newcomer program, shall be exempted from any graduation requirements adopted by the Board that are in addition to statewide course requirements. This exemption shall not apply if the Superintendent or designee makes a finding that the student is reasonably able to complete the requirements in time to graduate by the end of the fourth year of high school. Within 30 days of the transfer or of the commencement of participation in a newcomer program, as applicable, the Superintendent or designee shall notify any eligible student of the availability of the exemption and whether the student qualifies for it. (Education Code 51225.1)

(cf. 1312.3 - Uniform Complaint Procedures)

(cf. 5145.6 - Parental Notifications)

Optional Five-Year Program*(cf. 6173 - Education for Homeless Children)*

(cf. 6173.1 - Education for Foster Youth)

(cf. 6173.2 - Education of Children of Military Families)

(cf. 6173.3 - Education for Juvenile Court School Students)

Given the district graduation requirements, the San Mateo Union High School District makes available a five-year high school program option for some students who enter district schools with no English proficiency (ELD I). The most salient feature of this five-year path is that it offers students an additional year to acquire the English they need and to take the classes required for graduation that they are unable to access as they learn English in ELD I classes.*(cf. 6175 - Migrant Education Program)*

When an ELD I student enters the district, counselors should create a graduation plan to determine if the student will need a 5th year to graduate. Counselors will create individual learning plans for qualifying students that will be reviewed on an annual basis to assess progress toward graduation. Each student's plan will list the coursework and the sequence necessary to meet District graduation requirements prior to the student's 19th birthday. When a student is approaching 18 years of age and is not behaving appropriately and/or advancing towards graduation, counselors will use these reviews to discuss options for alternative education programs.

All students who are placed on the Five year Plan will still have the option of completing their graduation requirements in four years.

Retroactive Diplomas

Any student who completed grade 12 in the 2003-04 through 2014-15 school year and met all applicable graduation requirements other than the passage of the high school exit examination shall be granted a high school diploma. (Education Code 51413)

In addition, the district may retroactively grant high school diplomas to former students who: (Education Code 48204.4, 51430, 51440)

1. Departed California against their will while in grade 12 and did not receive a diploma because the departure interrupted their education, provided that they were in good academic standing at the time of the departure

Persons may be considered to have departed California against their will if they were in custody of a government agency and were transferred to another state, were subject to a lawful order from a court or government agency that authorized their removal from California, were subject to a lawful order and were permitted to depart California before being removed from California pursuant to the lawful order, were removed or were permitted to depart voluntarily pursuant to the federal Immigration and Nationality Act, or departed due to other circumstances determined by the district that are consistent with the purposes of Education Code 48204.4.

In determining whether to award a diploma under these circumstances, the Superintendent or designee shall consider any coursework that may have been completed outside of the United States or through online or virtual courses.
