is going out after Spring Break.

There is no requirement to continue any Distance Learning, however, there have been some individual requests for DL so...there will be a question on the survey asking whether your child will need Full Time Distance Learning for the 2021-2022 school year.

"Will your student require a FTDL option for the 21-22 school year and will not return on campus for the year.'

Annex survey and registration have started.
